Sarah says

I'm not sure how I feel about the focus being shifted to a different character randomly for only one book, but it was nice to learn a little more about Parker.

PinkLies says

Very good book. Well written and pretty accurate. I ended up giving my Thoroughbred the show name Foxglove because of this book. It holds a special place in my heart and ignited my imagination.

Arielle Walker says

Came across my 2003 school reading log, so figured I should enter these books in too. In the words of my ten-year-old self, this book was: "Excellent!"

Actually, thinking back I'm pretty sure I've read every single one of the Thoroughbred series...
