Loved this Children's Bible, and the kids did too. Beautifully illustrated and I loved the "Jesus Calling" devotions at the end of most of the stories.

This is our nightly devotional bible we use and the kids love it! The book is filled with pictures and the concepts are simple for children (I even enjoy the scripture verses as they speak to me too!)

This was a more traditional children's storybook Bible - it covered many of the stories I expected it to and in a way that felt very familiar. The illustrations were lovely, and I appreciated what they added to each story. Some of these stories end with a little section that is based on Sarah Young's popular Jesus Calling devotional. Those portions highlight a verse and a first-person message written as if it's from God. Personally, I really enjoyed this storybook Bible and think it would be a good choice for anyone looking for a children's Bible.

This was awesome for a child! Took you step by step, story by story, through the old and new testament. It was easy for Gannon to understand and he enjoyed it. He still references back to it while we are reading other books.

It was a simple read. It took me exactly seven months to read this book. I had the intention of reading it to our kids, but I ended up reading it in my alone time. It became my Bible read for the year. I try to read the Bible all the way through every year, and the *Jesus Calling Bible Storybook* became my devotional. It was well done. The art was simple and the telling of the Bible stories was simple enough for children to understand. I recommend this book for anyone.

Overall I would say this is a good introductory Bible story book. The illustrations are simple, beautiful, and nice. The stories the right length to read one a night a long with prayer and other stories. I fault it in keeping the "bad" parts out and some inaccuracies. I also don't think it really covered a lot of the Old Testament or the prophets or judges much. I also did not like how the ending was always speaking as God in the first person. I think that might be confusing for young children.

A beautiful, Gospel based gift for children & their parents.

This is my absolute favorite children's bible storybook. My daughter and I read it together every night.

This book is written as a daily first-person of Jesus. The author, Sarah Young, brings a very personal touch, as she relates the words she heard from Jesus each day. Thankfully, she began to journal what He told her. I hope you are blessed by reading it for yourself. GOD bless you.
