Magnificent Bastard Lili Valente

F*ck Prince Charming. Sometimes, you need a Magnificent Bastard.

Face it, ladies: love sucks and then you cry...while your ex rides off into the sunset banging your best friend.

But why let a break-up end in tears when it can end with sweet revenge? Enter Magnificent Bastard Consulting and me, chief executive bastard. I've got it all—looks, brains, a heart of gold, and the killer instinct guaran-damn-teed to make your ex regret the day he said goodbye.

With the help of my virtual assistant, I've built an empire giving broken-hearted women the vengeance they deserve, while keeping myself far from the front lines of the heart. Life is a bowl of cherries, until my virtual assistant shows up on my real doorstep for the first time, begging for a Magnificent Bastard intervention of her own.

Damn... She's a bona fide sex kitten.

I pride myself on being a true pro, but pretending to be her lover soon leads to giving it to her good, hard, fast, and up against the wall. And somewhere between getting balls deep in my sweet and sexy assistant and watching her ex beg for a second chance, I break every last one of my damn rules—professional and personal.

So what's my next move? Fight for the girl who makes me want to get up on a white horse and ride to her rescue, or stay a Magnificent Bastard to the end?

Warning: MAGNIFICENT BASTARD is a stand-alone erotic romance told from the hero's point of view. No cliffhanger. Lots of dirty talk.

Full Review for 1001 Dark Nights: Bundle Nine at Of Pens and Pages.

I had a hoot reading this one! Plus points for the little fake relationship aspect and the tireless friends-to-lovers trope! After getting his heart broken by his ex, Sebastian “Bash” Prince founded Magnificent Bastard Consulting where he helps women scorned stick it to the men who dumped them. He has help in the form of his virtual assistant, Penelope “Penny” Picket, and although they’ve never met, they’ve become close friends through their digital correspondence. But when Penny makes a surprise appearance, Bash finds out how sexy his assistant, his friend, actually looks. Now Penny’s the one in need of his services when she was forced to become the maid-of-honor of her ex who left her for her very own mother.

I love Bash! He’s so charming and funny, and it was fun to read most of the novella in his perspective. I love their relationship and found their banter hilarious, and sexual tension steamy. And two words: Dirty. Talk. It was hot and not too wordy; just right to make me fan myself and hope to be the receiving end of Bash’s naughty words.

If you’re looking for a fast-paced, steamy, and funny read with a charming hero and heroine. This was my first Lili Valente read, but I’ll be sure to read her other works soon!

Sometimes, a book has a plot with great potential but it somehow ends up to be something ordinary, not anything special...

Sometimes, a book cannot make you feel... at all.

Sometimes, everything feels forced in a story. Emotions, thoughts, actions... they sometimes all feel unconvincing, lacking spirit or reason.

Sometimes, a book feels like the product of a *recipe*:

*Put some fun banter/texting

*Add some hot sex

*Now stir them with some annoying drama

Well, a little fun banter and some hot sex may colour a story but they do not guarantee a good book if it lacks other elements.

So, all this happened to me while reading this book.

Maybe it's me...

Maybe, it's the book...

(I gave my 2 stars by comparing this book with *Tangled* by Emma Chase, *Cocky Bastard* & *Stuck-up Suit* by Vi Kieland & Penelope Ward, *Play and Dirty* by Kylie Scott and such similar books that are perfect examples of **fun hot romance** for me)

Candace says

This was a light-hearted, fun and surprisingly touching story. It was full of humor and kept a smile on my face from start to finish. It was pure entertainment.

Sebastian "Bash" Prince has made a business out of helping women reclaim their pride. As the founder of Magnificent Bastard Consulting, he poses as the new boyfriend of women that have been dumped in order to get back at their exes. In the process, they get to stick it to the guy that screwed them over, rubbing his nose in what he left behind and will never have again.

Bash started his business after having his heart ripped out by his ex, time and time again. Now, he devotes his life to helping others get over the same type of pain that he's lived through. He keeps his own personal life uncomplicated and superficial, not allowing relationships to get serious and not forming any romantic attachments. He's learned his lesson and doesn't intend to repeat history.

Penny has worked as Bash's assistant without ever jetting him in person. The two have talked frequently by phone, text and e-mail, forming a strong friendship over the years. However, the nature of her work has never required face-to-face interaction.

