Panic J.A. Huss

Rook is chasing her dream—film school and a chance at a life beyond the one she ran from six months ago. But before she can become the girl she wants to be, she must deal with the girl she left behind.

Ronin is also chasing his dream—a family of his own and a life away from erotic modeling. And he too, has a past he's trying to forget. A past that makes Rook question everything about their life together.

Lies, secrets, and shocking truths will rock the foundation Rook and Ronin have built. Can they put the past behind them and move forward together? Or is this just another too good to be true relationship that will crash and burn in the end?

This is the third book in the series and I just loved it!! I loved every twist and turn J.A. Huss added to Rook and Ronin's story. Much like the previous books in the series, it is told in alternating povs of both Rook and Ronin.

Ronin wants to settle down. He wants a home, a family and he wants it all with Rook. She is all he needs and all he wants. Ronin learns not to push her to hard. He fears that she will run instead of fighting for their relationship.

"You're my life, Rook. You're my future, but I'm not in a rush, babe."

While Rook is filming the reality show, Ronin is running The Gidget campaign and the two handle this and their relationship really well. They are stronger but Rook's past and the secrets she has locked away revolving around Jon surface...

"There's so much more about my past than I've told you guys. I have so much more locked away inside."

Spencer, Ford and Ronin are longtime friends and partners in crime. Rook gets closer not only to Ronin but to Spencer and Ford as well. She finds family amongst these three yummy guys.

"We're a team, remember?"

J.A. Huss delivered a truly exciting story connecting dots and giving Rook the closure on her past she needed to truly move forward.

"Fate is fragile. Deviate from it just a tiny fraction and you end up somewhere else. And as scary as that sounds, what it really means is that I'm the one in control. I've always been the one in control, I just never saw it clearly before. I control my reactions to the things life throws at me, so I control my fate."

I was glued to my reader to the very last line.

That epilogue...**BROKE MY HEART!!!** I will always remain **TEAM FORD**.

For those of you who are interested in starting this series, the books are short, their sexy and really exciting.

(5 "I belong to Ronin" stars)

This book continues with Rook and Ronin still working on their relationship, but doing well together. Ronin still wants to be more serious, settle down, and start a family, & Rook still isn't ready to take that next step. She finally deals with her past and begins to heal. We find out a lot about what has happened to her to make her so closed off. In this book Rook and Ronin are separated because of their work schedules and trying to have a long distance relationship. Rook is still doing the show with Spencer and Ford, and Ronin is working on the Gidget campaign. I really loved Ronin & Rook as a couple, but felt torn at times because I also ADORE Ford!!! I really need Ford to have someone love him & some Ford sexy time! PLEASE!!! I can't wait for his book!!! :D

-God, I love these guys.-Rook

-I want Ford to stay the guy I trust to point me in the right direction and force me to do things that are good for me even though I hate it. I want Spencer to stay the guy who makes me laugh, paints me pretty biker jackets, and makes scrapbooks of our body art so I'll be happy. And I want Ronin to be the guy I spend forever with. I want to sleep next to him, and go on long vacations with him, and take beastly sexy showers with him.-Rook

-Whatever makes you happy makes me happy.-Ford

-Ronin might not be perfect, but he's close enough for me. I want him, I love him, and he's mine.-Rook

-I love the hell out of Spencer.-Rook

-Rook, I knew you were my blackbird when I first laid eyes on you.-Spencer

-Ronin Flynn, you are my forever guy.

-He smells like Sexy Man. I'm not sure what that exactly is, but if sexy man smell has a dictionary entry, the picture next to it is Ronin Flynn.

-He laughs. God, I love when he laughs. Those blue fucking eyes sparkle and his whole face beams.

-I lean up and kiss him one more time because his lips are like the siren's song, they call to me, they blind me to everything around me.

-I look up at this incredible man and I have no words for what I feel. I'm not falling for Ronin, I'm laid out flat on my face. He is the perfect man.

-She makes my heart ache. Literally. My chest feels like it's gonna be ripped apart from the longing, that's how much I love this girl.

-She kisses me and the whole world disappears. Just blips out of existence for me. When she kisses me there is nothing but her tender lips and my pounding heart.

-My eyes linger on his body as he approaches and I let out a sigh. God. This man is like my smile button. He appears and I smile.

-I've never known love until him. He's everything to me now. Everything.

-You'll never even have to wonder if I'll be there, because I'll show the fuck up before that thought can even cross your mind. I want you, Ronin, and I'll risk everything for you.

