Leslie says

Very cute and imaginative quick read. A fictional account of Queen Elizabeth II's diary from when she was 10 and Uncle David abdicated and she and Margaret had to move to Buckingham Palace.

Lots of humorous references to Margaret's missteps as an adult, boys they would like to marry and the corgis.

I can't wait to read the second book.

Leslie says

This is the second book in a series of Princess Elizabeth's diaries. This covers the year of the coronation of her father. The author describes it as faction - fiction based upon facts. We have Princess in the Girl Guides where the other girls have to call her Ma'am, her first and possibly only rides on the Underground and a bus. It is sweet and realistic. A must read for Royal lovers
