REVIEW: ONLY FOR YOU is the third full length installment in Beth Kery's adult, contemporary ONE NIGHT OF PASSION erotic romance series. This is former army intelligence officer and Hollywood makeup artist Seth Hightower and actress Gia Harris's storyline. Although this is the third book in the series it can be read as a stand alone without any difficulty. Some of the previous storyline characters play small roles throughout the novel but any important information revealed earlier is imparted where necessary.

Told from close third person points of view, ONLY FOR YOU is a second chance kind of storyline. Following a hot and sexy one night stand two years earlier, Gia never again heard from Seth. But Gia knew she lied about her career—an up and coming actress on the cusp of making it big—knowing that Seth wanted nothing to do with actresses or dating anyone in the industry. Two years would pass and Gia's life is danger and Seth has been hired to protect the woman who had lied to him all those years ago.

The relationship between Seth and Gia is one of instant attraction but one built upon a lie. Seth's experience with Hollywood actresses has left him burned and cold, but meeting Gia, Seth believed he quite possibly had found the ONE. Little did he realize that Gia was not truthful about her age, her history and her career—one that pushed Seth away—for good. When Gia's life is threatened, Seth is reluctant to take the case knowing that he and Gia have a past. It is their mutual distrust of one another and a very long cross country car ride, that begins to fuel the fires of passion and love. The sex scenes are intimate, erotic and numerous. Seth is a man who cannot get enough of Gia and he likes control in the bedroom.

Most of the storyline focuses on the building relationship between Seth and Gia. Although our leading couple is secreted away, there is very little ongoing reference to what occurred that forces Gia into hiding. It is not until Gia is called back to testify against a Hollywood bigwig does the potential for attack become real. The focus of the story finds Gia the center of a media and paparazzi frenzy when it is believed that Gia is suffering with personal demons of her own.

The secondary characters and continued world building include some of the previous storyline couples for a sense of cohesion and familiarity. We will be reintroduced to Seth's sister Joy and her husband/actor Everett Hughes, as well as Irish film director Rill Pierce and the love of his life Katie Hughes. Each of our storyline couples has some connection to one another-through blood, friendship and marriage.

Beth Kery is a master of erotic fiction where very little, between consenting adults, is off limits. Whether writing as Bethany Kane or Beth Kery, her storylines are definitely erotic, provocative and arousing. There is always an intense, emotional connection between her leading couples, and ONLY FOR YOU will pull you in from the very first.

So I picked up this book because it was a dollar at my local dollar store. I noticed Beth's name from a long list of books by her that I have on my neverending Amazon wishlist. I don't exactly know how I feel about the book though!

It was a good read, don't get me wrong there. I loved reading this book to the point where I was almost late for work because I didn't want to put it down. But there were some things that kinda bothered me about it.

I liked when Seth and Gia met for the first time. I was totally shipping them from the moment they met. But of course, they didn't continue their relationship from that night. Lies were told and whatnot.

Jump to two years later. They just happen to be thrown into a situation together which pushes them back into their sexual escapades. It didn't take long for it to happen either. I think that's what bothers me about this book. They both gave into their needs so quickly. But they learn more about each other in their time in seclusion. They even fall for each other.

Seth, being the stubborn man he is, still wants nothing more than a sexual relationship with Gia whilst hiding out from the public eye. But luckily, his stubbornness eases and he wants to make a relationship work with Gia.

I felt like there should have been more to this book? I wanted more danger and less sexiness. There was a tad bit more sexual encounters than I think any real person could ever handle lol.

All in all, it was a good and quick read. Four out of five stars!

I struggled to get through this book as it seemed to drag on forever. I liked the idea of the story but thought it was going to be more dramatic and dangerous than it was, could have been shortened greatly.

Se cercate un vero Erotic Romance, con scene sexy, piccanti, coinvolgenti e un pizzico di suspense lo avete trovato.

Sappiamo tutti che Beth Kery è una brava scrittrice, questo romanzo ne è la conferma.

Seth è un ex ufficiale dei servizi segreti, ora fa il make-up artist a Hollywood, ed è uno dei più quotati. In realtà è qualcosa di più di questo, crea personaggi. Pensate ai film di fantascienza o horror, lui è l'artista che li fa passare dalle pagine scritte alla realtà. La Kery lo descrive come molto sicuro di sé e metodico, naturalmente molto sexy, ma anche come un uomo che all'occorrenza sa stare in solitudine, che sta bene con se stesso, un personaggio molto equilibrato. Molto differente dai soliti clichè maschili che vengono utilizzati per questo ruolo.

Gia non è nessuno, ma finisce a un evento di beneficenza dove incontra Seth. Lui non sa nulla di lei tranne che non è un'attrice, e questa è l'unica cosa importante, non vuole avere relazioni con le attrici, benché ne abbia continuamente occasione.