J.A. Huss has just set the bar and it is set fucking high.

I am completely still stuck on this book, time has passed but each second ticked by without notice. J.A. Huss completes the Rook and Ronin Series in a spectacular fashion. I am not even sure how to process the goodness that was this book.

Rook has completed her Shrike's contract and will be filming for the upcoming reality show for Spencer's shop. She finally has means to live her life, enough money stashed away to be able to live out her dreams. But Rook still has too many demons from her past that have to be dealt with. She knows she's a runner - it's how she's survived everything.

Ronin wants the happily ever after, he wants Rook wearing his ring, with his last name and eventually the family he always wanted. But he knows that Rook isn't ready. But he loves her enough to wait for her - to let her make choices, make her own mistakes; because in the end it will all be worth it because he will have her.

And even though Rook may not be ready to deal with her past, she doesn't seem to have a choice. The old Rook would run. But the old Rook never had anyone she loved or could depend on. But just as her past is coming to light she is learning a little more about the guys and just how far they went with their schemes. There are completely shattering moments as things are discovered, each and everyone of them displays their

emotions in their own way and you feel every bit of it.

But let's not forget the rest of the boys. We get a whole lot of Ford and Spencer in Panic. And although Spencer is up next for his own book, my grabby hands are twitching for Fords. I am just more than a little excited for Ford's book!

"I like you. I'd like to show you how much, actually. I'm being a gentleman to make life easier for you, but believe me, it's not really in my nature to be so accommodating. I typically just take what I want."

This series has quickly become one of my favorite series. Each book seemed to surpass the the one before it. J.A. Huss has such a unique writing style and this story is just a breath of fresh air. Nothing felt predictable or cliché. Somehow she manages to give you such perfectly developed characters that you instantly connect to, whether you love them or hate them (ahem... Claire). It can be a difficult thing to accomplish with two characters, but she pulls it off with every single one of them.

This is a complete must read for anyone who appreciates brilliant writing, even if romance is not your particular taste, this is a series that can be appreciated for the pure talent of the writing. If you have not yet read this series, one-click it NOW!

Now that the Strike contract is over, Rook is set to start filming the reality show for Spencer's shop, while Ronin works on the Gidget contract. For Rook life is good, she has plenty of money, Ronin's love, and friends. But she has some secrets she still hasn't dealt with. Will she face her past and find happiness or will she do what she has always done, run?

"You are my doorway to endless possibilities and I am ready to take that risk."

Ronin wants it all with Rook, marriage, family, the whole package - but he doesn't want to push her, and force her to run away. He loves her, so he gives her what he can.

While Rook is filming she continues to grow closer to Ford and Spencer. I love these guys!!

“How did I get here? We’re three’s company. Spencer is airhead Chrissy, Ford is intellectual Janet, and I’m pretending to be gay so I don’t notice that you two are roommate candy.”

Then, when it looks like the past has finally caught up with the *Team*, things get a little crazy.

With Rook as the new front man, will she be able to save day?

“Fiona, it’s me, Shrek. I rescued you from your tower to prove I’ll fight for us. I’ll fight for us every single time. You’ll never even have to wonder if I’ll be there, because I’ll show the fuck up before that thought can even cross your mind. I want you, Ronin, and I’ll risk everything for you. I will never walk out on you.”

This series is so different from anything else I have read - it is refreshing and original - Ford's story is next...and I CANNOT WAIT - because that epilogue, my heart... *sigh* (view spoiler)

5 TEAM FORD Stars!!!

Tragic, Manic, and Panic... this is a must read series! I love the unique story lines and fantastic characters in these books. This may have been the best one of the series... and before I get into my review, I'll tell you why. It's all about this guy...

My Ford.

Not sure why, but ever since I read Manic, I've been a little Ford obsessed... don't judge. I can't help it. I LOVE this guy! Ronin and Spencer are great, but there is just something about Ford... Ford is the brains of the operation. He can be a little strange, blunt and outrageous...

“I told you, I do not give a fuck about people. I wasn’t kidding. I use them, they use me. Everyone is happy.”

He doesn't have tons of friends, but you can tell he really cares for Rook.

He wants me to be strong all on my own. Not to need anyone. I like that about Ford. It's like he trusts me. Like he's got faith in me. It makes me have faith in myself.

There is his relationship status...

“I have... women.” He looks back, smiling. “But they’re not girlfriends.”

He knows how he is and embraces it.

