Storm Bear

Harmony Raines

Storm Bear Harmony Raines

Curvy girl Chrysi hikes into the mountains with her fiancé. In no time at all, she realizes he is not the man for her, as his façade slips. What she did not expect, apart from a whiny man in place of the charming guy she fell in love with, is an attempted kidnapping.

Her hopes and dreams are soon left shattered, and with a snow storm moving in, her engagement might not be the only thing that is dead.

Running from her would be kidnappers, she stumbles across Nevis. But can this man be trusted, or is he a part of the conspiracy too?

Nevis has escaped into the mountains to think about his future. His father wants him to get a proper job—What that really means is, his father wants Nevis to work for him in the business he built from scratch. That is never going to happen.

What Nevis does not expect, is to find his mate wandering lost, as a deadly storm moves in. The only problem? She is wearing another man's ring on her finger. Nevis soon realizes everything is not as it seems, and not only does he have to save her from the storm, but he also must save her from the men who want to harm her.

Stacey Escalera blog says

Storm bear book 5 was an amazing read this book had great content.

And the story plot will keep u hooked to want to no what will happen to the characters.

This book has drama mistery and romance. I really was involved with this story and I loved the MC and how this book was told.

Overall this book was great. I would recommend this book

I voluntarilly read An Advance reader copy of this book and my opinion are my own.

Denise H. says

*** Harmony Raines gives us wonderful shifter stories with terrific characters. Here we have a cute couple, low angst; hunky bear meets his curvy gal in a snowstorm.

* Determined Chrysi wants to stop the hike before the storm hits. Little does she know her fiancé Ross has a ransom planned.

* Nevis, 30, our hero, is a burly bear on the mountain to take photographs and ponder his decisions. He senses her, his mate, and swoops in to help her. They ditch the creeps, Ross and Bart, and go to the cabin, where Nevis is staying. They'll have warmth, food and comfort. These two are cute together, as she accepts his status. We learn about her adoption, his Dad's pressures, and we get a hot night of passion. There's a rescue, a health scare, and justice. I like that they are two adults, who talk things through and listen, too. We meet families, and see the interactions.

I've read and liked lots of this authors books, and the next is a Silverback Dragon shifter.

It's an exciting, fast flowing story of true mates finding their happiness in life.

ENJOY !

=====

(My only complaint is that people are not described, no hair color, eyes, tall short, frustrating.

I'd like to picture my characters. We know he has short dark hair, hazel eyes. We only know she's curvy.)

ARC. BRAVO ! ? HOT SEXY YUMMY BEARLICIOUS AND HOT SEXY FEISTY SASSY WOMAN
I LOVE THIS STORY . I love , how Harmony Raines writes a DELIGHTFUL strong structure storyline and well developed characters and supporting characters brilliant exquisitely well written .

This story take place in Bear Creek , where hiking in the Mountains with her's fiance Ross Lamp. Chrystal "Chrysi" Remington , she is finding out , the true colors of her fiance. He will try anything to get some money from her father Harlan Remington , a dragon shifter businessman . Ross is causing problems and

creating hardships even with a blizzard on the way .

Travel and Nature photographer Nevis , bear shifter , who is staying at Carter Eden's cabin , but his bear smells his fated mate. He is going to have to protect his mate from her kidnappers .

This story is drama hilarious rom-com adventures emotional roller coaster captivating sizzling chemistry hot provocative streamy explosives sex action and captivating from start to finish ? ? . I love and recommend this book to everyone ? ? I voluntarily ARC for honest review .

L M says

A great addition to this series. Every now and then an author writes a book that just makes you feel happy. This book was it for me in this series.

Nevis has taken off to the mountain to get some thinking time in, so he can sort out what he wants to do as his dad is pressuring him.

Chrystal has gone hiking with her fiancé and soon learns his true character.

I loved how this story unfolded and how courtly and sweet Nevis was with Chrysi.

Good plot with nice characters and I loved Chrysi's dad Harlan. He would be a great mate for our fiery dragon Fiona.

Janet L. Hage says

When a hike with your fiancee goes terribly wrong

Chrysi goes on a hike with her fiancee little did she know she would meet and fall in love with her savior, a bear shifter named Nevis. Both Chrysi and Nevis are children of industry, find that they are destined to be a mated couple at first sight. Well-written with well-developed characterization. You will hate the bad guys and love the romance. Adult readers due sexual content.

MaryD says

This is a series about a bear shifter community. For the most part, each book is focused more on the physical aspect of each bear finding his/ her mate and not too much on plot or character development.

This one has a little more plot with the kidnapping of Chrysi by her so-called fiance. Bear shifter Nevis is trying to think about his future outside of his father's company. He realizes that Chrysi is his mate and goes to rescue her.

Marsha Spohn says

Reviewed at Shifter Haven

Nevis escaped to the snowy mountains to do some more photography, but really to search his heart over a decision that has plagued him most of his life. His heart was in these mountains, in his love of nature and capturing its beauty in his photographs. It certainly wasn't in the boardroom where his father intended him to be. Nevis' sister was far better suited to that position than he was – but his father was at times a sexist, old fashioned man. It was time to make his intentions clear, even though they would probably cause a rift between father and son.