When Penny surprises Bash with an in-person meeting, he is immediately taken by his assistant's sexy looks. He is even more shocked when she asks him for his help and tells him her story. Penny has had her heart trampled. Worse yet, she is being coerced into serving as the Maid of Honor in that same exes wedding to her own mother!

Needless to say, poor Penny has drawn the short straw in her relationships. With a self-absorbed starlet for a mother and a diabolical, social-climbing ex-boyfriend, Penny needs all the support she can get. Despite his initial apprehension, Bash will not leave his closest friend to navigate that minefield alone.

Of course, things never stay simple for long. The attraction between Bash and Penny cannot be denied. It isn't long before the two have blurred any boundaries that they established.

When tensions run high, loyalties are called into question. A couple of misleading moments cast doubt on everything that Bash and Penny have built together. Where they are inseparable one moment, they have cut ties with one another in the next.

Thankfully, everything works itself out in the end and I was left with a satisfying feeling. The narration was fantastic and kept me engaged all the way through. This was a standalone story that will not leave you hanging. If you're looking for something fun that'll keep a smile on your face, this is a great choice.

Lili Valente is not a new author for me. In fact, she is the sexy alter ego of a bestselling author. And I just love and adore her naughty side. Lili Valente has a way with her writing, her words. And each book I read reminds me why I keep coming back.

Magnificent Bastard was amazing. It was sexy, sweet, fun, hilarious, passionate, intense, and had the best storyline for a romantic comedy I have read in a while and bonus it is a standalone. I laughed. I smiled. I swooned. I fell head over heels in love.

In this book, you will meet the sexy Bash and Penny. They will take you on an unexpected journey that will stick with you. From their banter to their sizzling chemistry to their undeniable connection, fall in love right alongside Bash and Penny.

I highly recommend this book.

4 Incredible Bulk Stars

If I hadn't had sex in nearly three years, I would be trembling in a corner somewhere, jerking off and crying in a nest I'd fashioned from a stack of old Playboy magazines and my own tears.

Meet Sebastian "Bash" Prince. He's good looking, he's a self-made man and he's got the "incredible bulk" below the belt to back it all up. Gotta love a man that names his junk. After burning out at his corporate raideresque type job (do the specifics really matter?) Bash decides it's time to take a new approach to his career and starts Magnificent Bastard Consulting.

Did you catch your douche of a man cheating with the nanny? Been spectacularly and humiliatingly dumped in public? Do you just want to exact a little revenge from the man that did you wrong? MBC can help. Bash will assist you in making your ex jealous and wishing he'd never thrown you away, if that's what you're after. Want to see your ex hauled away in handcuffs? Bash is your man for digging into your ex's professional life and making sure all punishable by law offenses stick.

A little 411 on Bash: He has no use for hipsters.

I hate the thought of Penny insisting on drinking organic, locally sourced, handcrafted microbrews or dating men with questionable hygiene, tight tee shirt fetishes, and patchy facial hair. The trend toward social acceptance of men who walk the streets looking like they just rolled out of bed four days ago is offensive.

Preach!

And he's pretty specific about the beer he drinks.

From Bash: Let's talk about the monkey piss you were drinking last night. It has come to my attention via your last e-mail that you have been subjecting your taste buds to the unfiltered night sweats of an unwashed homeless man— aka Bud Light— with your pizza. That shit will cease immediately.

Double preach!

Penelope (love that name) "Penny" Pickett has worked for Bash for the past two years as his virtual assistant. She vets his clients and makes sure the crazies stay far, far away as well as scheduling his day to day life, including his online dating profiles. Penny and Bash spend hours communicating via phone, text and e-mail (see above quote from book) but after two years, they've yet to have a face to face meeting. That all changes when Penny needs a favor and Bash steps in with some MBC help.

From their very first encounter, Bash and Penny were magic together. The friendship bond had been growing steadily and then BAM! Bash is sucker punched by the awesomeness that is Penny in the flesh. The story's mostly told from Bash's POV and getting to experience him falling hard for his girl was just entertaining as hell. Of course there are the standard "I've been hurt once before so I'm not going to get close" issues and of course they work themselves out by the end.

The mix of humor and heat in *Magnificent Bastard* upped my overall enjoyment. I've come to expect a certain level of funny from the standard male POV romance books, but this one had the added bonus of being just a little sexier than the others I've read. And I aint complaining.

On a side note, these two love their ice cream. Like, a lot.