“I’m not a good guy, Rook. I’m not even close to a good guy.”

Then, there was the epilogue. Damn, it really broke my heart. I may have even cried a little...
(view spoiler)

Now on to the review!

Rook & Ronin are in a good place after the Sturgus campaign. They are in two different places in their lives, but trying to make it work together. Ronin is ready to give up the business. He wants a family, a wife, a home. Rooks isn’t sure if she’s ready for all that. She knows she wants to be with Ronin, but that’s about all.

Rook has to move on from her past before she can move on with Ronin. Ronin realizes this, and he is willing to wait for her.

“I’ll be here waiting. I will wait forever. It that’s what it takes. I’ll wait for you until the end of time.”

?Before the two settle down, they both have one big job to do. Ronin is in charge of the Gidget account. It’s his big project and he has to stay behind to work on it. Rook is off with Spencer and Ford to work on the set of the reality show. The two don’t get to spend a ton of time together, but they try to make it work. Then the secrets of the past start to come out...

I’m a keeper. A secret keeper, just like they are. And I’m not sure I want to keep their secrets as well as mine. I’m not sure I can handle that right now.

There are some accusations, some lies and some craziness... Ronin is in trouble and the team must come together. Rook is a part of that team now.

We’re a team, he said. It doesn’t have to be me against the world. Because I’m part of the team.

Will the team be able to come together like always and fix what’s going down, or will this time be different?

This series is so different, so original. I love the writing. I love Rook and Ronin, Spencer and Ford (especially). ALL of them are great! Even though the ending broke my heart, I think it ended the right way,

and I am so happy that this series is continuing with FORD and Spencer books! I can't wait! If you haven't read this series, what are you waiting for???

"Ronin Flynn, you are my forever guy. I'd just like to say that right now. You are my forever guy."

5 'Fiona, it's me, Shrek...' Stars

The story continues on from where it was left off in Manic.

THE TEAM:

Rook is the new *front man*.

Ronin is the *fall guy*. He's the front man, the face of the operation, to clean up the mess.

Spencer is the *logistics guy*. He's the muscle. He roughs up people when needed.

Ford is the *computer guy*. He's the brains behind the operation.

The Team's past has finally caught up to them. Secrets and lies are revealed. *'The Past'* wants to keep the secrets hidden and to do so they need Rook to be eliminated. **The Team** comes together to try and free themselves of their past transgressions.

I'm a **HUGE** fan of Ford. The epilogue was told in his POV. My heart broke for him as he shared his feelings.

"And since I can't have it all, I'll take nothing."

My only *peace of mind* came on the next page with the author's note. **What's next?** Ford is getting his own book. Release date is set for January 2014. And for you Spencer fans he'll have a book too.

I **loved** this whole series. The setting was unique along with the story line. It held my attention from the first book to the last. If you haven't read this series I highly recommend it.

No cliffhangers. Continuing story.

3.5 Final Rook and Ronin Stars

So you know how you absolutely loved the first and second books and hope the third will live up to their bar they set? Yeah, this one not quite....

Don't get me wrong I still enjoyed reading this one but I felt I had all sorts of mixed signals.

For Ronin to be a badass he somewhat turned into a puss as well. You are the front man! Act like it!

Rook is supposed to be all screwed up with her life from what Ford said but she seemed totally together to me. She had her game plan and got her ducks in a row just fine.

Spencer really didn't do much in this book.

Ford was weird but freaky as well in this one...I still don't know what to think about him. It's hard to picture a hot weirdo...

And Clare...Man, I hate Clare...I just want to say to Ronin....

The ending seemed a little too rushed. It was like Climax and then

The End. The finale could have been explained better than it was. Anyways overall I still love the series and love Rook and Ronin.

Just like Shrek and Fiona, Rook and Ronin get their HEA...

I will still be anticipating Spencer and Ford's books.

5++++++ STARS!!

Holy shit this book was INCREDIBLE!!!

I'm just so utterly heartbroken over the epilogue!

OK!!! I see why you ladies love Ford!!!

The epilogue won me over!!!

I love Ronin still but I think I ADORE Ford!!

This series had it all, lovable & gorgeous heroine, beautiful & sexy leading man, memorable & also adorable competition to leading man, action, unexpected twists, and wonderful secondary characters.

I will say it again, I can't believe I waited this long to read this magnificent series!!!

I LOVED, LOVED, LOVED, this third installment.

Rook was perfect in it.

The girl came from a life of pure horror and crap, but she sees her limitations and strives to better herself.

