## **Phoenixcry** K.T. Strange

My goals for my final year at university were:

- 1) Kick ass at my internship
- 2) Keep hiding from my family
- 3) Stop frying my phone battery by accident with my powers.

Then I walked into the first day of my internship at a hot indie record label to find that my old life had collided with my new one.

Five hot guys in a band called Phoenixcry, I'm supposed to manage them, and oh yeah, PS, they're werewolves. I've left the magic world behind, but I'm still a witch and witches and werewolves don't mix.

But doing the wrong thing was always my M.O., so now I'm out on the road with a band full of sexy, growly werewolves. But the magic world is one step behind us: there are hunters on our trail, and if they catch us the boys are dead and I'm back at home under lock and key.

Oh, one more thing, I think I'm falling in love with them. Not just one of them, all of them, and to make it super complicated, I think they feel the same way.

So I had to revise my goals for this year:

- 1) Kick ass at my internship
- 2) Don't fall in love with the band
- 3) Stay alive

Sounds easy, right?

=====

Meet Darcy Llewellyn, fourth year university student, music intern, and secretly a witch. This is the story about how she meets and falls in love with the werewolves that make up the band Phoenixcry: Finn Gunner, Elias Gunner, Charlie Gage, Wesley "Ace" Rivers, and Cash Legend.

*This steamy Reverse Harem Romance is over 80,000 words in length, and is the first in a series about Darcy Llewellyn and her pack of werewolf lovers.*

## From Reader Review Phoenixcry for online ebook

### Brianne Robinson says

I feel like "Seriously Amazing" or "A Must Read" sounds so overused these days. But they're all I can come up with for Strange's debut. I read this over the course of two days, but dammit, if life hadn't made me put it down, I wouldn't have. Darcy is so freaking relatable that you're rooting for her from the start. And the guys? Fantastic. And better yet, each main guy is distinct. Too often I read books like these and they just ... are cookie cutters. I struggled to pick a favorite, but honestly, I adore Charlie. I cannot wait to read the next one.

---

### Marguerite (Lady RH) ✨ says

#### Rating : ?

It was pretty good but too long. The 260 pages felt like one thousand and I kept looking at the percentage hoping it would go up faster. Nevertheless, the writing was very nice, the characters were well drawn and Darcy was a good heroine. I'm not sure how I felt about the guys, though.

---

### Searcy says

#### A solid 3 stars for me

Okay, this one was a departure for me. I generally avoid the music scene romances (even RH) like the plague. Just doesn't do it for me. But this one had the band as werewolves and their manager as a witch, so I thought why the hell not?

The plusses:

- + This is an incredibly real glimpse of life on the road as an opening band on tour. Clearly the author is writing what she knows. And does an amazing job of conveying that to the reader.
- + The story is polished and cleanly written, creating an immersive read.
- + The harem has a lot of potential, though I have to say that it is still unrealized (see below). But they are hot and their backstory is a REALLY interesting hook into a potentially great series (that is now going to be 5 books apparently).

The negatives:

- The MC, Darcy, can be irritating at times. She is rather passive, extremely insecure, and does not communicate with anyone. She lives in her head all the time. A few times, these traits became overwhelming and upsetting. But most of the time, it was manageable and the story interesting - and something I will stick with *IF* the author has her show some growth right damn quick in the next book (due out in 3 days).

- The boys, hot as they are and as much potential as there is, were a little distant. There were a couple super scenes with Cash that the author then pulled so far back from that it was frustrating. And Darcy and Finn getting close is a little...soft. Just not quite *feeling* the guys as much as is needed to really "get" them. Need to develop their characters a bit more.

- Book 1 ended on a terribad cliffhanger, and I'd be pissed as hell if the next book weren't due to drop in a couple days. (Not to mention the stooooopid ass decision Darcy is making at the end of the book! Seriously, can't the girl **THINK** before she knee-jerk reacts?)

Overall though, it was a worthwhile read - if for nothing else than the really cool glimpse of the band life, and the potential this has as a paranormal RH romance.

#### *UPDATE NOTES:*

95% - *Okay, and here is where the series may have lost me. What a twit, Darcy! Come ON. Totally stupid. Does she not know how to talk to anyone? Ever? And the knee-jerk reactions. Ugh.*

"No."

"Then you need to think about that. Really carefully."

"I can't."

I needed to not think. Thinking was a privilege for the people who weren't walking around with half their heart dragging on the ground behind them.

88% - Couldn't stop laughing at this one. LOL

"We piled out into the fresh air, blinking into the sun like a group of disheveled mole-people."

87% - LMAO!! This was perfect

"Just fuck her already," Charlie snapped from his bunk. "The two of you, just fuck and shut up. Some of us, very obviously not fucking, are trying to sleep."

76% - First evidence of any relationship/interaction with the headline band, Glory Rev. Nice!

"My phone buzzed and I pulled it out, checking it quickly. It was Aaron. I forgot to say you're a class act. Loyalty is everything in this biz. Take it from a road warrior."

58% - Phase/faze AGAIN! grrrr

"I'm okay, big guy," I promised. "I'm a tough cookie. I can hold my own against someone like Charlie. He doesn't even phase me."

---

#### **Renée says**

Darcy's a witch posing as a mundane, and she's been accepted for her first choice internship at XOhX Records.

But what she's doesn't know is that she's going to end up managing the hottest upcoming band, who just

happen to be 5 extremely hot werewolves.

Rules are about to be broken since werewolves and witches should be near each other. And that's not the only rule being broken and mistakes to be made.

What a little heartbreakin cliffhanger at the end.