Magnificent Bastard is a little bit cute, a whole lot funny and sexy as hell. Perfect for those times you just want to kick back and be entertained.

4 Stars!!

I love when an author or a book in this case surprises me and this one totally did. Written (almost) entirely from the male main characters' perspective, this gem was fantastically written and entertaining from the

beginning until the end. Filled with humor, steam and just a little bit of angst and drama '*Magnificent Bastard*' was such a delightful, gripping read. Lili Valente is a new to me author, so to be honest I didn't know what to expect. The title appealed to me like no other. What can I say? I love a cocky and/or magnificent bastard. But here's the thing, our hero, Bash is not a bastard at all.

"Prince Charming is a crock of shit. Like unicorns, mermen, and other fairy tale creatures, he doesn't exist. (...) What you need is a Magnificent Bastard, your very own one-man vengeance machine."

Sebastian 'Bash' Prince walked away from Wall Street to start his own business '*Magnificent Bastard Consulting*'. Bash helps women to make their exes jealous, to take some kind of revenge for what they did or not did, to prove their men they are better off single. Bash accepts only cases involving 'the very worst examples of mankind, the most miserable liars, cheats, and scoundrels'. Bash is not only a successful man. He's good looking, he never mixes business with pleasure, he has an incredible junk names 'Incredible bulk' and he's a commitment- phobic, not believing in fairy tales.

"The Incredible Bulk delivers on all levels—size, appearance, and performance. My cock has been called magical in four different languages and I have no doubt that if there is a single beddable girl in the Hamptons, I could get her naked and underneath me with a minimal degree of effort."

Penelope 'Penny' Picket is Bash's virtual assistant and has worked for him for the last two years. She takes care of everything related to '*Magnificent Bastard*' Consulting and also takes care of Bash in some way or another. The fact that they have never met in person made Bash and Penny become the best of friends. All this time they communicated with each other via phone and emails, knowing each other pretty well, but maybe the time to know each other face-to-face has finally come.

"This woman is exactly my type, from the tip of her turned up nose, to her way-more-than-a-handful breasts, to the curve of her phenomenal ass."

Bash never expected to be so attracted with Penny. She seems the perfect woman for him, but he has to stay away from her since she's invaluable to his business and of course because he doesn't want to lose her friendship. But rules are made to be broken, aren't they? Because everything changes when Penny needs a personal favor.

"I'm going to get you wetter than you've ever been in your life," I continue, "make you so hot and desperate for my cock that you're begging me to fuck you. And then, if I'm in a merciful frame of mind and not in the mood to torture you a little more, I will rip these very nice panties down your legs and fuck you until you scream."

If you are looking for a fun read filled with humor, steam and two endearing main characters, look no further. '*Magnificent Bastard*' was highly entertaining and held me captive from the very beginning. The plot was well developed, the story line delightful and the two MC well portrayed and also relatable.

I absolutely loved Bash and I love the fact that (almost) the entire story is told from his perspective. Bash's voice was fun and I honestly had a blast being in his head. He's charming, fun, confident and I just loved his personality. To be honest I didn't care much about Penny. Sure, she was very likeable, fun and I empathize with her for what happened in the past, but Bash stole the show for me. However, I loved their fun and sweet moments together. They were fantastic together and they complemented each other perfectly. The witty banter and later as the story unfolded their chemistry were pretty enthralling and the steam aspect was wonderfully done. I loved the sexy scenes between them. They were well written and hot as hell. I couldn't get enough of these two!

The pace of the story was perfect, the writing was witty and I'm so looking forward to read more books by this author. Overall, a fantastic, enjoyable read!

“...she's paradise, perfection, everything I've ever wanted and everything I've been too stupid to want.”

Denisa says

Oww, this was so damn sweet!

I really didn't have high hopes for this one. Way too many people had great reviews about it and typically I'm really unlucky with these books. I'm so happy to see that everyone was right!

The only thing that I didn't really like was the ending. It was a bit too much for me...
But still, a really sweet, cute romance! The MCs are wonderful, they have everything they should. And the guy is awesome!

Otro DNF
Otro que abandono.

Estaba leyendo este libro como parte de una dinámica de intercambio, que como ya les había contado soy muy mala para cumplirlas.

Le di una oportunidad, pero la primicia me resultó demasiado molesta.

Mujeres le pagan a un hombre para que les ayude después de un rompimiento. El servicio por el que este hombre les cobra, es hacerse pasar por su novio y ellas se den el lujo de botarlo enfrente de alguien más. Y creo que también les daba apoyo emocional.

