Force

Kathi S. Barton

Force Kathi S. Barton

Myles ends up at the hotel to meet with the missing woman's sister only to find her holding a gun to the head of a vamp. The woman has one of the smartest mouths he's ever heard, not to mention, tasty as hell.

Chris Collier only wants to find her sister, Millie, settle her up with whatever she needs to get her out of her life. They aren't close at all, but she is still her stepsister, and the only family she has left. But Myles insisting on helping her is getting on her last nerve until some jerk shackles them together in a bedroom without any clothes.

As mates, they can do so much more, but neither of them wants what comes with having someone in their lives full time. And as a vampire, the term 'a long life' takes on a whole new meaning. But once Myles tastes the tantalizing human, he knows that he'll never have enough of her. He only hopes he can convince her of that before she kills him.

Myles and Chris were destined to be together, the Fates had decided. But there are forces trying to pull them apart, and neither of them are sure they can win against such odds.

An ancient evil has set his sights on Chris and will stop at nothing to have her for his bed. She has been told she is destined to destroy him, but others have tried...and failed. Austin Force and his pack are ready to help, but it will take a force like no other to stop him. Will Chris be able to fulfill her destiny and defeat the beast? Or will she meet the same fate as her predecessors?

LaVida Brisco - One Last Page Book Blog says

Undefeated

This was a action-packed suspenseful read. Myles who we previously met in other books of this captivating series is feeling as if he's missing something since becoming a vampire. Enter Christina a tough as nail homicide detective trying to figure out what happened to her sister. From their first meeting the chemistry was combustible. Each chapter leaves you wanting more like a cop trying to figure out the details of the case. Mrs. Barton took us on a whirlwind trip where you felt like you were transported right into the pages and held there suspended until the end. I'm looking forward to see who's next.

Joy Whiteside says

I loved this book and definitely need to read more in this series. From the moment I started reading, I was hooked.

The book moved along with an amazing pace from the very first work till the very last word. I loved the characters and the story was very entertaining and well written, it kept me interested from beginning to end.

Everyone should experience the awesome writing of Kathi S. Barton. You wont be sorry.

Elaine Kirby says

Again Excellent!

I just love this series; especially the family aspect of it where they all look after each other & other people as well. This story is about Myles & Chris; of how they met, became mates & how Chris killed a very evil old vampire. The evil vampire had seen Chris in the memories of her step-sister & thought that he could lure Chris to him through the step-sister not knowing that Chris wants nothing to do with her step-sister. This story doesn't actually say what type of other Chris is but she's powerful enough to kill the very old evil vampire. This is a HEA story & can be read as a standalone; there are some good sex scenes in here but there's also some not good one because of the evil vampire. As the title in my caption reads this was again an excellent book & now I'm on my way to read the next book in this series.

Charlene Bauer says

I LOVED this book. The characters are so strong, and the story line is impeccable.

Myles and Chris are a force to be reckoned with, and with the love of their adopted family, they are unstoppable.

I so enjoyed reading this book, and I would highly recommend it to anyone.

iliana G says

i really wanted for Myles to get his book and here it is!
and a lovely book as well!
The only things that bumped me out was that the bad guy went out too quick.

Niki Driscoll says

I was so glad that Myles got his own story and his mate is out of this world. For not being a vampire very long Myles is in a funk, he doesn't want a mate and is not sure what he wants out of his life. Sent on a mission the last thing he expects to find is his mate pointing a gun at his head. Chris is one tough cookie, she wants to find her sister even though she thinks she is a spoiled brat. However a promise is a promise even if she doesn't want to keep it. What does she need with a vampire who says he doesn't want a mate. Again another female that gets under Austin's skin and makes you laugh out loud. Several twists and turns keep you guessing what is going to happen next. Fast paced, great characters, good storyline and bad guys you love to hate. Lots of fun to read and very enjoyable.
I voluntarily reviewed an advance copy of this book

Deb B says

I really like the stories and the characters but I don't like the writing style and I had some difficulties with the time line and the way the stories progressed. Also because the stories seemed to ramble a bit I often had trouble keeping up with with who was speaking and had to often stop to reread to place the part of the story in perspective

Cheri D Mendenhall says

Very good

Kathi has a way of making very evil bad guys but even better good characters, making roots for them. All the characters in the Force family are very funny but are able to kick-pass very well.

