Delighting Daisy Lynn Richards

Daisy Lambert knew she wasn't the type of woman to garner many second glances. She was what her friends called "well padded". Yet somehow she's suddenly caught the eyes of her fantasy man—well muscled FBI agent Gideon Sinclair.

Gideon was tired of sleeping his way through the female population. But he doesn't just want a loving wife - he wants an adventurous partner. Someone willing to walk on the wild side of love. And he knows just the woman.

When his demands on the curvy beauty are met with willing submission, will he be the one surrendering his heart

WARNING: Intended for Mature Audiences only. This book contains submission, dominance, spanking and some very interesting uses of an ice cube...

Book Description:

Daisy Lambert knew she wasn't the type of woman to garner many second glances. She was what her friends called "well padded". Yet somehow she's suddenly caught the eyes of her fantasy man—well muscled FBI agent Gideon Sinclair.

Gideon was tired of sleeping his way through the female population. But he doesn't just want a loving wife - he wants an adventurous partner. Someone willing to walk on the wild side of love. And he knows just the woman.

When his demands on the curvy beauty are met with willing submission, will he be the one surrendering his heart.

My Thoughts:

Wow!!! I'm sorry but I just did not like this story. This was slated as an erotic story which I suppose it was; however, I have read other erotic romances that have had MUCH more story to them. This story was spastic. Gideon barely acknowledged Daisy at the party but then he wanted to dance with her after overlooking her for all the "taken" women. During their dance he tells her that he "didn't watch" during a sexual encounter between his partner and his woman. Daisy has no clue what he's talking about because she wasn't there and didn't even know it happened. After their dance he tell her that he's going to "eff" her and walks away leaving her (and me) to wonder *what the heck just happened here*. The office sex was over the top because it was unbelievable that he would disrespect his chief enough to do that in his office. And then he starts commanding Daisy and exclaimed, "You're mine" when.....hellllllloooo....you barely acknowledged that she existed a few days ago.

The story blurb is probably the "best" part of the book for me. But yet the whole, "will he be the one surrendering his heart" part doesn't match the story that I read at all because there were no feelings expressed.....other than lust.....and the only body part he was surrendering was the one in between his legs.

I was not at all happy with this book. Thank you Amazon for providing unsatisfied readers with refunds on ebook purchases.

Great book. And oh so funny. I was glad to hear the other guys got married in this book. And the last line of this book made me laugh out loud, a great scene for a work place relationship scene.

This is the bonus story for the trilogy which includes Under His Control, Pleasuring Tara and Taken by Force - like dominate men and submissive women? How about spanking, light bondage and absolute control? Then these are the stories for you.

I loved this delightfully wicked short read. It was hot and well-done. No need for hot chocolate to warm me up after this one ;)
