The concept behind this book is unique in that all the "specially required" items are from Trader Joe's. The book is well written and visually appealing. All the recipes were pretty unique, but I give the book only 3 stars because many of the recipes just didn't appeal to me that much.

Recipes I would like to try:

- BBQ Pasta Salad
  - Hairdresser Blondies
  - Bread Pudding with Bourbon Sauce
  - Maxi-Mini Peanut Butter Cup Cookies

Recipes sound really good but would have appreciated more pictures.

I love Trader Joe's so I had to get this book. I was vegetarian at the time(Now I'm vegan) and a lot of the recipes were either vegetarian or could be easily made that way. The sad part is, I found one of the recipes that claimed to be vegetarian, to not be. It was a dish I was making for my sister that contained a pesto that contained cheese made with rennet. After that I checked all labels when making things from the book. But all in all it was still a pretty good cook book.

Quick, easy, and everything from TJ's. If you need a fast meal, dessert, or snack, this book makes it easy.

It was an ok recipe book. I'm looking for certain types of recipes and I wasn't able to get it from this book in particular. If you're a vegan, this is not your type of book. If you're trying to eat really healthy, this may not be the book for you either, as a lot of recipes use nuts, oils, dairy (in other words, rich foods that do not care about waistlines). There were a few recipes I really appreciated though and will make those ones.

I wish I lived nearer to a Trader Joe's! The cookbook gets 4.5 Stars. Next time I get near a Joe's I already have a list of stuff I learned about from this cookbook I want to buy: mache, creme fraiche, corn and chile tomato-less salsa, Giotto's Pesto alla Genovese, Israeli couscous, dried rainier cherries, savory broth concentrate, frozen raspberry creme brulee, artisan puff pastry, wild Maine blueberry fruit sauce, and I can go on and on and on! The entire dessert section looked glorious along with the salad section!

My only complaint about this book is the author loves the "stinky" cheeses: goat cheese, blue cheese, feta cheese, and gorgonzola cheese. While some people love those I am not such a fan.

So far I've made the Maple Honey Chicken & the Sautéed Chard of Many Colors with Pine Nuts - both incredibly fast & simple to prepare, and incredibly yummy! I've marked quite a few other things to try...

I'll check this book out again once Salt Lake has our own Trader Joe's this fall!

I <3 Trader Joe's but I wasn't really into the recipes this book had to offer, the majority of them I will not be cooking. I enjoyed the authors writing style and related to her enthusiasm towards TJ's but was dissapointed that the book didn't contain more photography.

Has a lot of basic and creative recipes that are easy to throw together without being boring. Not dependent on trader joes, although she really does love trader joes.

I love Trader Joe's, but I hate cooking. In fact, I hate cooking so much, that even these simple recipes are too much for me. Sorry, TJ's book. Nothing against you. How about a TJ's cookbook that tells you what the ACTUAL cooking time is for all of their foods. Does anyone else experience this? The packages for their foods tell you one thing, and you usually have to add several minutes to it. I HATE that.

Copied some recipes. The pork and cranberry recipes all look good. will try them and see which ones I like best.