She finds in herself the ability to love and put her trust in another man after having been treated so horribly by her monster of an ex.

I loved her!!!

Ronin is still my Swoonworthy book boyfriend.

This man melted my heart over and over again throughout the entire series and I never wavered in my hopes for Rook & Ronin to ride off into the sunset together.

Rook deserves this beautiful man!!!

I want to see where they are in the future!!!

There was crazy action in this!!

Twists and revelations I never saw coming!!!

Rook kicks ass!!

She has courage that not many people would have in a million years!!

NOW, on to Ford.

Everyone kept telling me how much they loved Ford and I wasn't seeing it in book 2 and for most of book 3. He did some pretty amazing things for her, but knowing about his past and his disorder, it was hard to trust him.

Holy shit, I see what you ladies were saying!!

That Epilogue just about shredded my heart!!!

I FUCKIN LOVE FORD!!!!

That was an EPIC Epilogue!!!

I want this man to find his soul mate!!!

Can't wait to read his story next.

This is an amazing series and I highly recommend it!!!!

Fan-flipping-tastic! I loved this whole bloody trilogy, I loved Rook, Ronin, Spencer and Ford - what a great team they made in the aftermath of the Sturgis contract and the downfall of Jon.

As in the last book there were quite a few twists and turns which kept me on the edge of my sofa, a few hot scenes and some great chemistry.

Very much looking forward to Ford and Spencers stories and hoping we get a bit of a glimpse into R&Rs future.

5 Hot, Insightful, Heart-Stopping, Desperately Wanting More Stars

Just finished at 2AM... does that give you some idea of how much I enjoyed this book.

J.A. Huss created this world and characters who come to life right on the first page. Her style and rhythm is so unique, it left a footprint for me to follow and pick up right away. I didn't need to catch up with the story of the people in it; I felt I had never left them... that they had been around the corner the whole time.

The troop continues and each step is cloaked with more and more layers.

Ronin is ready... he is ready to make a life with Rook...

Rook is carrying her hurts, pain and stubborn need to just be... and that may mean a delay in the coming together with Ronin...

And then there is FORD... In this book there is a hint of how much Ford understands Rook... sees her and fights the desire to want her and take her...

This book is so good, I cannot express how much I was taken with it.

Please for all that is holy... Read this series... it will hold you captive from beginning to end and you going into each book fresh is what I advise. If I give you more, it will dilute your experience.

This author has such a command with heart and real voice, I just grin from ear to ear thinking of what she may have in store for us. I, for one, can hardly wait.

Panic: 4--Team FORD--Stars!

Rook and Ronin series: 4.5--Different-Sexy-Fun--Stars!!

This was a solid end to the series. I must say though I felt somewhat of a disconnect between this book in the series and the previous two books. It just didn't have the same vibe/feel/theme or something to me.

Manic ended with Rook spotting her first love Wade. But when Panic picked up that was all kind of skipped over. It took me a minute to get the timeline down and figure out what was going on.

Rook is moving on to the TV show portion of her contract so she and Ronin will spend the week days apart while he is working on the Gidget campaign. Rook is living with Ford and Spencer. I really feel like a lot of this book was set-up for Ford's book.

We find out a lot of new things about Ford...and I must say, I find him quite intriguing. The first half of the book was a bit on the slower side. Not a lot was happening. But then things really pick up towards the end and it got really exciting.

Overall, I loved the uniqueness of this series. The storyline was very different. I have loved all of the characters. I loved Rook and Ronin from the beginning...and I loved seeing their relationship evolve.

The epilogue and the last line of this book were quite devastating.

But I hope we get to hear more from Rook and Ronin and the gang in the books to come. If you're looking for something fun and different with a side of sexy and steamy then I would definitely recommend this series. They are quick reads. Panic completes the Rook and Ronin portion of the series and the remaining books will be about other characters.

“I like you. I’d like to show you how much, actually. I’m being a gentleman to make life easier for you, but believe me, it’s not really in my nature to be so accommodating. I typically just take what I want.”

“I. Fucking. Want. You,” I say, my voice a deep rumble in my throat. “If I’d found you first instead of Ronin, you’d be mine right now. And I’d never let you go.”

Ford outshines the main characters and steals the stage. It's the reason I couldn't focus on the main couple and their issues seemed trivial in front of his enigma and appeal. Yeap, there was suspense but I didn't feel like rooting for Rook and Ronin. He is sweet and perfect and she is awesome. I loved them and I wanted them together, but I had enough.

