Beautiful, innocent Delyse has been waiting for three years to be claimed by her dragon-shifter husband, Eric Drekinn. Eric's Beta, Viggo, bought her for his Alpha, but now they are both waiting for the next solar eclipse, when the ancient dragon will rise from his long hibernation. Unfortunately, Delyse finds it hard to wait patiently when the charming, handsome Viggo is just within arm's reach. Before she knows it, she falls madly in love with him. It's wrong, it's forbidden. She belongs to Eric, and she doesn't even know if Viggo feels the same.

When Eric Drekinn rises from his deep sleep, his young bride is there to offer herself to him. He's afraid to love again, but Delyse is everything he could wish for. Then, he starts suspecting there might be something more than friendship between his bride and his Beta, and he isn't sure how to react. On one hand, Delyse belongs to him. On the other hand, Viggo is his best friend.

Eric's choice will surprise both Delyse and Viggo.

#### Don't miss this one!

I thought she had me with The Hidden Alpha, but Claimed by the Dragons has got to be my favorite book by Cara Wylde to date. It's sexy and has a rich and complex plot which ties the whole Alma Venus universe together. Delyse Harrington has really come into her own, from having been the delicate little girl donated by her parents to the Alma Venus boarding school to the woman loved by not one but TWO hot noble dragons. It's different from the other relationships in this universe, and it does not disappoint. The author wrote these characters so well, I found myself salivating. Love it, highly recommend it for lovers of paranormal romance and ménage!

### Jenny Brightman Harris says

I received this book as an ARC for an honest option.

In this book we meet Delyse, Viggo, and Eric. In this book Delyse has gone to Alma Venus for the express reason to be bought for an alpha. When she is bought to be the new bride for the Clan Drekin. The thing is she has to wait 3 years to meet him. Eric has been in a deep sleep and will not awaken until the next solar eclipse. So as she waits she meets with his beta Viggo. The problem with this is during these meeting she realizes she has feelings for him. This is a problem because he is not the man she is promised to. What will she do will she follow her heart or honor her obligation?

Viggo has been looking for a bride to bring their alpha out of hibernation. Though Viggo believes he has found the perfect woman to bring the alpha out of his slumber the more time he spends with her the more he realizes he wants her. Viggo is not only Eric's beta but his friend as well and he would never betray the trust and respect that he has for Eric by taking his bride and stopping the chance of bringing their dragons back into the world. The question is can he watch his best friend and the woman he loves be together or will it break him?

Eric awakens to find a woman in his sleep chamber and wonders if he can handle having another bride just to lose her. Eric has lost many brides due to the fact that humans don't live as long as dragons and are more susceptible to diseases. Eric can't handle losing another woman he has fallen in love with so for centuries he has been in a hibernation to avoid any attachments. When he first awakens he hears Delyse tell him that her father is a scientist and has been working on a cure for the dragon's mating. Her father is working on a way to ensure that brides of shifters can live as long as the shifters do. When Eric hears this he finds himself staying awake through the eclipse and willing to give Delyse and her father a chance to give him a real mate. The problem he finds is he can't be tender he is gruff, take charge kind of attitude. He knows his bride wants more but he doesn't know how to give it to her. What will happen if he can't give her all she needs will the cure even be needed if he drives his bride away.

In this book we find a woman who is willing to go to a special school to ensure that a race can continue with her help. Eric knows his short comings but isn't sure he can do what needs to be done to make her happy. Viggo also wants to make her happy but isn't sure what the best way to go about that is. He knows he can't fight for her but will letting her go hurt her even worse. I would like to say more about what happens in the

book but as a reader I like to find the surprises so I won't say much. It is an amazing book that will have you hooked from the first work to the very end. I would highly recommend this book.

\*explicit content\*

Delyse was volunteered by her father to be a shifter bride and she has been raised to do just that. Getting to know the Drekkinn Clan and spending time with Viggo has been the highlight of her three final years at the academy. She has only admitted to one other person she fell in love with Viggo and does not know what to do. Viggo only told his sister and he cannot agree with her opinion on what to do. He decides to avoid Delyse. Eric is a cold Alpha, from his many years hibernating and of necessity to lead the clan. He is also very astute. Delyse's father is trying to convince the Council to back the research in a shifter venom cure and create hybrids out of the human, shifter brides.

