F*ck Toy

Natalie Bennett

**F*ck Toy Natalie Bennett
Kidnapped. Tortured. Corrupted.**

I was kept in the dark.

I lived in a cage.

He kept me for two years.

He woke the Devil inside me.

And then he left me to die.

He has no idea I'm alive.

Now it's my turn.

Heather says

This was my first short-story/book by this author and it was very erotic in a twisted sort of way. Stick with it to the end if you are struggling with the "triggers" in the opening pages as it eventually makes sense in a fantasy sort of way. I liked how the mystery of the story pulled me along and the sex scenes made me squirm...in a good sort of way. Like the victim in the book, I was appalled at how much of a delightful, physical reaction I had to the warped scenarios. Shame on my inner slut, shame, shame.

Philomena Callan Cheekypee says

This is another of those holy wowzers what have I just read stories from this author. If you like her dark stories then your going to love this read. It's a quick read but a great one. Like previous books I've read by her I just didn't want this to end.

If you like dark reads then just jump in. The blurb is a teaser of what to expect. The author knows how to play with your head. Here was me loving this story and thinking I must have a warped mind to love it lol

Seriously can't wait to see what else this author writes. I don't think it would matter as I'd read it anyway.

Kinky Minx says

A banned book ... at first this book is named as F*ck Toy which I found really attractive.

The story is great, plot thick and excitement from each chapter I read increases.

J, a psychopath who kidnaps any girl he wants, lock them in a cell and use them as a f*ck toy. In reality, J owns a real estate company, rich and married but totally f*ck up mind! His wife Minnie knows about all his doings and never minded a bit of it.

Harper, on the other hand, a strong-minded woman who was being kidnapped and stay strong to stay alive. She was kidnapped during one of the cold nights in winter. J planned it all along and locked her up in the cell. J always think Harper is her special one but Harper hates him to death.

Harper is lucky, after her attempt to run away but unfortunately, J pulled her back to the cell and lock her up with other girls and continue to break her until she begged to die but Harper never wanted to die.

The whole story reminds me of another book - The Lovely Bones. I have no idea how to comment on this book, my head is blank and all I want to know is how on earth is Harper going to revenge. While reading I feel what Harper feels, it's not a good feeling at all. Trapped and locked is the worst nightmare for any girl and woman, this is all I can conclude about after reading. I really like Harper, she doesn't panic and always seeking a way to stay alive and hope to escape.

I seriously want to continue to read the story, however, I will have to wait for the next book. Hopefully, the author will write about J's psychopath friends. 4.8 stars, not one single page I find boring, the excitement

from reading this book keep increasing and increasing.

Highly recommended to read not because the story is sick f*ck and all psychopath from all the other normal erotica novel, read this book because you should know the world is surrounded by psychopath near us daily and as a woman, we should always be aware of our surroundings.

Recommended to everyone but be warned in this story you won't find anything other than monsters.

Shatarupa (Shaina) Dhar says

Reading a dark erotica after a long time.

Depredation: An act of attacking or plundering.

Before the book starts, the author forewarns that this is not a romance, that the characters don't have any redeeming qualities, and that it is not a love story (and that it includes extreme violence). And still this Mills and Boon romance reader is giving in to her crazy side and gonna read it anyway.

Harper Roseanne Lane is with her therapist, whom she is visiting for the past seven months on her parents' insistence, and she just states that she is a fucked up person. After reading all that she has to say, I'd say I agree with her!

I spent two years of my life as a fuck toy to a sadistic psychopath who had just as much fun torturing me psychologically as he did physically.

She was kidnapped by J, who now thinks she is dead. And then starts Part One with a flashback. The book is written in the first person, alternating between the POV of Harper and the mystery man J (I would applaud the author here for the twist that is his name!). It gives complete Dexter-esque feels.

Harper works at a gas station. It is a late night, snowing heavily, and a customer comes in, covered from top to toe, with only his silvery eyes visible. From the first meet itself, Harper has an uneasy feeling about him. And that is confirmed when he comes back to kidnap her.

All my girls went through the same thing. They had to be broken in and initiated.

In Harper's words, he is a deranged psychopath. And I couldn't agree more. He is the most depraved anyone can ever be. Having a wife on the side, Minnie, who knows about it all, is just gross. After I started this one, I was so disgusted with J (who wouldn't) but kept on reading just to know the ending. As disgusting as the scenes are, thankfully the author didn't drag them. And when it's revealed how he became what he became, it was nothing less than shocking!