Exacto, la primicia de la historia es que las mujeres necesitamos de un hombre para recuperar la autoestima, al parecer no somos capaces de amarnos a nosotras mismas sin la ayuda de un hombre.

Trate de dejar pasar esa situación problemática, pero luego la historia se empieza a desarrollar por medio de emails, y a mí no me gustan este tipo de historias, yo no leo ni mis emails, y la autora quiere que lea todo un libro con esta mecánica.

En fin, en total este libro y yo no conectamos.

Maria♦*Steamy Reads Blog*♦ says

► Told primarily from a **male POV**, this is a pretty fast and fun read. **Bash** is a boyfriend for hire, he provides services to the ladies who want to make other men jealous. **Penny** is his virtual assistant, who has been with him for 2 years and refused to meet him in person. Well, at the beginning of the book **she finally comes out of hiding** and, surprise-surprise, she is sexy as hell.

♥ It was funny how Bash was trying not to drool, pant, grab and **keep his dick calm**. His inner monologues made me giggle. I don't really give half stars so I settled on 4 stars for this one but a big part of me enjoying this was **the narration by Tyler** what's his name. I might even like his voice more than York's (**shocker!**)

♥ So aside from being funny, this book was pretty **steamy**. Bash is a **dirty talker** and it definitely worked to his advantage.

► Now, the **things that didn't work** and why some people might not have connected with the characters. I presume it's because you are **TOLD** in the beginning of the book that the MCs have been "**virtual friends**" for 2 years and all you get is some glimpses into their correspondence through e-mails and texts. Now, it was enough for me, but I can see how for some people this relationship might feel **a bit artificial**.

► Usually in friends to lovers type of romances you would get **glimpses into the main characters' past** to see how they met (etc) and you would get a bit more anticipation before they get together. These two **jump in bed a bit too quickly for my liking** but somehow it works. I swear, it's probably **this Tyler guy** with his sexy voice.

► The **character development revolves around Penny** pretty much throughout the whole book. Bash talks about himself only in terms on his relationship with his ex and his work. We never get to find out anything about his **childhood, his family, his friends**. He is very fit and he is good in bed, but it's hard to fall head over heels for him without knowing more about him. And let's face it, for **female readers developing a**

male character is pretty important.

►If you are looking for a **fast-paced, funny, male POV book** with a **boyfriend for hire** theme... look no further :) But don't expect this book to evoke deep feelings, take it for what it is.

Guys, there's really only one way to say this (and I am, of course, quoting the great Sebastian "Bash" Prince): Before *Magnificent Bastard*...

"My life was a fart without a cute animal attached."

Snicker That is, perhaps, a tad extreme, but also 100% accurate. Because this book was so damn funny, racy and freakin' adorable that I was grinning from ear-to-fucking-ear as I read it. The emails and texts. The flirty, innuendo-laced banter. The hotter-than-hell kissing, touching, dirty-talking. And Mr. Whiskers.

And don't even get me started on the ending. The perfect(ly ridiculous) ending, which had me nearly in tears—of laughter, rest assured—as I tried to be inconspicuous in the waiting room of my daughter's gymnastics class...

Of course, if anyone had asked me what was up (and to explain my awkward I'm-not-crying-I'm-silently-laughing face), I'd have kept it pretty simple. I'd have said something along the lines of, '*Magnificent Bastard* and Bash and Penny4YourLobsterPot and Aidan and all the things are making me happy and you need to read this book and then you need to help me harass the author into writing Spectacular Rascal for Aidan because OMFG, I'm so amused and so happy and so about to pass out from not having taken a breath to explain all this to you.' <<-- See, totally simple.

