## **The Wish** Dahlia Lu

"An eternity is such a long time to rule alone. Will you join me in Hell?"

The Archangel Lucifer, Sovereign of Hell, was awakened ahead of his time by the blood of a teenage girl. To satisfy his curiosity, he revived her from her untimely death and granted her a final wish worth dying for.

Kali's life has been one tragedy after another. Orphaned since the day she was born, Kali was brought up by her unfeeling grandmother. She too passed away shortly after Kali turned fourteen. The world was too big of a place for a small soul like her to survive on her own. Kali had no choice, but to rely on her childhood friend, Chevalier, for financial support. The two clung to each other, and together they tried to survive the undercurrent beneath the murky water in the sea of life.

But that is only the beginning. Weeks before her sixteenth birthday, Kali will meet a man who will ruthlessly tear the sheer fabric of her life and thrust her into a world far more dangerous than anything she could fathom.

A fast-paced novel.

## From Reader Review The Wish for online ebook

### Danielle says

Honestly, the story in this book was amazing.

However, the structure was poor. This book had me agonizing over the smallest things because there were mistakes **EVERYWHERE**. There were mistakes in the words themselves (i.e. ignorance instead of ignorant; confident instead of confidence; "it is" and "is it" were confused in several places). Also, the story was not believable. This goes far beyond suspended disbelief. I cannot say how many times I had the overwhelming urge to throw my Kindle at a wall because I was so frustrated with what I was reading.

The only reason I finished this book was because I absolutely had to know what happened next.

Dahlia Lu, you are an excellent storyteller, but before you publish your next book, please do not forget to research, proofread, and revise.

---

### Czarinah says

Da eff? I gotta say this was one of the most frustrating books I have ever read! I mean I don't even know if it was a sad or happy ending. I can't decide!

Just when things were going well, something happens that just makes you scream "the sh!t has hit the fan" arghhhh!

On the bright side, the premise is quite interesting and I'm curious as to how their love will end up

---

### Danielle says

i loved this book i have read it for the first time and the ending made me burst into tears and so did parts in the middle, christ it was cool i want to read the next one but i cant get it on my kindle aww too bad i guess i'll just have to wait

---

### Lauren says

As much as I loved the story I just couldn't fathom Lucifer having feelings for a mortal. We are taught his is so evil and everything he does is deceitful that to even imagine he could love was throwing me off. :smirk: Nonetheless, I thoroughly enjoyed reading it and I'm interested to see what happens next on his quest for his beloved. This is a brand new author that I will say is constantly catching me eye.

---

### Elizabeth Mueller says

With such a spell-binding plot, excellent world-building, as well as enchanting and entrancing characters, I can easily forgive the little grammar mistakes.

Lu can whip up a fabulous love-triangle that had me rooting for one boy, then the other until I gave up and just hoped for the best.

I enjoyed how the author fictionalized Heaven and Hell, giving it a Greek Myth feel.

The love of son for mother had me crying--great job for making me cry! ;) The author has a real knack for having the reader fall in love with everyone--both the good and bad.

I'd like to thank you, Dahlia Lu, for sharing your wonderful talent with this absolute page-turner.

---

### **Ana says**

I read some of the reviews talking about the poor writing but I decided to read it anyway and I gotta say I'm not entirely sorry. The writing is indeed excruciating! The author writes only slightly better than a 3 year old child. It's too fast-paced to actually develop a sensible plot and it feels way too rushed. It's actually a shame because it has so much potential! The idea behind it is wonderful, smart and really interesting and it's pretty much the only reason why I endured all the wrong past tenses and other mistakes. They are, oh so many! But if you are somehow able to ignore all that...the idea is really great. This book really needs a serious revision! Also it wouldn't hurt to slow things down more. It would be better to have split the story for two books and had the details more developed.

---

### **Mona says**

Ok, this was different. I don't think I have read a book where the devil might be in love. No that is not the main theme but it caught me by surprise. The character were well thought out and very rememberable. I judge a book on whether I can remember everyone name and a good idea of their character after I finished a book. In this one I had no problem remember all the characters but also having a great feel for each character. I am looking forward to book two.

---

### **Michelle (In Libris Veritas) says**

So thankful that this was free, because if I had spent any amount of money on this I would have been very upset.

The story and concept is the one that drew me in because I am a sucker for this sort of thing. Lucifer falling in love sounds like it would pretty interesting, that is if it is written correctly. This wasn't. The writing was very simple, and not in a good way. It felt more like an amateur fanfiction story then a true novel, it was plain and uninspiring story that tried to hard to be a intelligent and embellished one. It felt as if a thesaurus was practically crammed into it, it just didn't flow like a naturally. The conversations felt scripted, like a soap opera. The plot moves way to fast so the character development is more instantaneous then anything.

There are few issues with the amount of spacing between paragraphs, especially when there is a time skip. It kept throwing me off and I had to go back and see what I had missed.

I didn't want to finish it but I did, and now I'm going to put this in a folder in my kindle and forget about it.

---

### **Angarad says**

Who knew the Devi could be so in love.

This is a beautiful story about a girl who didn't have anything, didn't ask for anything but was loved beyond measure.

---

### **Moon Love says**

This book is really interesting. I'd rate it a 3.75/5. I'm wondering how it ends and it looks like there is another book maybe wrapping up the story.. The only disturbing thing is that the Kali is 15 when all of this goes down. Kinda hard for me to digest a 15 year old with someone who is 22 or older. But that's my own personal hangup. Once I got started, it was hard for me to stop and I read straight through.

---

### **Shannon says**

I thought this book was really well written. That the storyline was very good, it was interesting and flowed quite well I am looking forward to reading the next book.

---

### **Angie says**

I can usually get over grammatical and spelling errors pretty easy- I read fanfiction A LOT. However, I got this book off of Amazon and although interesting, it had so many errors that I couldn't just read the book and it finally got too frustrating. Did the author even proofread??

---

### **Pam says**

Wow! It was an amazing read. I Never thought I would feel sorry for the devil...but I did. It truly touched my heart.

---

### **P.A. says**

This is an excellent novel. Very good plot and extremely likable characters. It's really sad that Dahila thanks her editor on the dedication page and yet the amount of grammatical errors almost make the book unreadable. Even with all the errors it was well worth stumbling through.

---

### **Lisa says**

I've marked this book as read but, honestly, I couldn't get any further than the third chapter. The glut of misused words and grammatical mistakes were absolutely unbearable. Don't waste your time... unless, of course, you fancy being irritated.
