## **From This Moment** Lexi Buchanan

The last thing Rona Jameson expected was the scorching connection she feels to Cade Matthews. At twenty-four, Rona is embarking on what should have been her honeymoon to Jackson Hole, Wyoming...alone. Having just gotten out of one relationship, she's hesitant to jump into another. But there's something about the forty-five year old single father of three that calls to her.

Cade knows it would be best to steer clear of Rona, but he can't deny the chemistry and longing he feels towards her. No other woman has ever made him feel strung so tight. The age difference between them however is something he's not sure he can overcome.

Jake Matthews, Cade's son, is heading home after receiving an honorable discharge from the Marines. He broke things off with Elise, six years ago, when he joined the service, afraid of her being left alone if something happened to him. Now he's back and ready to claim the girl he's never been able to forget. There's only one problem, she's engaged to another man.

Can Jake win Elise back and prove to her he's worthy of a second chance? Will Rona and Cade overcome their doubts and fears, and the other obstacles in their way?

From NY Times Bestselling author, Lexi Buchanan, two love stories in one, with a touch of taboo.

## Gabriela Tortolano says

When I first read the synopsis, I was a bit skeptical about the age difference between Rona and Cade, but once they're together you can see how perfect they are for each other. They're adorable and Cade sounds so hot for an older guy! I couldn't put it down and I know you won't be able to, either!

Allison Chaffin Higson is an awesome up and coming author and I can't wait for what's next!

There is only one word for this book...FUCKING HOT!!! ok - so maybe 2 words...

It was a nice easy read and very enjoyable. It brings a whole new meaning to 'love at first sight'. You fall in love with all the characters and am looking forward to the next book.

## Che-che says

I can not begin to tell you how great this book was. I was a little unsure seeing as how the story is about a 47yr old man who meets a 24yr old girl. I actually feel in love with this book and the really HOT main love interest.

The book starts off with a woman who was left an hour before her wedding and she is sitting in an airport going to Jacksonhole Wy, while in the airport she sees a really hot guy across the way and he is staring at her while she is staring at him. Then walks in another guy who sees her also and decides he is going to go talk to her. While talking they all learn they are going to the same place and they start talking. She learns that the guy she is instantly attracted to is the father of the guy flirting with her. The chemistry between the two is crazy HOT and the scene outside the airport while they are waiting for his son to bring the car around is intense,

This was such a good read, I LOVED IT !!!!

Rona always wanted to have and be part of a family. Will she finally have the family she's always desired? Will Cade and Rona's love be accepted? Will age be a factor preventing love?

Avis de Callixta

Nostalgiques de Diana Palmer, voilà la relève assurée. Il est tout de même étonnant de trouver en 2013 des auteures qui renouent avec la romance la plus traditionnelle sans avoir le talent ou l'idée de moderniser un peu tout cela.

Pour ceux qui ne connaissent pas Diana Palmer, sachez qu'elle a écrit et publie encore des romances où le héros est souvent plus âgé que l'héroïne et va tomber follement amoureux d'elle et la conduire avec autorité vers le mariage et les enfants. C'est ce qui se produit dans ce roman qui pourtant, partait sur d'excellentes bases et a été relu, d'après son auteure, par de jeunes écrivains qui ont montré tout leur talent récemment. Il ne faut pas donc se fier aux apparences.

Rona est sur le point de prendre un avion pour se rendre seule en lune de miel après que son fiancé lui a annoncé qu'il se pense trop jeune pour convoler. Alors qu'elle attend l'heure du décollage, elle va tomber sur Cade et Jack, un père et son fils qui se rendent précisément où elle va. Cade a quarante cinq, est grand père mais fait dix ans de moins. Il est veuf et a élevé courageusement ses trois enfants seul. Dès que Rona et Cade se découvrent, ils sont séduits, même si Jack, bien plus proche en âge de la jeune femme, est très intéressé aussi.