Bastano poche parole tra loro per far divampare un vero fuoco, l'attrazione tra i due è intensa, sicuramente al di sopra di ogni altra esperienza. Condividono quindi una folle notte d'amore.

L'inizio di questo libro non è coinvolgente, di più, l'autrice è bravissima, io di solito preferisco un avvicinamento lento dei due protagonisti ma in questo caso la Kery è riuscita a convincermi, è riuscita a far sentire l'alchimia tra i personaggi, quella notte tra Gia e Seth è un qualcosa di eccezionale, ben descritta, eccitante e coinvolgente.

La scrittura della Kery è fluida, lei ha uno stile morbido che cattura, crea una sorta di erotismo romantico tra i suoi personaggi.

Ma poi i due non si rivedono più per un paio d'anni, ora Gia è un'attrice molto famosa.

All'epoca del primo incontro lei non era una superstar, ma era comunque un'attrice e aveva mentito a Seth anzi omesso questa verità.

Ora, Gia ha bisogno dell'aiuto di Seth. E' una testimone chiave per un caso molto importante che coinvolge il leader di una setta e deve restare nascosta fino al processo. Solo Seth, può trasformare Gia in una persona completamente diversa in modo che nessuno la riconosca e all'occorrenza proteggerla. Per cui i due rimarranno isolati e nascosti in una bellissima villa fino al processo.

Secondo voi Gia e Seth come utilizzeranno il loro tempo?!? No signore, sbagliato, i conigli sono nulla a confronto, se non altro per l'estro usato dai nostri protagonisti in questa attività.

Seth Hightower knows all about make-believe. As one of Hollywood's premier special effects artists, it is his business to craft facades, to help actors and actresses become their characters. When he and Gia Harris meet by chance, he doesn't know that she is well on her way to becoming Hollywood's new 'It' girl, a rising star in the film world. Their chemistry is explosive, and their hot encounter is one that neither one will forget.

Being a fan of hot alpha men who know what they want and aren't afraid to grab it, ONLY FOR YOU seemed like just the kind of read for me. Seth Hightower is all of this and then some. Not only does he possess fabulous artistic ability, he is also a former military intelligence officer, and it is both these talents that have led to his reunion with Gia, now a star in her own right, and the chief witness in a high-profile criminal case. The powers-that-be need Seth and his expert abilities to both hide and protect Mia until she can testify in the case. But there is one big problem: Seth doesn't 'do' actresses, and, although he and Gia are still attracted to each other, he is adamant that they keep things professional. But, the best laid plans, and all of that, because it isn't long until they are unable to deny their feelings for each other and take up where they left off two years previously. Did I say hot? The sexy time scenes in this book had me fanning myself. They are SCORCHING.

I very much enjoyed not only the plotlines, but the characters in ONLY FOR YOU. Seth and Gia are well matched, and, despite their differences, really make it work as a couple. As well, the action is fast-paced, and I found it hard to put this read down. I look forward to reading more by Beth, and seeing more leading men

like Seth.

Finally finished! Took me a month to complete. First chapter dripped in eroticism. Then the rest of the first half of the book kind of dragged with a road trip from California to Illinois with occasional stops to masturbate. Second half was more intense erotically, but not enough places in between scenes to recover and come up for air.

*Source: Printed ARC for Honest Review Courtesy of Penguin Group*

Let's start with Beth Kery sure does know how to write erotica.

However, due to its erotic contents, at times the book was more steam and sex than substance. Seth Hightower has been in the hollywood business for a long time and one firm rule, never be with an actress but after one steamy night and extreme circumstances he ends up breaking his one steadfast rule.

Gia Harris is an up and coming movie star but when she first had one explosive night with the mysterious Seth Hightower she may have left that information unrevealed which ended up burning her in the end. Now, two years later both of their fires are still burning and they're forced to come to terms with their desires while Seth is helping Gia hide from the media.

While secluded in a remote town what Seth and Gia find themselves doing a lot is, sex, sex and more sex. But in between the bedroom romps they also fall in love with each other but there is a deadline looming and tons of pride causing the end to near.

After finally giving in then being ripped apart, they're both forced to deal with their own personal demons if they want to continue with what they found in each other. It's not often the circumstances that changes people's mind but the person. For Seth and Gia they had loads of chemistry and acted on it but they also had a great bond. Beth Kery is a great erotic story teller and I was not disappointed with this steamy gem.

