A fun shojo series strongly in the vein of Card Captor Sakura with well drawn art and amusing moments. Volume 4 was just pure hilarity mixed with moments of self angst that is becoming somewhat common in Shugo Chara (and that's understandable as our personal characteristics aren't something most of us so readily develop, especially at that early an age). But the highlight of this volume for me has to be the introduction of the chara Utau, especially her special move 'White Flag' that was introduced with her Character Transformation. Another big highlight was the side story at the end of the volume that has a big revelation regarding Nadeshiko, that if one were to recall all the previous events regarding her, makes sense. And as usual the art is cute and the characters well drawn. Enjoy.

AHH! I want more! I won't see the next volume until next year, 2009! Ahh! I can't wait that long to see what happens next! I'm going to find a bunch of images on the internet to satisfy my craving!

To Be Honest, I found the Anime first and watched it. I'm not completely done with the anime, but it seems awesome so far. I saw the first volume at a book store and just had to buy it. Over time I kept buying more and more. I honestly Love this series and I've fallen in love with all the characters. (Especially Tadase and Nadeshiko/Nadehiko Fujisaki) I hope to read more and more volumes.

Wow :) loved it :) new guardians appeared and amu and utau battle and amu has a new guardian character egg, it turned into an x egg, and it went to utau, so she has to try to get it back :) so gets really interesting :)

I think this may be my favorite volume thus far. The bonus story is especially a piece I enjoyed in the development of the story. The swapping of Guardian characters is definitely an interesting thing to see happen. I do hope things can be fixed so Diamond is back with Amu and Utau can reconcile with El. Though Utau's feelings for Ikuto are a little weird...

This is book 4 of a series built on fantasy fiction. I liked reading this because it is a new idea to me and it has all kinds of action and romance I enjoy reading as well as feeling similar to some of the characters. I think a lot of people who enjoy fantasy, action, and romance would enjoy this very much because being interested in such things myself I find it to be very exhilarating to read.

Kukai's gone? Are you kidding me? He was the best thing in this series.

Moving on, I seriously did not like this one. The new characters are just unlikable. The whole 'character swap' scenario left me with a 'wtf' face the entire time. Furthermore, Utau and Ikuto now officially disturb me.

I got distracted for a while because I found it boring at first. I already knew what was going to happen, I watched the anime, So it took me some weeks to finally pick it up again and finish it. The manga is WAAAAAAAY better than the Anime, they crushed, mashed, mixed, and pulverized things into a fine dust, mixed it with Too many episodes and Seasons (Ha) and just sorta distorted it. What I found amusing is that Ikuto really does not show any feelings toward Amu, and everyone thinks they like each other, all he does is teases her, he does that to everyone he knows. So how do people think they like each other? Because they think they should be together or did they make up parts in the manga, I sure did not see anything go on between them.

Review by K.M. : "I just can't get over how cute this manga is. I like to read it because the characters grow up more in every book. Though the story line may be childish it is one of my favorite mangas."

Lauren says

Amu was a great character, she was a little whiny at times but overall she was able to fight and stand up for what she believed in. I liked her relationship with everyone else.

The guardians added some comedic humor to the series and you can't go wrong with a little battle magic.

For fans of Sailor Moon and Tokyo Mew Mew.

Shugo Chara!: Volume 4 is another really good manga book that takes place at the beginning of the next school year. Hmmm . . . I wasn't very happy with this. I felt like I hadn't had much time to get to know Kukai and Nadeshiko before they were gone. Plus, Rima seems like such a little witch while Kairi is not very nice either. So, now there are two rather nasty little kids in Guardian seats. To top it all off, Amu's new diamond Guardian Egg turns into an X Egg and ends up in the hands of Utau. But, here is the real kicker. We have known for a while that Utau is in love with Ikuto, but now we learn that she is his younger sister. Ewww . . . can you say "incest?" Yuck! That is really gross. Why can't they be second cousins, or something? At least that is somewhat acceptable. But brother and sisters? Grody to the max! Okay, moving on.

The story in this volume is quite good and I found it to be a little stressful. A lot more drama in this book than the previous three. T

he Translation and Adaptation from Japanese to English is okay, but needs some fine tuning. There are some awkward phrases in the book that we would never say in America.

The artwork is very good.

As for Rima, I understand that she is supposed to be cute, but I begin to wonder if Japanese boys only ever look at the wrapping and not the entire package. If they were to see inside Rima, they would find a girl that is pretty rotten. She is not nice at all and I wonder at the inability of a single Japanese boy not being able to see this. Instead, they are all struck dumb by the beauty of her face. It certainly cannot be her body either, because it looks like the body of a first grader.

Overall, Shugo Chara!: Volume 4 is another great book in this fun series that takes a more serious turn. Still, I look forward to seeing if Amu can get her Diamond Guardian back and not have her be an X Character. Maybe this will happen in Shugo Chara!: Volume 5?

I rated this book an 8 out of 10.

The bickering characters in this book are hilarious, it seems like an atomic bomb could go off and they'd still be going at each other. This is also where we meet the x-chara, wee.