Now I need some alone time with Ford, please...

Jen says

4.5 stars for this wonderful book! I have fallen in love with this author and of course; this series. Rook and Ronin are a couple that I adore, but also Ford and Spencer are the other main characters in this story that truly make this book the masterpiece that it is. Without them, it just wouldn't be the same at all. I am officially in love with Ford!! In book two when he was introduced, he was such a jerk; but he truly grows on you...and now I want to know more about him, and I want so badly for him to find someone to love. The reason why I rated the book a 4.5 stars was because of the fact that in this story Ronin and Rook were once again apart for most of the story. This was also a pet peeve of my during Book two, and now the same thing happened. I feel like the book was more about the friendship of Spencer, Ford, and Rook. That was quite disappointing, although I do love the interaction of the trio!

In Panic, there is so much that happens and a lot of it is secrets coming out. It seems like everyone has them, and when the secrets are revealed some of them are extremely shocking. Rook really grows as a person in this book, and she also steps up to the plate and fights for what she believes in. She also deals with a lot of her past baggage; which is heartbreaking at times. The little time that her and Ronin are together, is very sexy and also very heart warming. The love that they have for each other is such a beautiful thing and I just absorbed every single word they said to one another. I just love them as a couple!

I have to say that I did feel a little bit cheated at the end as far as Rook and Ronin's relationship goes. I almost felt like it wasn't a full ending, and there seems to be an opening there for possibly more books with them in it.. I am hoping that is the case, or I will be constantly feeling a bit cheated.

All in all though, I thoroughly enjoyed this read. My Kindle is lit up like all of the colors of the rainbow. The quotes in this story are fantastic! There were so many profound phrases, I just sucked it up! I adore JA Huss's

writing style, and she will be on my auto buy from now on..I would even read the phone book if it was written by her! LOL

Do I recommend this series? Absolutely! This is a must read for Romance lovers everywhere. You won't be disappointed! Now, I can't wait to dig in to Ford's book!! I am off to one click it immediately..and not a second too soon...he needs someone who will treat him right! (I wish it could be me) heh heh!

5 stars!!

Another awesome book in this series!!

I was completely glued to this book and there are such unexpected twists that make you PANIC! There were some parts that were like watching an action movie!

Let's go the beginning.... Ronin and Rook

"I want him, I love him, and he's mine."

Ronin loves Rook with his whole heart. He wants the whole nine yards with her- the babies and white picket fence. Only Rook isn't at that point yet. She loves Ronin, we know that...

"Rook, I'm not a risk, I'm a sure thing. You're the only girl I want to build a future with. Ever. You're the one, Rook. The love that only comes around once in a lifetime and I refuse to settle for anything else."

Rook leaves Ronin to go and work on her reality show. Right now as much as she loves Ronin there are some things she needs to figure out for herself. Ronin is working on the GIDET contract and GUESS who is back?? CLARE!! I hate this spoilt biach!!!! Get you paws off Ronin grrrr!

Rook spends more time with FORD. - he is weird but in such an adorable way!!

All these 3 boys- Ronin, Ford and Spencer are amazing in their own way and I love them all
Spencer...

As soon as you wonder what is possibly going to happen from that point

there is another twist!!!

We finally get insight into Ronin, Ford and Spencer's "partnership" for their crimes and what they did. At the same time we get to the start of the entire story of Rook.

True love is risking it all for the ONE.... And what an amazing trip it was getting to that point!!

"Fate is fragile. Deviate from it just a tiny fraction and you end up somewhere else. And as scary as that sounds, what it really means is that I'm the one in control. I've always been the one in control, I just never saw it clearly before. I control my reactions to the things life throws at me, so I control my fate."

The Epilogue- OH THIS WAS SO HEARTBREAKING!!!

Well it's not really a mystery. It was the day I met you, that's when. You've changed me, Rook. You make me weak, you make me stumble, you make me fall, and even though I know you'll pick me up if I ask you to, it's not enough. I want you to make me stronger, just like I made you."

"I'll ruin everything if you touch me. I'll ruin us. I'll ruin this. I'll ruin you, just like you said. I'll ruin you and I'll ruin your life. And I love you too much to ruin you. So I'm leaving."

FORD- I just want to HUG AND KISS HIM!!!!

For anyone who has not read Tragic, Manic and Panic I suggest that you do because they are all worth the time!!!!!!!

OMG January 2014!!!! I cannot wait for FORDS book!!!
