Keep Me Scarlet Wolfe

“Tie me up, so I can be free” –Alayna.

In the third installment of One Urge, One Plea, Keep Me Trilogy, Damon Lear has Alayna right where he wants her. He has temporarily moved her into his penthouse, so he can spend more time with her and keep her safe after receiving disturbing emails at work, blackmailing him and insinuating that he might not get to keep what he wants.

Details from Damon’s past are leaked to the media, forcing him to take Alayna away to his second home and share with her his darkest secrets. Their relationship is threatened yet again when he chooses to withhold the most painful parts.

Their exes resurface, family interfere, and paparazzi stalk them, causing chaos. During it all, Damon battles to hold on to control by pushing Alayna sexually, introducing her to new, enthralling experiences. He soon discovers he’s losing the hold on his heart when he witnesses Alayna fighting for the both of them and submitting to him completely.

This is a sexy and steamy erotica romance with BDSM. One Urge and One Plea must be read prior to reading Keep Me. For a mature audience due to explicit sexual scenes and harsh language.

Amazeballs Book Addicts says

I loved Keep Me. I loved One Urge and One Plea but Keep Me is the best one in the series. Keep Me is the third book in the One Urge, One Plea, Keep Me Trilogy. It is not a standalone. You must read One Urge and One Plea first.

Keep Me starts where One Plea left off. At the end of One Plea Alyana says some stuff to Damon, when she thinks he is sleeping. We find out that Damon was not actually sleeping. I was glad we finally get to find out what Damon has been keeping a secret. Wow, his secrets, where nothing that I had expected. There are a lot of unexpected twists in this one.

Alyana again proves how strong of a character she is. With all the bumps in the road for Damon and Alyana, we still get the hot steamy scenes that only Damon and Alyana can give us.

I loved the ending. It's the perfect way to end the series. Although I won't mind reading more of Damon and Alyana.

The One Urge, One Plea, Keep Me Trilogy is one of the best series I have read. I definitely recommend it.

I received an ARC of this book and I am so honored to have gotten the chance to read the finale of this wonderful love story!

I have to say that this is one of my favorite love stories. Damon and Alayna's love radiates off every page. Alayna was able to keep her strong personality and submit to the man that has her heart. Damon was able to keep his dominance over Alayna while still showing the softness she brought out in him.

This is a must read for all of you erotica romance lovers. Not only will you get goosebumps from the sweet side of it but you'll need a fan or two for the sexy, steamy sex scenes!

Secrets come out eventually.....

The final part of Damon and Alayna's story, it will keep you hooked!

Damon needs to come clean with Alayna, sooner than he planned. His big secret, wasn't as big as I expected (maybe I read too much lol) so in a way I wondered why he hid it. As its all let out these two have to do lots of talking, is that possible though Damon can't keep his hands off Alayna - not that she minds.

What I really liked in this part is how they got closer, Damon grew softer, In a way Damon growing softer meant he was either Damon or Sir and I'm not sure which side I prefer. Maybe I'm like Alayna and like both his sides ;)

So the sex gets steamier, the emotions get deeper and then people get in the way and cause hassle.....

As a couple they compliment each other, Alayna brings out Damon's softer side, were as Damon makes Alayna stronger, which is evident in this book. I'm also doing a virtual high five to Alayna for a few of her actions in this book, go girl!

So how many places can these two get intimate in? The sex is hot, yes it's BDSM most of the time but Alayna is really into submitting to Damon now and she gets some great rewards for it! She is not submissive out of the bedroom though and never will be, as Damon says she's Madding, personally I think she's an awesome character.

If you like your book boyfriends rich, sexy and dominant you must give this a read.

Epilogue.... ❤?

Five sexy vampy and Racey stars.

I received and arc of this book for an honest opinion.

Sheri Bishop says

In the third and final installment of this trilogy, Damon has moved Alayna in with him to protect her and be able to push her boundaries. But it doesn't quite work out the way Damon thinks it will. His past again rears its ugly head, causing friction in their relationship. Danger still lurks around the corner and Damon can't figure out where it's coming from. So he takes Alayna and flees to his other home, where he must share his past with her. But he figures he doesn't have to share all of it, just enough to placate her and whoever is causing this trouble.

Scarlet takes us to a whole new level with this book. So much excitement, so much danger, so much passion, so much desire! And what an ending!!

Man I can not tell you how awesome this book is in words yet I will try! I was lucky enough to get an ARC of this from the author herself! I am so excited to tell you it did not disappoint at all! The way the story was told kept you once again on the edge of your seat. Your emotions stayed all over the place while you laughed cried screamed and sighed lol!!! A must read for anyone and to be honest if you don't own the entire series it is your loss!!!!!!

