## **Robin Perryman says**

### **Great Series**

Whoa! This is getting good. Is it me or is Tashia doing too much? Both Jamel and Mega needs to drop her. She is being selfish like she didn't play a part in all the mess. She can't keep Mega from his child if it's his and interfering with Jamel's paternity. It's time for her to woman up and choose one man. I can't wait til she finds out about her trifling mama. I like Mega but not for her. He seems like a lot of fun. I see a lot more drama coming and I am loving it.

Nataysia and Mega are back again and this ride is even crazier than before. After finding out about Mega engagement. Taysia makes up her mind that its time to move and and try to rekindle her marriage with her husband little do she know she is about to get the shock of her life. When all hands have been laid out on the table who will end up winning in this twisted love affair?

Part 2 picks up right where one left off. Although this was a pretty decent read and I got the info that I wanted. I will honestly say that I was disappointed. I felt like this book was rushed and needed a little more ump. I will continue the series.

## **Sharon says**

Can we say this book was all of that. Nataysia wanted her cake and eat it too in this book. She was doing a little too much for me. Her emotions was all of over the place. I just loveeeeeeeee me some Mega, baby he is all that with some hot chocolate and marshmallows. I just want Taysia to get her life right and be with this man but she playing little girl games. Let's see what ends up happening in book 3

**Tesha Joyner says**

Can't wait for the next part to see what happens. Everything seems to be coming to the light. I wonder how MeMe going to feel about the blood test. Will Mega & Jamel get into it at the hospital. I really want to know whose baby is Tay carrying. This book was so good because when you have history you do try to work things out. I am glad jamel & Tay is working it out but with all the lies & secrets will they be able to with stand it. I'm ready to known good job.

**Tonia says****All I want is Hood Love 2**

Tay need to stop playing and follow her heart. That Damn Mega is the man... Tay mother is down right nasty for what she did.

**Taz Will says**

I really don't like Taysia, just too many games with how she's doing Mega when she was the one to start all the mess going on. Then for her to turn around and play like she was sooo upset about JaMel like she didn't have a hand in it was too much. I enjoyed this one better but I had to get into it to really follow along.

**Alexanderia Thompson says**

**WTF**

I read the first which was okay but it had potential. However the second book was all over the place. It seemed rushed and unrealistic.

---

**Bianca Jones says**

**Lord**

This series is so dramad out and it's only the second book. I can't wait to dive into the third book.

---

**DTP1908 says**

**Too Much**

That's Mega's baby. Jamel is up the creek without a paddle cause apparently MeMe played him! His only baby mama is Ms. Debra! Ohhh she is trifflin! I bet Erica is the kid she gave up.

---

**Tandra Crews says**

**OMG**

Loved it! I realize Mega's cockiness is actually very sexy. He doesn't play any games when it comes to his family.

**Erica Wells says**

Great

**So dang good**

A must read these characters coming out full force with the drama. Mega is crazy to planned an engagement party just to get under taysia skin. Kira and rock still going strong even though Jay is stalking her. Mel and meme secret is out and taysia is making him pay only to find out she pregnant also. Debra is a sad piece of work. Mega and taysia playing games with each other instead of just being together. Simone and Erica are the dumbest criminals ever. Taysia doing a DNA test was shocking,but that ending can't wait for ish hit the fan.
