## On Solid Ground K.L. Grayson

June 5, 2008 I made a mistake of epic proportions. Moving home was an easy choice because I knew that I had to make things right. I had hoped to win back Harley's friendship, but I never imagined that I'd win her heart ... or the heart of her son. Now that I have, I'm never letting them go. They're my life, the reason I breathe. We've worked hard to get where we are, and we're finally standing on solid ground. Or so I thought ...

\*\*\*

Tyson's ex-fiancé wasn't supposed to move back to St. Louis ... that wasn't part of the plan. And she sure as hell wasn't supposed to start working with him. I trust him—at least I think I do—but when secrets are being kept and things start to unravel, I'm left wondering if I made a mistake. I allowed myself to fall in love with the only man to ever break my heart.

And now I'm afraid he might break it again ...

This is a Harley and Tyson Touch of Fate Novella and can be read after book #1 or book #2 but should not be read as a standalone.

## On Solid Ground Details

### **Michelle says**

4.5 stars. Loved catching up with Harley and Tyson. I've always had conflicting feelings towards Tyson. Like Harley, it's just so hard to overlook the time in their past when he let her down. At the same time, I admire Tyson for working relentlessly to right all of his wrongs, or at least never giving up on what he wants and fighting for it. Brit comes back and while I don't like her on principle, I found myself warming up towards her and even looking forward to learning more about her in the future. As for Max, he's as lovable as ever. Great follow-up to Harley and Tyson's story.

#### **On Solid Ground**

I love this story!! I am always excited to see a little glimpse after a couple gets their HEA, and this one so far is my favorite! And the epilogue was perfect!! Eep!

#### **5 STAR READ!!**

Once again, KL has not let me down. I probably finished this book in record time. Tyson is still everything you could want in a book boyfriend. The way Tyson is with Max melts your heart and the fact that he wants to make it official, makes you love him even more! After a little, tiny secret, Harley doesn't know if she can trust him fully again, but with a couple days thought she knows that she overreacted. Tyson wants to show Harley that he is 100% committed to her, so he puts together a huge surprise! (Let me tell you, if my fiancé did that, I'd love him forever and ever!!)

I loved the little blurbs for the 2 new books coming out in 2016! I cannot wait to read them! I have a feeling I'm going to fall in love with Connor!

### **Cassie says**

I love Tyson, Harley & Max!!!

---

### **Anne OK says**

A major disappointment. Very short and not much depth to it. Lots of unanswered questions surrounding this particular couple. Makes me wonder if there is more to this story that comes later. Silly editing errors also plagued this one throughout. It's a novella and I expected short, but some defining moments with some solid conclusions would have been nice.

### **Shanea says**

#### **Feel good story**

So I am not sure what I was expecting. This is a feel good love story that I thought would be longer. That may be why it works. Otherwise I would be dissatisfied. Good reads says this is book one but I felt like I was missing something from the story line.

### **Ashley Jasper says**

Sigh...On Solid Ground is the book I've been waiting for in the Tyson and Harley saga and I am so glad K.L. Grayson decided to give it to me. I fell in love with these characters, especially sweet Max way back in her debut, Where We Belong. And yes, you need to read that book to get just how much this couple has endured on their road to where they are now.

My heart went out to Max in the beginning...he was just getting used to his new normal when Harley and Ty throw him a curve ball. His reaction was honest and had me wanting to hug the little guy. But in true Tyson fashion, he is there to save the day- in his words and actions. The relationship between Max and Ty is special and melts me every time I see them together (and it may've made me weepy a time or two).

However, when a blast from the past resurfaces it throws Ty and Harley's world into a bit of chaos. Old feelings of insecurity and unwantedness and the memories of the night that changed Harley's life come flooding back in full force. Ugh- I commend Tyson for having the patience of a saint in dealing with Harley when she was in that state.

I loved that K.L. Grayson brought back the other couples from this series of standalones that I fell in love with. Everyone from Levi to Quinn made an appearance and played a part in Ty's big scheme. And what a grand scheme it was. I loved his big, grand gesture (and it was beyond grand) it had me swooning my heart out. Oh and that little teaser at the end about a surprise characters book...I'm ready for it now!

---

### **Crystal says**

This book was so sweet. I loved reading Ty and Harley's story wrap up. The added drama with the return of Brit... kept me on the edge of my seat.

I have fallen in love with K.L. Grayson and her way with words. This book is no different! If you weren't already in love with Tyson, you will be now.

---

### **Brittany Brasseaux says**

KL Grayson has left me stumbling for words once again. I fell in love with Harley and Tyson in *Where We Belong*, so I was thrilled when she announced that she was continuing their love story with *On Solid Ground*. I love when a book couple gets their happily ever after, but I'm always left wanting to know what happens once they get there. KL did not disappoint with this novella. She has a way of drawing you into the story and giving you that "just one more page" kind of feeling. If you've never read anything by her, you're missing out. This is a novella that should be on your TBR list for this year.

### **Lu Bielefeld \*read.laugh.love\* says**

Não precisava, poderia ter resolvido tudo no primeiro livro.

---

### **Kristy says**

I was so disappointed in this Novella. After I finished reading *Where We Belong*, the only thing that I was left hanging with was why Tyson did what he did and what exactly happened with him and Brit. I thought this novella would give me those answers. It really did nothing. It gave me a bit more insight into their current lives, but it didn't give me any of the answers I was looking for. Very disappointed.

---

### **Sandy Knox says**

## **GREAT ADDITION!**

I loved this book it was a great addition to Where We Belong. I really wish it would have been longer. I would have loved to have had more about Harley and Tyson and Max's life after the wedding and after the birth of the baby. K. L., Can we look forward to another book? I have loved these characters from the very beginning. Harley and Tyson go from the best of friends to, not frenemies but long lost loves. Watching Tyson and Harley come back together and then watch the love between Tyson and Max captured my heart. Where We Belong is now one of my top ten best reads this year. I highly recommend this book to everyone but I extremely recommend you read Where We Belong first.

---

## **G. Small says**

This novella of Tyson and Harley, has an easy-flow and full of emotions and is steamy sexy. It's a must read to get the full impact of Tyson and Harley's story. There's some bumps along the road to their HEA and Tyson has a wonderful surprise for Harley.

---

## **Loz says**

i love k. l. grayson's writing and was really happy to know we had a short novella releasing with more from tyson and harley. it's always great to catch up with characters who you enjoyed previously. this has all of the things i have come to expect from this author, a touch of drama, steamy and swoon worthy moments, plus some cute moments with the family. max stole the show at times, an adorable kid that one. definitely worth reading if your a fan of this couple. there's also a nice look at the end at what's to come and i am already excited for more!