#### **Good read**

Reading about Delyse's story was interesting, I really liked Viggo, he was sweeter, Eric. Seems to have excuses to act the way he does. Although she does get what she wants in the end.

### **Nikki Brooks says**

Delyse (aka Lily Harrington) is a Donation at the Alma Venus. Trained to be a shifter bride she knew she would be claimed by the Alpha of the Drekkinn Clan, when he finally woke up from hibernation. In the meantime she has been visited by Viggo, his Beta. But as his wakening approaches she is whisked off to Norway to meet her intended. When she finally meets Eric, he is not what he expected. He is dark to Viggo's light. But how can she possibly tell this all powerful dragon that she has feelings for his Beta?

Eric has been in hibernation for a long time. He is tired of losing his brides because he can't change them into dragons and therefore they live short, human lives. There is a real possibility of his clan falling apart if he doesn't get his act together. But when he finally claims Delyse, will his distant and autocratic ways send her into the arms of another?

Brilliant story line. I loved how the strong, alpha males managed to put aside their own wishes and wants to do what is best of their mate. They realise they are both what she needs and the happy triad they can make. Loved the vivid descriptions of wintry Norway and the clan castle. Viggo's sister is an absolute gem and I hope she can get a story of her own!

I was hoping after finishing her "Sold to the Alpha" & "The Hidden Alpha" series, that Cara would continue on somehow & tell the stories of Avelyn's other 2 friends from the Alma Venus Boarding School. So when I started reading this, you can imagine how happy I was when that's exactly where I found myself again. This time reading about Delyse (aka Lily Harrington) & her sleeping Alpha mate to be.... in Cara's new series "Claimed by the Dragons".

I would highly advise you to read Cara's "Sold to the Alpha" then "The Hidden Alpha" before you start to read "Caimed by the Dragons"... but it's not a must, there is spoilers for the previous series in this series. Cara has added as much detail in this as she has with Avelyn & Amelia's story, you almost feel like it's you there & your not just reading it.

It's been 3 years since Delyse has been brought for her sleeping Dragon Alpha, 3 years in which Viggo has been visiting Alma Venus & preparing her for her meeting with Erik. Having to wait till the next solar eclipse to talk him out of going back to sleep, it's finally time for Delyse to start her journey towards becoming the Alpha's mate.

OMG what an ending, I NEED to read the next installment soon, please don't make us wait too long Cara, I need to find out what happens next.

WOW talk about explosive, DAAAMMMMN

Ms. Wylde knows what we want.. I'm was so excited reading this book, I just couldn't get enough of her characters, right from the start.

And if you think you can put it down guess again, if your lucky 5 minutes might go by. You have to pick the book up again to see what happened next. I totally recommend this book

it is so intriguing , let's not forget the sex, boy do dragons have fire!!

Lily Harington aka Delyse has gone to

Alma Venus Boarding School, for the last three years with frequent visits from the Beta Dragon Viggo of the Clan Drekinn. Now Delyse fantasized but Viggo the Dragon yes, in those three long years Delyse had feelings for Viggo. But she was promised to Alpha Eric Drekinn, Viggo's Fyrstur.

Eric Drekinn the Clan Drekinn's Alpha had been in hibernation for 700 years. All this time his beta Viggo took care of everything for the Clan, for Eric, even trying many time too wake him. Which did not work. Why he even went so far as to interview and pick his bride. Now picking her up from school, so she can wake Eric up, it was time. I was gifted this ARC for an honest and truthful review.

## **Anna Low says**

This series keeps getting better and better. Of course it had to be Delyse (Lily) who ends up with 2 mates and I love the way the author did it with a slow progression that felt right and not forced. I am looking forward to reading the last book in this series.

### **CLAIMED BY THE DRAGONS-A FIERY WERE-DRAGON ROMANCE!**

This story focuses on; DELYSE, a blue eyed, intelligent, blonde haired beauty; ERIC, the gorgeous golden eyed powerful dragon shifter, and Alpha of the Drekkinn Clan; Viggo, the strikingly handsome, powerful dragon shifter, and Beta of the Drekkinn Clan.

