## **From Reader Review Gambino and Pocahontas for online ebook**

### **Tramaine Green says**

Tsk tsk, Pocahontas. This woman was so devious. I instantly disliked her in Cameron because she truly seemed heartless. This book does tell more about why she is the way she is but she chose to stay that way. I enjoyed the drama and chaos. As always Jade has a good storyline and characters that stand out. 5 stars all the way!

I read this book after reading Cameron, and that Pocahontas was a hot mess! I loved how Jade intertwined the characters from both novels, and after reading Cameron I enjoyed receiving some background information on Pocahontas. This was a really good short story by Jade Jones, and will definitely make you want to read more of this author's work.

### **Donna Lewis says**

That dang Pocahontas! She is a conniving, deceitful little heifer that will do ANYTHING to make a dollar. What's the next read, cause I know there has to be more about Pocahontas. Jade Jones, girl you doing it!

Ghetto Pocahontas was a good book to read. It's caught me attention to reading from Jade Jones . I felt touchy and emotion from the beginning to the end of this book. This book is dealing with drugs, abusive relationship and many more. This is my tenth times to reading from Jade Jones. She takes her time to writing this book and she did a good job. I enjoyed reading this book and get know each of characters in this book. I will continue to reading another book from this author.

Now, I understand what is going on with Pocahontas. She has been through a lot in her life. I want to get know the rest of characters beside Cameron and Pocahontas in this book.

So far, this author and this book deserve a five stars from me.

Good Job!

Sandra

Jade Jones did her thing with this book. Pocahontas was a hot mess. She continued to just make bad choices. You will love and hate the characters in this book. Would recommend this book.

The storyline started off nice then is just trailed off. It was all over the place. There was room to do so much more with the characters. I was a little disappointed.

Ghetto Pocahontas was a good and interest book to read. This is my second time reading from author Jade Jone. I enjoyed reading this book because it's well written and the characters are funny in this book. Jade Jone is never disappointed me for this book. She did a good job. Pocahontas has lot of issue in her life. She can't taking care of herself and not be mother to her child. She was wrong for stealing money from different guys. I felt bad for her because Silk is never being there for her. Silk and Pocahontas are the worst parents to their child. Also, I felt bad for Pocahontas because she got raped by JT.

This was a page-turner. I read it in two days and in that time I couldn't put it down. I had high hopes for Pocahontas and really wanted to see her win.

Ghetto Pocahontas is the first book I've read by Jade Jones...and I absolutely loved it...The book was well put together and I could tell a lot of thought went into it...As much as I should have hated Poca in this book...I kept finding myself rooting for her and also feeling sorry for her...Usually I can predict everything that will happen next as I read a book...but the Gambino situation left me shocked and once again feeling sorry for

Poca...Pocahontas is definitely a roller coaster ride...just when you start to like her she does something else to piss you off...This read was very entertaining and I can't wait to see what happens next with Poca...until then I purchased the Cameron Series...Ebony & Ivory...and the Schemin series to catch up on the other characters tied to this book...Jade Jones has a new fan and I will continue to support...Great work lady!

I was not aware that this was a short story and once I got into it, it was over. After reading some other reviews, I found out that this may be connected to "Cameron" in some way. I did enjoy the story but I didn't have time to get attached to Pocahontas. At this point I don't feel sorry for anything that happened to her because her actions were trifling but hopefully my feelings about her will change. Great, quick read and I'm looking forward to reading more about Pocahontas.

Wow, I never knew Poca been through all of that. So glad I read this book. I wish I read it before Cameron but its all good. By time Gambino died I knew where the story was going though. Very nice read gave me a different view on Pocahontas at first I thought she was just a bitch on purpose but now I see where her decisions stemmed from. Very good book though.