Probably the last thing Nevis expected to see was a woman obviously running from something in the beginnings of this snow storm. He'd been out before the storm when he caught her scent. He decided to approach her in his bear form and believing that herding one human was going to be the only way to get her back to his cabin and safety from the storm. She was obviously on the run, but there was even more danger of staying out in the storm. They'd face what had to be faced together – for this stranger was his mate, and no one was going to harm her.

Chrysi got the surprise of her life when the man she'd agreed to married turned out to be such a fiend that he's willing to kidnap her and hold her for ransom. Talk about misjudging someone. Her adoptive father may have seen his true colors, but he always allowed Chrysi to make her own decisions without his influence. Now she kinda wishes he'd said something this time. Fortunately for her, he and his sidekick weren't too bright so she'd alluded them for now... but with the storm coming in fast that might mean her own death by a different means.

Storm Bear is fast paced, enjoyable and gives us some times with people we've known from previous stories. It also gives us a huge hint about the next story.... and it's gonna be amazing. Chrysi and Nevis make such a perfect for each other couple. Their strengths and weakness counterbalance each other. And the additional family drama finally answered some questions that have been in the background. I enjoyed Storm Bear very much and I wouldn't hesitate to recommend this story or any in this series to Paranormal Romance or Shifter Romance readers.

I read this title through my Kindle Unlimited subscription.

Cindy Hardegree says

Sweet!

I so enjoyed reading this romantic, fun and steamy book today especially since its hot outside and the talk of snow was a very pleasant way to spend the afternoon. Sigh. But importantly, I loved the characters and their love and strength for not only each other but all the members of their families.

Busybeth76 says

Family conflict, family love

Nevis is a photographer. He's also a bear shifter. His father is insisting he come work in his company, in fact that is causing quite an uproar. So Nevis is in the hills, escaping his dad and thinking about his future. This is where he meets Chrysi, running for her life in a snowstorm. Fate has brought him his real mate. Now they

just need to survive kidnappers, snowstorms and a father acting more bizarre every day. Nevis & Chrysi learn to trust & support each other and are a wonderful, sexy pair of smart, unique fated, loving mates. Quick read, riveting story.

Elizabeth says

Chrysi and Nevis

Really enjoyable read! The story flowed easily and keep me hooked to the very end. Chrysi find herself in a isolated mountain facing a snow storm with a man she should trust but doesn't. Nevis is a bear shifter roaming the mountains trying to make a decision about his future when he stumbles on a woman in danger. The last thing he expects in this stormy night is to find his mate engaged to another and in danger. Highly recommended

Maria says

3.5 Stars - Chrysi and Nevis story was just O.K. I felt it left me feeling as though it was not quite finished or maybe that there was too much of a gap between the last chapter and the epilogue. It just did not all come together for me. It was too quick and did not develop fully.

Basically Nevis does he want to take over his father's business so it goes up to the mountains for a while. And during a snowstorm he comes across a female who is fleeing two men. He realizes she is his mate.

Chrysi, is engaged to be married and her and her fiance go up into the mountains. And there she realizes his true nature and he tries to kidnap her for ransom money. It is not successful because a huge bear intervenes.

I hope book 6 is better then this one since it has to do with her father finding his mate in Bear Creek.

Eliza Olsen says

Another awesome book by Harmony Raines !

I loved reading this book. The author brought to life the story for me . I can almost see the love between Chrysi and Novis . Wow I could really see the change from man to bear in the words written . This author brought it to life in her words. I'm loving these shifter romances . Never thought I would but Harmony Raines has made me a believer . If you don't believe in a shifter romance just give these books by her a chance and you too will believe I promise ! Thanks again Harmony for sure an awesome book ! I'm ready for the next one . Too bad I've promised my seven year old grandson I'll go to Six Flags with him today so it will be tomorrow before I can read the next book in this awesome series !

Janet Hendricks says

My Favorite Return to Bear Creek Story

Chrysti and Nevis...Stranded together during a snowstorm, Chrysti and Nevis enjoy their new-found mate status. Once the storm is over, however, real life intrudes. Chrysti's former fiance and his partner in crime need to be punished for trying to kidnap Chrysti, Nevis's father is acting strange and Chrysti's father, Harlan, is searching for his elusive mate.

This just might be my favorite book so far in this series. It has an HEA for Nevis and Chrysti, but there is a cliffhanger for Harlan. Who is his mate? I hope we don't have to wait too long to find out.

Pat says

Great read

Enjoying the series. Its great to read one book after another, it's easier to remember everyone and not waiting for next book. Each book has a different story line and new people but the same theme .love and HEA.

Jane Elizabeth says

I...

I just love Harmony's stories! As I have said prior to this, I really like the fact she brings real human physical, mental, and emotional issues into the storylines.

Chrysti and Nevis's story is a fun, suspenseful, romantic tale of deceit, survival, family, and hope. The books in the series are each standalones, but should really be read in order for true comprehension. Read them, you won't be disappointed!