Book 3 of 3 and it was a perfect ending!

I loved to see how each of the characters grew with each story and I thought it was an absolutely amazing story.

I was surprised about what happens to Damon and Alayna and am glad that everything worked out for them. I loved them as a couple.

Scarlet Wolfe is definitely one of my favorite authors and I love reading her books!

Amy says

Great Novella Series!

If you are looking for a fast and sexy read then this series is for you.

I loved the fact that Damon is a dominate and controlling man by nature, but his passion for Alayna has him breaking some of his rules and thawing his heart.

Book One will ignite the spark for you as the reader and give you a glimpse into what may be if Alayna returns to the city

Book Two will fan the flame of the passion and intense feelings that Damon and Alayna have for each other if they can only overcome both their stubborn personalities.

Book Three will ignite you as their relationship progresses and you learn the past that Damon and his family have fought so hard to hide.

The story unfolds over these three books and had me flipping the pages and reading each in one sitting.

I loved the fact that even though Damon is a Dom my nature in his past experiences that we see a vulnerable side of him. He and Alayna both discover the kind of kink that works best for their relationship and her limited experience in the BDSM world.

The story line is very well developed throughout all the books and leaves you clicking for the next book to find out how this relationship continues to develop!

Stephanie Marshall says

When starting this book, I was holding my breath to see how Damon was going to react and what was going to come next in this emotionally charged relationship. Scarlet Wolfe did not disappoint. This book was

amazing, the only issue I had with it is I never wanted to see the story of Damon and Alayna come to an end. I came to love these characters and the amazing chemistry that they have when they are together.

Throughout this book we are given many more details into what makes Damon Lear the man. The secrets of his past and his family. The way that Damon chooses to share the information or with hold the information from Alayna in the attempt to protect her. He and Alayna quickly learn the importance of truth and honesty, and that to make a relationship work their must be complete honesty and no secrets.

I loved this book, the trilogy was amazing and a wonderful read. It is important to not skip a page because every bit matters. As I was coming to the last few chapters of the book I became sad because I never wanted to be finished with the trilogy or Damon and Alayna, but all good things must come to an end. Thank you Scarlet for an amazing, passion driven story of life, love and the potential for happy ever after no matter what is in your past. What matters most is the present and the person that is your future.

books are love says

Wonderful way to bring completion. Or do we have completion. In some ways we do and in some ways we don't. Here Damon has become a softer and kinder person thanks to alayna. Alayna is more confident and secure. She grows in her life and writing thanks to Damon. The two battle so much together and grow close. their love is truly special.

he still fears telling Alayna about his past but does confront her with why. This is a pivotal point in the book. Everything changes here. Her attitude and understanding changes. Trust begins to form.

the intimacy is smoking. the trust is formed and the characters grow. Damon becomes more gentler and kinder. He faces many demons and learns to love again. Alayna begins to trust more and so does he.

A wonderful way to end the series and yet leave it open for more adventures for these two that we can't help fall in love with. Why? because they have fears and insecurities like all of us do. The relationship builds and trust does to just like we see in our own relationships. We have two people that can seemingly be us and that draws you in.

A truly wonderful read.

Heather Way says

I give this book 5 stars. Having read Damon and Alayna's story from the beginning, I am totally in drool worthy lust with Damon. His strong alpha-like personality draws me in. Makes me wish my husband could even have a ounce of his charm. Then seeing Alayna blossom from One Urge to One Plea...finally to keep me...Wow! She blossomed into a women every girl wishes to be!! This is a book you need to read each book in it's series from the beginning to truly appreciate their history and love for one another. I would definitely recommend you to pick up all 3 books and add them to your collection!!

Two of my favorite quotes are :

“My Body is smoldering fire when he’s near, and the vivid thoughts of him possess my mind. My heart is his, and I realized today that he has no idea how much so.”

“She’s the validation that I’m Significant and indispensable. She’s my hope and reverence.”

Way to go Scarlet!! I have many favorite Book Boyfriends...I have now just added Damon to that list!!

A perfect end to a perfect story!

Keep Me is the 3rd book in the **One Urge, One Plea, Keep Me Trilogy** and honestly, I was so sad to see it end. I'll even admit that I tried to drag it on because I just didn't want to let go. I have fallen in love with the characters.

If you've read One Urge and One Plea, you **NEED** to read Keep Me because it just gets better!

So Damon gets his wish and Alayna temporarily moves in to his penthouse. But he has no time to celebrate because the secrets he has fought so hard to keep are all about to be displayed for all to see including Alayna.