It improved a bit when I got to this:

He deserved to reap everything he'd sowed.

At last, all I would say is: It was totally cringeworthy. But what a bloody revenge story! Full of blood and gore. Aaargh!

This is my first Natalie Bennett, and I think it'll be my last, I simply can't stomach this depraved shit.

She has a penchant for writing about villainous immoral men and crazed anti-heroines and tends to deviate from traditional HEAs.

P.S. There is a playlist at the end of the book, mostly consisting of hard rock/heavy metal songs. Now I definitely know that this book was not for me. I'm more of a Fifty Shades/Takeover kind of reader.

KAT ? Kitty Kats Crazy About Books ? says

*I spent two years of my life as a f*ck toy to a sadistic, psychopath that had just as much fun torturing me psychologically as he did physically.*

F*CK TOY: Is a standalone short read, dark novel by Natalie Bennett.

Harper had been held captive by a man she calls J for two long gruelling years, *seven hundred and thirty days. Seven thousand five hundred and twenty hours* to be precise.

She's never going to be the same again, no amount of therapy or talking about her ordeal will make her better, it is what it is, it happened, there's no getting over it.

Don't go into this thinking all the feels in the world will come at you, because they don't, it's dark, it's gritty, it's not even a romance novel. You may not even connect with the characters.

This is a short, quick read, jam packed of goodness that will tick a lot of dark lovers boxes.

This isn't the first girl **J** has captured and held against her will, Harper was his lucky number 7.

I'd scare her shitless, deprive her senses, and screw with her head so much she'd start to think that I was a fucking god.

The only reason why this wasn't a five star read for me was the abrupt ending, you could even say it ended on a cliffy, I'd felt like I'd been robbed, I wanted her wraith, I wanted his tears, I wanted his pain, but sadly we got none of that because it all just ended but at the end of the book the author has stated that her next book '*Devils with Halos*' is loosely connected to F*ck Toy. So who knows? Maybe we do get closure?

Brit says

Ahhh. I read this in about an hour to an hour and a half before i had to be at work . It might be short but it packs a punch. This is dark and depraved and thats what i love about Natalie's writing. This book takes me back to why i love her writing. It reminds me of the love obscene series and that was my first ever book ive read by her. This novella is a must read for dark fans.

Kim BookJunkie says

5 star story but needs to be proofread....

“I spent two years of my life as a fuck toy to a sadistic psychopath who had just as much fun torturing me psychologically as he did physically.” “My friends and family needed to understand that the girl who was taken is not the same girl who came back.”

Prior to this book, I'd only read one book by Natalie Bennett, MERCY. I loved the darkness and depravity but was very frustrated by how poorly edited MERCY was. Because MERCY was her first or one of Bennett's first books, I agreed to give her another chance by reading DEPREDATION. Unfortunately, it quickly became apparent that her editing has not improved at all. DEPREDATION was riddled with typos, grammatical errors and straight up messy editing. Careless, easy to fix errors such as, “I saidfirmly” and, “Lifting a stand of her long brown hair,” were rampant. Also, sentences containing missing or extra words such as, “Her tits were the just the right size” were common. I found these errors to be very, very distracting, especially knowing that Bennett could easily pay under \$100 for a proofreader, resulting in a fabulous, 5 star book! Somehow I was somehow able to ignore the numerous typos and enjoy the story which was really dark and disturbing... I LOVED Harper and J's story!!! It's a brief book with no extraneous material or filler, Bennett getting straight to the dark storyline. At times I did wish there was a bit more though, specifically in the end when things end extremely abruptly. Overall, DEPREDATION is a fantastic story that is poorly edited.

Snow says

So, this is calssically good *Natalie Bennett* in her almighty dark powers.

As she says herself, this is **NOT a romance**.

NOT. AT. ALL.

So, don't go fooling yourselves in thinking you can redeem and excuse and forgive this anti-hero's actions.

He's a fucking villain in his true dark mode and yeah, he pays for his malescent deeds in the end. So, hell yeah, it was worth it LOL

Dark, twisted, ugly, vile and depraved.

And very well written.

and it demands an acquired taste.

Arc Book Review

As per usual this author managed to deliver a completely corrupt tale filled with depravity and vicious immoral behaviour.

This author is the master of this type of fiction managing to deliver such dissolute debased conduct while still also somehow hooking the reader like a fish on a line.