Denise says

Miles is a fairly new turned vampire he did not want to bite humans .
He was on vacation and he has stumble upon a murder which involved a lot of players

which he did not what to get tangle up with it .. Phil his maker has asked him to look into a missing sister report for him . So myles meet the missing sister named chris while he discovered that she was his mate .. Lets say this story has alot adventure , mystery and lots of great sex . You got one hunky vampire and one crazy chick and whole family of werewolf makes for a great time .. Dont miss this one ..

Margaret says

When Myles Kramer was human, he had been a good cop. He thought he'd been a good man too but lately he isn't sure. Now nothing seems to hold his interest and he is bored. As Phil, his maker, points out, that isn't a good thing in a vampire so young.

An extended vacation in France is cut short by finding a dead body on the beach. Only the man isn't really dead and Myles wasn't supposed to find him. After calling the police, Myles goes back home to Ohio to his unfurnished house to resume his lonely unassuming life. He isn't sure what he wants to do with his life, but Phil showing up on his doorstep with a job isn't on his agenda.

“You remember before you left that woman who came up missing? We all thought she was dead and her husband finally confessed?” Myles nodded knowing there was no hope for it. “Her sister has come up with something strange. She said she got a letter from her last week.”

Myles ends up at the hotel to meet with the missing woman's sister only to find her holding a gun to the head of a vamp. The woman has one of the smartest mouths he's ever heard, not to mention, tasty as hell.

Chris Collier only wants to find her sister, Millie, settle her up with whatever she needs to get her out of her life. They aren't close at all, but she is still her stepsister, and the only family she has left. Cindy Barton says

First let me start by saying that I absolutely loved Chris. She has been one of the best characters to come along in this series. I loved her spunk, her drive and how feisty she was. She is exactly what Myles needed to pull him out of his funk.. Myles is a newly turned vampire with a few things on his mind. He doesn't want to feed from humans and he is already bored and doesn't think he likes being a vampire. Then they meet and the rest is history. They are both cops, homicide division no less, and boy do they not like each other at first. It takes all the Forces and Campbells to herd them together, and together they all become stronger than ever and a "Force" to be reckoned with. Join with them to fight a sadistic foe and stay with them as they form new family bonds.

I was given a copy of this story by the author in exchange for a honest review.

Melanie-Smokenator says

Once again Kathi Barton made me laugh, cry, sit in suspense and then sigh in relief. Myles Kramer is a great man, turned vampire, who meets his stubborn and independent mate, Christina Collier, Chris in short, by a mixture of fates.

Chris is more than anyone realizes but all will be revealed in time...also in suspense timing. Many events unfold that leaves you on the edge of your seat wondering what next, who and why.

I love this book because the characters are strong and the story line is awesome. The relationship of friendship and love turning into family makes me wish for the next episode to happen right now. Okay yes

there are a lot of spice added but there is a lot of humor, fun and brotherhood. I love the wooden spoon punishment, it reminds me of my mom.

This is a paranormal love story of how love, trust, friendship, family will triumph over evil and that we should strive to do so in real life if possible.

I love this awesome author.

Now who is next, are there more?

SassySami says

Like the rest of the Force of Nature books, this was fantastic. It was also heartwrenching and disturbing. There were more editing errors than I'm used to in Mrs. Barton's books, but since I am already in love with her writing they're more easily forgiven. Of course, should you be reading this, Mrs. Barton, and find yourself looking for an anal-retentive beta reader, I am at your service. ;)
