### **Decent Read**

Honestly, this book was not Lucinda John's best work, but it was decent. Tyreema was very irksome and weak. I got tired of the back and forth between Ty and grimey, hoeish Jerecho. He was very abusive and despicable. I liked Saire, but wondered at what point he and Ty fell in love. I just wish we would have been able to see more of the developing relationship between Saire and Ty. Anyway, in spite of my feelings about this particular book, I will continue support. I look forward to Part 2.

### **Karma**

Jercho cheats on Tyema all the time. But gets mad when she returns the favor. I can't wait til she finds out Neki and especially Jordanny. Lia so stupid. Naria bout to lose her mind

## **Shaybb says**

### **Wow...10 stars**

I gotta say Lucinda you came back 10 times harder from your little mishap with you losing your files. This was a great. There were some parts in the book where I wanted to reach in and knock some sense and courage into Tyreema but I have never been in an abusive relationship so I cannot empathize. What I will say though is that Saire and Sage are what you call real niggas. Lia better go find her real baby daddy!! I swear I can't stand her nor Jordynn. I hope Zaire handles Jerecho no good a\*\*!

## **Ladii Zig says**

Boy when I tell you when the shoe is on the other foot niggas don't know how to handle it. I'ma need Tyreema to leave her no good baby daddy cause he is not a man. Saire is BAE. Excited and can't wait for

### **Alesia Russell says**

#### **Awww Man,Ty is between a rock and a hard place!**

Love most of the characters...Jericho had the nerve to be mad. When his secrets come out, I know Hell is going to break out. Saire and Sage are playing no games. Naria almost missed out. Jordyn is the worst type of friend and deserves Jericho cheating ass! On to part 2.

### **Tina says**

#### **Wat goes around comes around**

Jericho was a piece of mess couldn't wait till ty came him his karma. I just didn't understand her either it was like she live getting best DOWN.

---

### **Taz Will says**

I was really over Tyreema and Jericho going back and forth with their nonsense. I really wanted Saire to win because what he'd gone through not only with his family but with Xandy was enough. I'm hoping she doesn't make it out in the end because she was just too dumb for her own good and all the back and forth was just doing too much.

I can't wait for it all to blow up and when it does if she's still in the picture I'm hoping Saire would've seen that she was just too damaged for her own good. Sage I can't see really dealing with Naire because his age is just not there you for him to really want something long lasting with her especially since their fall out. Not a bad read the author just needs some good editing and to stop phonic spelling without doing a spell check at the very least.

### **Dee Cherry says**

Good read. I really want Tyreema to get herself together. Jericho is evil with his actions & wicked ways. I like Nadia & Sage together. Saire is my favorite character. He is truly a good guy. Storyline held my attention with realistic situations. Looking forward to reading the next part.

#### **AWESOMENESS**

What a web when we practice to deceive I can't wait for her to Catchot wanted his brother here Lord he is just a real thought and I really hope she Mozaun because she definitely to move on from that and Jordan I can't stand that check hope she gets what she deserves she the one who came running over that with them babymomma's and trying to kill him baby why you don't even want her seeing nothing but another thought to him this storyline was off the chain excitement action-packed drama yes I mean drama Al Qurayyat out freaking standing I can't wait for thought

### **Latoya Brooks says**