What you'll find in this story; A cast of amazing impressive and engaging characters, spectacular story-line, picturesque and powerful vivid scene descriptions, heart rending moments, phenomenal banter, camaraderie, spiraling emotions, sky-rocketing heart-throbbing sensual romance, and a melt your heart ending that leaves you content and wanting more.

Eric has been asleep for seven hundred years, and will awake during the coming solar eclipse; dragon magic is strongly linked to the solar eclipse as it can wake the dragon, and also put them to sleep. Delyse was sent by her parents to the Alma Venus Boarding School for shifter-brides. Viggo has bought Delyse for Eric in the hopes that when he wakes, he will stay awake for his new bride as the clan needs their alpha. Delyse has prepared what she will say to convince Eric to accept her as his bride and not succumb to the sleep again...

FANTASTIC intriguing fast paced well written read by a genuinely gifted author. The characters spring to life with the fabulous dialogue, and breathtaking scene descriptions. The romance is more than convincing, and is filled with fiery passion and unwavering devotion. I really enjoyed reading this story as it was sweet yet powerful, and had my full attention from start to finish; a most entertaining read. If you treasure dragon shifter romance, this is definitely an excellent book for your library. In the world of shifter romance the possibilities are endless and always fascinating. {I was gifted this book and this is my honest review}. I highly recommend this book.

## **Tanja says**

this is a stand alone story but it does help if you have read "sold to the alpha" and " the hidden alpha". it helps forming the bigger picture in the red thread story that runs through the books.

we're introduced to viggo as he steps in the help clan blackmain, but also happens to arrive to buy a bride for his alpha. viggo knows he's made the right choice for his alpha but the worst choice for him. but dragon law is dragon law, a beta can't take a mate before the alpha so he has to wait. years pass with many a visit, and each time viggo realizes the predicament he's put himself in for delyse has rooted herself firmly inside of his own heart.

three years have passed and viggo arrived for a final time, this time to bring delyse to the castle they're living in. as hard as it is for him to stay neutral he picks up very clear signs the delyse may have the same feelings towards him.

if that is so how will she be able to rouse eric from his 700 year long slumber? let alone convince him to stay awake?

delyse feels confused by everything. the feelings that stir inside when she's near viggo are something she never felt before, but she also knows she can't give in to them. that's not what she's here for!

she's here to convince eric she's the perfect bride for him, that he won't lose her to old age and that he'll have

more children.

eric is lured towards the frail beauty in his cavern, enough to stay awake and lay claim on her there on the spot. if what she's told him is true it may be worth it to stay awake!

but belief and reality are two different things! there are quite a bit of hoops that need jumping and now they have all the right pawns in al the right places. but even then things aren't going smoothly. delyse is feeling bereft, eric is wonderful when he wants to be but somehow he doesn't fulfill all her needs, needs that viggo picks up on like a natural but can't give to her. she's his alpha's mate, not his!

will there be betrayal or does eric really wake up and makes a good assessment of his situation and the solution for it?

it's a fast paced story that fills in some gaps on how things are moving forwards after the second book ended. the turmoil and emotions in this one were vivid and real, so was the heartache and surprise! a very good continuations of this series!!

Title: CLAIMED BY THE DRAGONS

Series: N/A

Category /Genre: Paranormal Romance

Recommended for: 18+ due to sexual content

Grammar/editing: book received as an unedited ARC / errors excused

Received from: Aurora Woodlove (in exchange for an honest review)

This is a stand-alone novella related to several other books created by Cara Wylde.

In this world concept, as part of the contract between the shifters and the humans, some girls are sent to special boarding schools where they are taught to be brides to the alphas who buy them. Most of the girls are orphans and this is a better chance at a good life than they could otherwise expect. Delyse's has been promised to the gold dragon, Eric Drekkinn, purchased by his Beta, Viggo.

An impressive and engaging story. Torn between two loves. Torn between obligation and passion. Delyse is determined to do what is right, never dreaming that sometimes you will be allowed to have your cake and eat it too!

There was enough mention of Delyse's friends and their mates to whet my appetite. I want to read more about the girls at the Alma Venus School!