## Debbie Lester says

Beth Kery's One Night of Passion series continues with book three, Only For You. The series is based on one night stands that turn into lasting romances. Set in the highly exposed world of Hollywood, this series is both tantalizing and captivating. Readers who are looking for a steamy read that will capture the imagination will love this one. Seth is a former Army Intelligence officer, turned make-up artist to the stars and Gia is the new Hollywood "it" girl. Their romance is scorching! The final book in a great series!

What I liked:

Ok, so believe it or not this is my first full length Beth Kery novel. Being an erotic romance fan, that seems unusual even to me...LOL! I have read some shorter works by the author and have been impressed by her style and smoothness. Only For You was still surprising to me. I was engaged from the first page. Kery has such a way with words. Anyone can write a good story, but those who are born storytellers stand out from the crowd. So, descriptive and passionate. Not just in the eroticism but in the heart of the story. Kery makes the reader want to know more, feel more, experience more and that's a hallmark of a talented writer.

Seth Hightower was once an Army Intelligence officer and now he is a mysterious and talented make-up artist. At first I wasn't too sure I thought a former military man, could fit into the world of Hollywood's elite as a make-up artist of all things. But as I began reading it started to make sense to me. An Intelligence officer would be called upon to go under cover and to be disguised. Essentially becoming someone else entirely. Seth definitely pulled off the role as an alpha male. Kery writes him as very self assured and methodical in some ways, but also as a man who knows loneliness. He was commanding, kinky and very sexy. A great all around hero.

Gia doesn't exactly give Seth her life story when they meet after a charity event that ends in a night of exciting passion. He has been a part of the Hollywood scene for awhile and he knows how fickle actresses can be. Gia doesn't mention her profession and two years later when they are reacquainted she is a rising star. And in a heap of trouble as the star witness in a highly sensationalized crime involving a cult leader. Seth is the only one who can disguise her and keep her safe from the public, but she isn't exactly safe from him.

Gia was sensual and willing to explore her passions, she didn't hold back with Seth and I liked the fact that she wasn't afraid of her sexuality. I liked her as a heroine, though I felt the suspenseful aspects of the story were a bit underwhelming next to the passionate and fiery romance between these two characters. It did provide some necessary conflict but overall was not that important to the main story.

I loved the way that Kery writes the relationship between these two. Seth has a very set in stone rule against dating actresses and Gia is offended by the fact that he isn't willing to see her for who she is, beyond her profession. I liked seeing Seth begin to look at her in a different way, as he started to feel something a little more serious than lust. As a former military officer it was probably hard to admit to being wrong and seeing him give in to his feelings was certainly captivating. Kery is a genius!

Bottom Line:

This book is hot and steamy, though not as suspenseful as I was expecting. The Hollywood world both Seth

and Gia live in takes on all the characteristics of an actual character in the book. Kery's powers of description are impeccable and I would have to say that I really enjoyed reading a full length novel from her. More to come, I'm sure.

## **Jacqueline's Reads says**

### **3 Lustful Stars**

**If I had to rate Only for You in the steam factor, it would be off the carts. This book is over flown with steamy scenes. It will make any book reader blush. So if you are looking for some of this, THEN THIS IS FOR YOU.**

Seth was once in the army, but now he is a Hollywood make-up artist. Okay, give it a chance. It's not what it seems. So it's a little hard to believe an army guy becomes a make-up artist, but he's more than a person that slaps on make-up. He creates characters, think sci-fi and horror movies. He's like a super artist in the Hollywood community.

Gia is a nobody, but ends up in the same circle of Seth. Seth doesn't know anything about Gia, except for the fact she isn't an actress. Seth doesn't date actresses. With a few spoken words, Gia and Seth share a crazy night together.

*If you think I'm asking you to sacrifice a ...thing, you're completely misunderstanding me*

I love the beginning. I love how bam, we get the steam. Usually, I love character development and a slow relationship, but somehow this worked for me. I got to the good stuff, ya know? I get why Seth doesn't date actresses, but it's kind of hard to, if you are in that field.

Anyhow, nothing amounts to that night and both Gia and Seth never see each other again. **Until years later.** Years later when Gia becomes this famous actress. Gia, at the time wasn't a superstar, but she lied to Seth and told him she wasn't an actress. Well, she didn't lie, she omitted the truth. Seth is still ticked off about that.

*You're meant to be an actress. I've never met anyone who was so perfectly destined for something. But more importantly, it makes you happy. And when it comes down to it, I want you to be happy, Gia*

Now, Gia needs Seth's help. Gia has become a witness in a high profile case and she needs to be hidden away until trial. Only Seth, top make-up artist can transform Gia into a completely new person where no one will recognize her.

And of course, only Seth can be the person that accompanies Gia on her trip to a safe place.

Gia's disguise is a boy! Isn't that great? It's so random. The tension between Seth and Gia is high. He's so angry with her and Gia is just a confused mess. I like that Seth has to work on Gia to get her into costume and make-up.