Cela aurait pu donner un roman plein de force et de passion contrariée où un couple inattendu, séparé par vingt années aurait pu se former. Mais l'auteure va accoucher d'une histoire, certes très sexy mais qui teste sérieusement notre crédulité pour le moins. Rona et Cade n'ont pas quitté l'aéroport où ils ont atterri qu'ils ont déjà largement profité l'un de l'autre et savent qu'ils sont amoureux pour la vie. Le reste va continuer

ainsi, au pas de charge. Au troisième chapitre, la romance est bouclée. L'écart d'âge ? Ce sera aussi vite réglé. Pas facile alors pour l'auteure de maintenir notre intérêt. Elle va devoir déployer des trésors d'imagination même si le mot n'est pas vraiment le bon. Disons qu'elle a recours souvent à la même idée lorsqu'elle a besoin d'un rebondissement, faisant surgir les méchants de service caricaturaux.

Autour du couple de héros, gravite la famille de Cade et Jack. Tous sont mariés, ont des enfants et Jack aura droit à une intrigue secondaire aussi expédiée que celle de son père. Il demeure des scènes sexy qui ne se suffisent pas à elles-mêmes mais qui sont charmantes, chaleureuses et bien mieux écrites que le reste. Cade redevient selon son propre aveu un adolescent boosté par ses hormones. La vie commune du couple est adorable entre étreintes passionnées et scènes de la vie quotidienne mais on ne peut que sourciller devant la rapidité de tout ce qui se passe et l'absence de véritables enjeux. Quant aux idéaux très traditionnels de ce couple, ils semblent un peu désuets même si ce n'est pas le plus grave.

Cela donne un roman qui manque d'une vraie histoire ce qui est tout de même le plus indispensable ! Il n'est que le premier d'une série qui devrait avoir sensiblement le même ton. Il y a d'ailleurs à la fin du roman une courte nouvelle racontant la rencontre des deux prochains héros. Pas sûr que cela soit nécessaire de poursuivre avec cette auteure...

### **Marsha says**

This book is GENIUS. A profound romance told from both points of view. I absolutely love all the characters. Today I want to take them out to dinner and "catch up." The different perspectives made the romantic moments even more erotic. The story line is full of suspense and raw emotion. I laughed, fretted, and cried. I cannot wait to delve deeper into the other characters as this series continues. Pure genius! 5/5 for me. I will recommend this to everyone.

DNF - may go back. Just didn't hold my interest. While I enjoyed the main male lead, I didn't like the writing style. Seemed juvenile to me, but it seemed the story line had potential.

OOOH MY GOD

This book was soooooo cheesy !! I don't know if it's just me reading way too much "smart" and dark reads... But I truly felt as if the book was written by a fifteen year old (except for the NUMEROUS sex scenes...Gosh, do they never stop having sex ?!!), not to mention that it was hard for me to connect with both the couples.

Also, the way Cade's (45) family reacting to him being "in love" with a 24 y.o jilted bride (clearly on the rebound and who seemed to have NO worries concerning her failed relationship) was ASOLUTELY UNBELEIVABLE. I mean, SERIOUSLY, they were like: "oh hey dad, you fell in love after 24 hours ? Oh and she's 24 ? she's younger than your children ? Oh okay that's cool. You deserve to have sex regularly now."

WHAAAAAT ?!!!!

Now, let's have a little chat about the characters.

Cade: 45 y.o Horny man who's had NO relationship whatsoever for 20 years and experienced love at first sight with a 24 y.o female. Oh and has magic sperm. And grandkids.

Rona: 24, lived in Ireland for 10 years, never picked up the accent. Jilted by her fiancé, but really doesn't give half a shit about it, likes older (really older) man, took her half a day to jump on Cade and declare herself "falling in love".

Elise: AKA Mary sue the crying doormat. Enough said.

Jake: one of this book's redeeming qualities.

Finally, the epilogue should basically be renamed the Cheese Fountain, with a sprinkle of twins :) (or the TWINS INVASION, you choose)

Ouf, done.

## **Catherine says**

I don't know what the hell everybody else who gave this book 5 stars read, but I didn't even want to rate it. Yep, that's how bad it was. The thing I dislike most about myself is that no matter how bad a book is, I still finish. I figure I've read about 40% of it, I might as finish.

In a nutshell, young woman gets dumped at the alter, goes on her honeymoon by herself, meets older man in airport, goes home with him, they tell each other they love each other 24hrs later, bunch of unnecessary drama (crazy ex), they marry, she gets pregnant....the end! UGH! So fucking cliché'. Oh...they were so many fucking editing and grammar issues that I almost did not finish. I editing issues really got under my skin!

\*0.5 Rating!
