Goblin Slayer, Vol. 5 Kumo Kagyu , ?? ?? , Noboru Kannatuki (Illustrator) , ??? ? (Illustrator)

A young noblewoman has disappeared while out on a goblin hunting quest. When Goblin Slayer and his party set out to find her, they are stunned to discover a horde of goblins have built their nest within an ancient dwarven fortress...and these ones even appear to be followers of some primitive, sadistic cult! But what troubles Goblin Slayer most of all is their leader, who is stronger and more intelligent than any goblin he's faced before...

Ricardo Matos says

This book is about an adventure. I really enjoyed the hell out of this story. While it's not the most original ever, it was hard to put it down. So yeah, while no masterpiece, it definitely deserves the 5 stars. It was entertaining :D

BB Iowa says

A solid continuation

Another excellent novel in the series, much like volume 2 it is a singular, lengthy mission against a strong foe. In terms of writing, this novel is on par with the very first, meaning it's one of the best in the series. It contains combat, strategy, character development (especially of Goblin Slayer) and, as usual, reminds us that goblins are a bigger threat than many in the series recognize. Some of the implications leveled here are especially harrowing, not just for the group in this arc, but for the future.

The drawstrings are slowly being pulled, there are elements of a deeper narrative and a bigger foe directly connected to the goblins, leading them. We see elements of goblin evolution here, religion most notably, and a disturbing revelation of their ability to think bigger than just stealing what they need. Something is up, and I look forward to future revelations of what it may be.

Despite being the coldest setting thus far, Goblin Slayer seems to have his heart melt ever so slightly, acting more compassionate and caring than ever before. That is to say, more "compassionate" and "caring" by his measure, certainly not by others.

The ending was particularly excellent, matching the closure of this volume while still posing new threats and questions. And, I must say, it was quite endearing as well!

Reza says

what is there to say? it's all about killing goblins...and i'm reading it for killing goblins.5star

Colin Kimball says

No better series has been written

No better series has been written in the genre and if people were more open minded this would be mentioned with Robert Jordan and Patrick Rothfuss pay full price read it and enjoy the bargain