Phoenixcry is fabulous, steamy, butterfly inducing start to The Rouge Witch series, and I highly recommend this reverse harem series.

---

### **K Reynolds says**

Normally I wait until the end o my review but I'll go ahead: I highly recommend you read this book!!! Seriously ~ like, right now! You know how sometimes first in the series books can be ehhh maybe the next one with be better, this was good but just needs more? That is absolutely NOT this book. The writing is so good. The words wrap you in a cocoon and the story envelopes you completely. The characters, oh my, the characters. Eli, Finn, Charlie, Cash, and Ace I want to lick them all while soothing every hurt they've ever felt. Intense, interesting, passionate, at times broody, and some closed off with others eager they are everything you want and more. I'm a favorite picker but here I just can't do it. They are equally beautiful and equally flawed. Darcy, Darcy, Darcy. What can I say? She makes me feel all the feels. She makes me want to hug her and shake in equal measure while maintaining her likability. KT is truly a talented writer to offer us such a story with such brilliant characters, main and secondary, that we root for and cry for and love. I said it before but I'll gladly say it again, I highly recommend! For those that might have made it this far, what are you doing and why haven't you one clicked and started reading?

\*\*I requested and received an arc copy of this book. This is my voluntary, true, and honest opinion.

---

### **Susan Wentz says**

I absolutely loved it. KT has a way of making it fun to read and feel like you are there. I fell in love with Darcy and the men of Phoenixcry. They all have little pieces of my heart. Darcy is an (ex)witch who left her family to get away from the magical/supernatural world. She gave up everything and put herself in debt to go to college for music advertising like a normal girl. She gets an internship at her top pick and low and behold is assigned to MANAGE a baby band...Phoenixcry. Darcy was surprised enough to find out she would be managing a band and not just assisting someone...but imagine her surprise when 5 sexy werewolves walk thru the meeting room door. And to top it off witches and werewolves are forbidden from fraternizing with each other. But when all is said and done Darcy can't escape the pack of men. They end up on tour and on the run to save their lives...I can't wait for the next part of the adventure..and more time with Eli, Finn, Cash, Charlie, and Ace.

---

### **Jane says**

Witches and werewolves oh my. It started off a bit rocky. The book kept referring to mundane people as Monday. I thought the MFC got over her fear and wariness of werewolves a little too quickly. But it got better and by the end I was dying to know what happens. Look forward to the next book

---

### **CoullCat says**

I read Phoenixcry until 3am on a work night, I could seriously not even contemplate putting it down. This is such a strong debut for K.T. Strange, I cannot wait to read more of her work. You can certainly tell that Strange has experience in working with bands and being on tours, everything was so confidently delivered.

Darcy and the guys are so complex and lifelike. I am hoping we get to actually see the pack be able to shift shape in one of the books, but I love that Strange incorporated their wolf side into their daily lives without it becoming over the top.

I also love that Darcy is not afraid to stand up for herself, no matter if it be human or werewolf. I am not a big fan of the still a virgin trope, however it did not play a huge part in the story and I can understand the reason why Darcy would not be quick to jump into any form of intimacy with a guy.

The only negative, for me, was that there were a few grammatical errors. However, they were small and did not detract from the story - hence the 5 star rating.

Phoenixcry does end on a cliffhanger, but, as Strange points out in her acknowledgement, the next book is out in a few weeks. THANK GOD!!!

If you're a fan of werewolves, witches, bands, and reverse harems, then do yourself a favour and one click this one.

---

### **Karli says**

OMG this book was SO GOOD. The boys of Phoenixcry are entirely swoon worthy - Finn, Eli, Ace, Cash, and Charlie. You can't help but wish you were Darcy and get to hangout with them all day. Then there's Darcy herself, who is also awesome and a pretty relatable character despite being a witch. This book has got it all: witches, werewolves, intrigue, danger, and HOT rockers. Loved the entire story and the end will make you want to preorder the sequel ASAP!! Must read.

I honestly can't even believe this was just the first book that KT Strange has written! It was so well written and professional it didn't feel like a debut novel at all.

I seriously fangirled over this book so hard and you will too!!

---

### **Erin \*Proud Book Hoarder\* says**

Enjoyed this one more than I thought I would. Review soon.

---

### **Sheree says**

I was so lucky to receive an ARC copy of this book and oh my I couldn't put it down!!! Who knew witches and werewolves would make such a sexy combination!!! With so many directions this book could go in the cliffhanger at the end just has you screaming for more!!! I can't wait to see what else happens in the next book, it has left me wanting more of these sexy werewolves and their flighty witch!

---

### **Ann says**

I loved everything about this book. Once I started I couldn't put it down. Darcy was a great mc. She was trying to live her life as a normal person after running away from her witchy family then gets hired as the whenever of a werewolf band. I loved all of her guys. I really enjoyed the tour stuff and the ending just about killed me. I am desperate for book 2.

---

### **Siri says**

2,5\* rating  
The mc was just slightly annoying when she ran away from the guys and came back and so on  
I don't really know what to say bout this , but it was alright

---

### **Talltree says**

4.25 stars!

---

### **Jaime (Two Chicks on Books) says**

Gah I freaking LOVED this book! It made me feel so nostalgic, not the magic or werewolves lol but the band stuff. In my early 20's I managed a band so reading this took me back to a really cool place in my life. It made me realize I kinda miss it. Ok but enough of that! Back to my actual review! K.T. freaking blew my mind with this book she nailed the touring aspect for a small band and the feeling you can get from an amazing song. Also I loved Darcy and the Phoenixcry Guys! I hope we get more info the guys back story and am looking forward to meeting Darcy's witch family. And I hope we get to go on tour again!
