¿Puede el hombre decretar algo y hacer que sea una realidad? ¡Definitivamente que puede! El hombre siempre ha decretado lo que ha aparecido en su mundo y está hoy mismo decretando lo que está apareciendo en su mundo y continuará haciéndolo mientras el hombre sea Consciente de Ser hombre. Nada ha aparecido nunca en el mundo del hombre que no sea lo que el hombre ha decretado que debería.

Great reading

This book puts the scriptures in perspective in regard to who or what God is and is not. Recommend for anyone who wants to move away from the fear based Christian beliefs.

I would basically recommend anything written by Neville Goddard. He teaches us how to live a life of happiness. You don't have to be a saint and sinners are not excluded!

His words written from 1940's onward are still 100% relevant to date.

Francis Bacon says - "Some books are to be tasted, others to be swallowed, and some few to be chewed and digested." This is a kind of book that should be chewed and digested, that is to say, it should be read wholly with diligence and attention. Now I'm in love with neville and looking forward to read more books of him. It feels like the new beautiful journey has begun:)

Hmmm, I don't know what to think.

Jessi Payne says

Interesting mindset book about taking responsibility for your life and taking action.

Rex Ross says

This is a very clear, straightforward, and practical book into what is known as New Thought. I got a little

irritated with the "Jesus" and "God" talk and the old fashioned language but what can you expect of a man from that time? The ideas he presents are very factual and it only takes some experiments with his works, or those of Dr. Christopher Hyatt or Robert Anton Wilson to prove this. Very good book and looking to peer into his others.

Asumir nueva conciencia....

Es tan grande e importante el tomar conciencia sobre el poder tan infinito que somos que no captamos o vemos en su dimensión lo que somos y lo que podemos SER

Daniel Taylor says

What if there was a sure-fire way to claim whatever you desire?

There is. And this Law of Expression is backed with thousands of years of history of people doing just that.

If God has led you to pray for a desire on your heart, He's already delivered. Give thanks for receiving it in the past tense.

Stop asking for things in the past tense and coming from a place of lack. Feel the aftermath of your desire in your life to find reasons to be grateful.

If you can get your hands on a copy, this is a must-read for students of the Law of Attraction or those who have progressed to living life from divine inspiration.