You so want to look away in horrific denial but It's almost like you just have to watch so great is the compulsion and magnetism of the scene set before you.

The basic premise here is the kidnapping and incarceration of young Harper and the trials and tribulations she has to endure to escape from a nightmare at the sadistic hands of her kidnapper J.

She is not the first visitor to J's basement prison but she's determined to be his last.

Kept in squalor and filth by her Jailer Harper is prepared to do whatever it takes to survive her abominable ordeal.

Told from two points of view Harper and her captor this is a dark tale of extraordinary extremities and the resilience of the human spirit and psyche.

I also really adored the karmic justice this deviant narrative imparted it left me with a feeling of deep satisfaction and an almost gratification for the fate it eventually delivered to those deserving of such torments and tortures.

The only reason I haven't scored this higher is that I would have myself liked a slightly more drawn-out process with some added closure when it came to the finish here.

It seemed to end rather abruptly which I was not a big fan of.

But as usual, a fabulously unique endeavour that certainly stand out in its genre.

Oh and I should probably mention as well that this is not a romance; nope not at all, if I had to classify it I would say erotic horror is probably the closest term to describe this.

Thank you to the author for providing me with an ARC of "F*ck Toy" of which I have reviewed voluntary. All opinions are entirely my own.

Expresso-Girls Just Wanna Have Books ; A Mafia Romance says

I have mixed feelings about this story. The story line is fabulous but the presentation is lacking. It pains me greatly to admit it because Bennett is one of my favorite authors.

Several elements confused me, the story seemed rushed, and the scenes are incomplete. I'm unsure of the ending. I think my copy may have a few pages missing.

I think with a bit more editing and additional character and scene development, this story could be phenomenal!

2 stars!

Disclaimer: This review is my personal opinion of this story. As usual my personal opinion should have ZERO influence on your experience with the story. With that being said, read, enjoy, and leave a review!

Eve Recinella (Between The Bookends) says

This was classic Natalie Bennet. Super Dark. Super Twisted. Majorly cringe-worthy. I enjoyed it a lot. However, this wasn't in any way a romance book. So please don't go into it expecting that. And, as much as I enjoyed it, I can't justify giving it more than 3-Stars simply because it was so incredibly short and underdeveloped. On top of that, the ending was so jarringly abrupt, I kind of felt like my ARC copy was missing pages or something!

So yea, not my favorite book by this author. I think it would have made a fantastic full-length book. However, it was still an entertaining read, and it is briefly mentioned at the end of this book that Miz Bennet's new upcoming book *Devils With Halos* is going to somehow be loosely related to *F*ck Toy*. So maybe we will hear more about this characters in that book? In any case, Natalie Bennet is still one of my all-time favorite dark authors, and I for one can't wait to see what she has in store for us next.

ARC

So, I am trying put into words my feelings after reading Depredation and honestly, I am not sure what to even say. It's not a secret that I am a huge fan of darker romances, they tend to call to that dark piece if my soul as my husband would call it. Depredation though, I thought would go one way but went a complete opposite and I don't know if it worked for me, I don't know if I could even really call it dark more disturbing may be the correct description for this one. This is a novella, so a lot is packed into a short length and I think for me this may have been part of the issue. I think this needed to be longer, to really get into the depth that I think the author was trying for. The way it ends as well, leaves us, or me for that matter like this is how it is ended? There just wasn't a sense of closure and I don't know if the author plans to write more to give closure, but I think without it, a lot will feel like I am, like I am missing something.

A??ela W. says

This book to me felt like something was missing and rushed. This book was a dark sick and twisted short quick read that was okay and wished was longer. Harper Lane was kidnapped while leaving work one day ahead of a storm. Jayce Haywood was a sick twisted man who came from a sick twisted family who I would love to read about his mother taught him that it was ok to take what you want. J has a wife who knows all about his activities. Harper is beaten raped and tortured by him for almost two years. I was shocked when Harper ran into his wife Minnie in a grocery store. I was also glad that Harper was able to get revenge. This book was told from both their POV past and present. This book was also fast and the ending I felt it was rushed and I was confused did it end on a cliffhanger? I couldn't tell it left me with a lot of questions. I have read this author before this book had quite a few errors in it. This was not a romance story it was dark and twisted. If you like reading dark twisted tells than I recommend you read this book. I hope that the author writes a book two.
