Cardcaptor Sakura: Master of the Clow, Vol. 1 CLAMP , Anita Sengupta (Translator)

Capturing Cards was only the beginning...

Once upon a magic night, an English sorcerer mixed Western wizardry with Eastern enchantments to create a magical deck of cards called the Clow Cards. These cards were hidden inside a dusty old book for decades, their powers virtually wasted. Then one fateful day, a young girl named Sakura Kinomoto discovered the book in her father's library. When she opened it, however, the Clow Cards were gone—and so was life as she knew it. The book's magical guardian, a diminutive winged lion, named Sakura the Cardcaptor, and after many exciting adventures, she finally retrieved all of the cards. Now Sakura has earned the title Master of the Clow.

An ominous force is brewing in Tomoeda. New enchantments are popping up all over the city, and Sakura's Clow Cards seem completely unable to stop them. But when Sakura taps into her inner power to fuel the Clow Cards, she unlocks a new magic of her own creation. Thus begins this 10-year-old's quest to become the greatest magician in the world!

Dude, the last time I read this book was YEARS AGO. YEEEEEEEEEARS AGO, meaning the 5th grade. And I'm a freshman in high school right now, so that's saying something, right??

But I do remember Cardcaptor Sakura. And I liked this series, especially the MOTC series.

Since I can't remember EVERY SINGLE BIT of Cardcaptor Sakura: MOTC, I will try to make this review short and snappy. (And...I have to read like 18 other books and one of them is due to my school library TOMORROW!!!! HYAH!

So basically, this book was adorable. ADORABLE.

AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHDORABLE. It's also extremely original and I've never read a book like it!! EVER!!! EVER!! This is a one of a kind series.

And the romance is adorable. I loved the situation where there is someone trying to confess but always getting interrupted AND how the person getting confessed to is so incredibly dense.

Even though it gets me sitting at the edge of my seat, I just love the suspense! I LOVE IT!!!

So basically the story is originally original. The story is cute. I liked it. 3 SPARKLY SPARKLY STARS!!!! So if you're a fan of mahou shoujo manga, you'll love this one.

-I'll show you a sweet dream, next night.

I love Cardcaptor Sakura, which is why I want to be honest about my opinion that this volume is lacking. It spends almost the entire time setting up the premise for certain events and not nearly enough time with the events itself. What saves it from a two star rating is the fact that no matter how dismal a scene is, the characters are brilliantly written and their complex relationships are endearing. I hope I find the next volume to be more of a classic fun Cardcaptor story.

Sakura: (in a letter to Ms. Mizuki) We have a new student in 5th grade, class 2, today. A boy named Eriol Hiiragizawa. He seems like a nice guy. But... (out loud) ...it doesn't seem like I just met him for the first time... Hiiragizawa...

Eriol: Me, neither.

Sakura: (surprised) H-Hiiragizawa!

Eriol: Oh, I'm sorry to surprise you. It doesn't feel like I'm meeting you for the first time, either...

Sakura: It's rather strange.

Eriol: Maybe we've met before. Perhaps we've met each other before we were born.

These are my favorite note from this volume:

- Eriol has come to the school.
- Kero's longing feeling for his previous master.
- And Suppi's arrival, my cutie pie one (sorry Kero), can't wait for next volume when Kero will force him with the sweet food.

DO I NEED TO SAY MORE? BECAUSE THIS IS THE BEST.

It is getting very interesting since new characters are starting to appear (I already knew them from the anime adaptation, though). Still nice to see them again.

PD: Please could Tomoyo be more adorable? I love her.

When asked what my favorite manga-ka is, I'd have to say CLAMP without a moment's hesitation. When asked what my favorite manga by CLAMP is, though, I hesitate. It's so hard to narrow it down.

Ultimately, though, CCS is definitely in my top five. This manga is so damn charming. The main character is wonderful, delightful, and so strong, her supporting cast is memorable and beautiful. The manga covers many themes and motifs, but the one that's most compelling to me is the concept that love comes in all forms and is the greatest strength. And this manga does present lots of different types of love - whether it be between a girl and a boy, two boys, two girls, unrequited, May/December, Human/Supernatural, or eternal... This manga presents it all sweetly and perfectly.

It's so wonderful to watch Sakura grow into the heroine she is, to watch all those around her grow and change as well. The manga is intensely satisfying, wonderfully sweet, and one I never get tired of rereading.

Another new and mysterious character appears. His name is Eriol.
And I don't like him.

Sandra Girard-Demontigny says

It had been a while since I had read Sakura's book and I really missed it. It was really good and I really devoured it. I can't wait to see what will happen in the next book. I will probably read it later in the day since I have it with me. I like Sakura's character so much. It reminds me of my youth.

Ça faisait un bon moment que je n'avais pas lu de livre de Sakura et ça ma vraiment manqué. Il était vraiment bon et je l'ai vraiment dévoré. J'ai vraiment hâte de voir ce qui se produira dans le prochain tome. Je vais probablement le lire plus tard dans la journée étant donné que je l'ai avec moi. J'aime tellement le personnage de Sakura. Ça me rappel ma jeunesse.

Eriol tiene más cara de malo que de misterioso.

When I was younger I watch the anime for this manga and I adored it.
Now after reading it I can't help but love it more!
I would say this is one of the rare true childrens manga out there that can be read by all ages.

Aimee says

I enjoyed this first installment to this series. I found the first 6 volumes for twenty cents a piece at a thrift store. What a deal for such good manga.
