First off, I love Louise Hay but I didn't care for this book. I just couldn't relate to many of these stories. I found myself skimming them about halfway through. I was glad I picked this up at the library and didn't purchase it.

Sofia Janeiro says

excelente, recomendo para quem não a conhece, começar por esse.

Deanna says

This book is really just one big advertisement for all her other books. I did not find any value in reading this one. I was looking for uplifting stories, which this book has, but not ones that ended with "buy this Louise L Hay book".

Lori says

An enjoyable read that humbles you to the point where you have to look up to the skies every now and then and be thankful !