Around the 50% mark, things get steamy real quick and there's a lot of it. This book is only for a certain audience. You will have to be okay with this much steam. It's an erotic book, so take it for what it is. The second half of the book focuses on the trip and Seth's issues with Gia. Gia doesn't play the damsel, but she takes what she can get. So even though they form a short fling, it's what they both want.

Overall, this is a Beth Kery read. You will get a crazy storyline with lots of sex. If you are a fan of her writing or like books with lots of steam, then this is for you.

Beth Kery crea dipendenza. Le passioni, che lei racconta in modo tanto intenso, devono essere raccontate. Grazie a Beth Kery, possiamo viverle anche noi.

Come in ogni suo romanzo, l'erotismo è sottile ed elegante. Viverlo è un'esperienza unica, passionale, eccitante.

La protagonista è Gia Harris, una it-girl di Hollywood, abituata a stare sotto i riflettori, come anche a evitarli, quando è necessario. Ma c'è sempre un momento in cui cambia tutto e giunge improvviso sconvolgendole la vita. Dopo essere stata testimone di un crimine orrendo, sa che testimoniare è la cosa giusta da fare, anche se significa ritrovarsi al centro di una vera e propria bufera mediatica.

Gia è sola, davvero sola. Ha bisogno di essere protetta. Il pericolo che la circonda la rende vulnerabile ed estremamente eccitante per colui che è disposto a proteggerla.

Quando il gioco si fa pericoloso, Gia ha bisogno di rimanere in disparte e di qualcuno che vegli su di lei. La scelta cade su Seth Hightower. Lui è un ex ufficiale dei servizi segreti ed è la persona ideale per tenerla lontana da giornali e televisione. Il problema è che lui è l'ultima persona con cui lei vorrebbe avere a che fare. Ma soprattutto, lo sa bene anche lei, Seth è un uomo a cui è difficile resistere. Seth è la tentazione fatta persona, carne ed ossa, muscoli e coraggio, ed è un'occasione troppo allettante cui rinunciare.

Anche la lettore resta sedotta dalla presenza di Seth nella vita di Gia. È sconvolgente incontrarlo.

È una storia erotic romantic suspense, perfettamente seducente, scorrevole ed avvincente.

Un ottimo romanzo, un nuovo best seller al pari degli altri di Beth Kery.

Amazing storyline!

This book has a great character base. I read this book before reading the others beforehand and I'm glad I did. You can definitely read the stories out of order. I loved every second of this book it has a lot of back and forth between the main characters and the female lead is strong and ambitious.

Only for You: One Night of Passion, Beth Kery

Genre: Literature/Fiction (Adult)

Review from Jeannie Zelos book reviews

Another favourite author of mine. I first read one of Beth's novels via the kindle free lists – it's a great way to try out author styles and for authors to find new readers. I've gone on to buy many books where I've found via a free one that I enjoy that authors stories.

Gia and Seth have an impromptu meeting, where the passion between them is incredible and they spend one amazing night together. After she leaves though he doesn't contact her as promised, and she's gutted. She really thought they had something special but...Two years on she's become a famous actress, and she is in danger as a witness for a horrible crime. She needs hiding for a couple of weeks, and someone on the legal team knows of Seth and his incredible make up skills. Between them they agree that he'll take Gia away to a secluded cabin and his skills will be used to pass her off as someone else, in case she's seen. They're aiming for seclusion but just in case, and of course there's the journey there. Gia is horrified, still really hurt that Seth dropped her so easily, and hates the thought of three weeks with just him. She thought they had something special that night, and she's not happy at the arrangements. It has to be done though, and of course once together that heat between them burns as hot as ever, and they agree to give in to it for the time they are together, and just move on once it's over. Over the time Seth discovers that Gia isn't just a shallow, fame seeking media whore, as he tars all actresses, and she learns he had reasons for dropping her so abruptly. They come to like each other as a person, and not just have the sexual heat that connects them but something more.

The danger to Gia though is real, and for safety while the trial is on she's housed somewhere secure with just her mother for company. Now they are apart they realise that what they had between them isn't easily dropped. It makes them look at the barriers and wonder if maybe, possibly they could....and then – bam- the defendants side hit in with some dirty tricks, and Gia thinks it's going to ruin everything they have. Its

brought Seth into the spotlight and she knows he'll hate it and fears it will break them.

As always its peopled with great characters, and scenarios that feel real. that's important to me, I need to think this could really happen. Its not my favourite of Beth's books, but a good solid sensual romance none the less. The sex scenes are very seductive and not just repetitive pages as too many books contain, but feel original and fit the scenes.

Stars: Four, enjoyable romance.