Although Damon knows that he should tell Alayna about his past he doesn't want to, afraid that she will leave him just as she has done before.

Alayna knows that Damon is hiding something from her and demands that he finally lets her in. Good for her right? Wrong?

“I think it's time for your come to Jesus meeting. Did you ever think that maybe I don't open up to you because all you're ever doing is leaving or threatening to?” Damon says to her. If I wasn't in love with Damon before, I feel even more in love with him here.

Well with that revelation everything changes. Alayna finally begins to understand the man underneath the gladiator suit and Damon opens up to her. Trust is formed.

But this book doesn't end there... The press has them hiding away, both Alayna and Damon's exes show up, and Alayna's reputation is seemingly ruined when Damon's past is revealed to the world.

But through it all... Damon begins to show us another side of him. While the gladiator is dominant and powerful, we see a softer loving man emerge.

I absolutely loved this series and I don't know what I'm going to do now that it's over. I loved that I had a chance to see this awesome transformation within Damon and Alayna.

Both characters struggled with trusting each other and when they finally saw just what the other feared,

needed and wanted, it was magical.

Their sexual connection was undeniable from the start but coupled with the love that they share, it's inspiring.

Thanks Ms. Wolfe for allowing me to review your book. I am looking forward to reading more from you.

A perfect ending to this story!

Looking back, it is truly amazing to see how much the characters changed and grew from when we met them in the first book.

I must admit that I never saw the "mystery surrounding Damon" coming; I assumed it would be something completely different than what it was.

As with the first two books in the story, this one is bursting with HOT love scenes and excellent writing.

The ending and epilogue were an absolutely PERFECT ending to the story. I could not imaging a way to improve it.

I would absolutely read ANYTHING written by Scarlet Wolfe!

Keep Me (One Urge, One Plea, Keep Me Trilogy, #3) by Scarlet Wolfe

I received a complimentary copy in exchange for an honest review.

Please don't read this review if you haven't read One Urge and One Plea.

This is the third and sadly the last of this series, and I think it's safe to say that this book tops them all. I didn't think it was possible for this series to get better but it sure did. After finally getting Alayna in the same state, Damon has succeeded in moving her into his penthouse, even if it's only temporarily. But their relationship is still far from drama free, Damon has some secrets and he is trying to cover them so he can tell Alayna himself, rather than her finding out from someone else. Exes return for drama, the media is following them around, Damon's family is even involved in the secrets, and Alayna's job is now in jeopardy. But something in Damon is changing; something is softening his heart and allowing Alayna in.

This book.... Wow, where to start. I feared starting this book because I didn't want this story to end. I didn't want to be done with these characters. Their attraction is consuming, addicting, and hot! This provided a perfect escape from reality; this book is one of those books that you can't put down. Even when the first book started, you could tell what this was; it was an arrangement, not a relationship. It was Alayna submitting to Damon and Damon dictating all the rules. Toss all that out the window, Damon finally lets Alayna in, this is no longer just about sex. Don't get me wrong, there is more than plenty of that, but the L word has entered the penthouse this time. Since this is the last in the series, there is no cliffhanger, all the secrets and questions are answered and explained, and there is a HEA. I can't say it enough, I really loved this series. I was a big fan of 50 Shades of Grey, and the Crossfire series, and these are right on the same shelf. I may need to go into mourning now that there is no more Damon. *18 and over only due to strong sexual content and some violence.

Thank you to Scarlet Wolfe for allowing me to read and review her book. I look forward to reading more of her work.

Scarlet Wolfe did not disappoint in another hot erotic read.

I loved Keep Me. I loved One Urge and One Plea but Keep Me is the best one in the series.

So Damon gets his wish and Alayna temporarily moves in to his penthouse. But he has no time to celebrate because the secrets he has fought so hard to keep are all about to be displayed for all to see including Alayna. Alayna knows that Damon is hiding something from her and demands that he finally lets her in. Can Damon do that? Letting Alayna in is hard for Damon to do, but if he don't want to lose her for good he better fess up.

Will Damon finally let Alayna in on his past? Can Alayna forget her past and finally move on?

Becky says

Good read to pass the Tim. Free at time of purchase. Alyana and Damon's love story. Set up as three novellas with HEA and no cliffhanger. Damon's big secret wasn't big a deal as the story made it out to be. Both characters were super annoying intermittent through out the book. Sex got repetitive (that's saying Lot from me) story not a new one. Definitely a fifty shades rip off but this is better written imo. Ok read if your bored and can't find a good book to read.