Deep breath On the (very) off chance that I've failed to make myself clear with this flailily-armed rant, I ADORED this book. From the prologue to the last page, I was all about Bash (oh, sweet baby Jesus in a basket, he's the perfect blend of sexy and sweet, no lie) and Penny, and MB Consulting. And now, I am all about getting a book for Aidan (and also, trying to find some farting animal emojis). Because, let's be real, what is life without them both?! ~ Beth, 5 stars

~~~

OMG! I haven't laughed out loud quite so much while reading a book in a long time. And it was not only funny, it was sexy, and fun, and amazing!

**"Believe me, if I'd tripped and fallen onto a penis, even a hipster penis, I would remember it."**

Penny is a shy, broken woman who works for a man without meeting him for two years. Her boss is Sebastian "Bash", the Magnificent Bastard. He ruins men for women, but only for the ones who deserve it. He's actually quite a caring bastard. And he is damn good at what he does.

After two years, Penny finds herself in need of Bash's services personally, and the two finally meet. The

attraction between them is sizzling and off the charts!

**“And for a second, the world stands still and there’s just her and me, two people who have a connection that sizzles across time and space and humidity-soaked summer air.”**

Throw in an ex-boyfriend marrying her mother, twin sisters, and a whole lot of crazy and this book was so good that I couldn’t put it down. I absolutely loved that the majority of the story was from Bash’s point-of-view, and it really felt like it was a guy talking the entire time. I certainly hope that Aidan will get a story too! ~ Tiffany, 5 stars

This had everything you could want for a fast read. Quick wit, snarky fun and all from a male POV. What it also gave was a man who didn't realize what a romantic he actually was...and it was delicious to see him fall hardcore. He had had a broken heart and thought never again.

Our gal in this story had a horrible experience... one which takes the reading to see how crushing it could be... But with the help of our fella...and her seeing herself through his eyes and then her own as strong and worthy, things turn out A-OK. Magnificently hot, and wonderfully written! The humor had my sides aching constantly, and the romantic elements had me swooning right after! Who needs Prince Charming when you can have a magnificent bastard!

Bash and Penny were amazing characters, both separate and together. The dynamic between the two sparked from the very beginning, and kept growing throughout the story. The quirky and flirty banter via text and email was the perfect set-up for when they finally meet, and their relationship progresses. Misunderstandings and lack of communication were never an issue until the most important times when both of them should have known better. It had me shaking my head and yelling "what is wrong with you two?" at the book! Bash and Penny have both been hurt by the ones who were supposed to love them the most, which makes them connect with each other so easily. But it's that hurt that causes them both to run scared and push each other away.

This book is a definite MUST READ! I'm really hoping we get to see more from these two, and there's a second book in the works...Aiden's story, perhaps? \*hint, hint\*

*Es una verdad universalmente conocida que un hombre soltero poseedor del nombre SEBASTIAN es como mi próximo Book Boyfriend casi asegurado.*

Y sí... usé la frase de la Austen.

¡Demádenme!

No me importa, estoy enamorada...

Es que en serio, tengo algo con los Sebastian que me vuelven loquita, y como si el dichoso nombre no fuera poco, **la autora va y le pone la típica actitud seductora, canalla e irreverente que me encanta en mis protas masculinos.**

Uffff... Es que no tenía nada más que hacer salvo caer rendida. Porque bueno, aunque los príncipes azules no existan yo también quiero a mi magnifico bastardo pero ¡YA MISMO!

*Regresaremos a la ciudad, de vuelta a nuestras vidas separadas y finalmente olvidaré que, por un día o dos, estuve bastante seguro que me estaba enamorando de mi mejor amiga.*

En verdad no esperaba nada de un libro con una portada como esa, pero para ser sincera **estoy gratamente sorprendida. Esta historia fue una mezcla sorprendente de todo lo cliché que más me encanta en el mundo mundial...**

- ¿Un romance friends to lovers? ✓
- ¿Romance de oficina Jefe/secretaria? ✓
- ¿Noviazgo fingido? ✓
- ¿Un prota Hot as hell? ✓

Y si se me olvidó algo, seguro que lo tiene porque **este libro me gustó mucho, fue divertido, encantador, dulce, conmovedor y muy hot.** No es muy de mi agrado cuando las historias se llenan del factor "S" (sexo) en cada página, pero sabiendo de que iba la historia lo puedo pasar por alto.

Los protagonistas son grandiosos y a mi, Sebastian me conquistó desde que abrió la boca.

Lo que significa como desde la primera página, *ups...??*

~~¿Qué puedo hacer si soy así de facilota????~~

Ok, ya en plan "serio" **el libro tiene fallas, están ahí; pero en mis reseñas me dejo llevar por las sensaciones que el libro me provoca**, porque al fin y al cabo cada persona es un mundo distinto y lo que a mi me gusta a ti puede que no.

Sexy, witty, and cleverly written!! **Magnificent Bastard** by Lili Valente was a magnificently fun read!! Right off the opening pages, you are taken on a fun-filled crazy humor male POV of a man who runs a service that helps women gets back at their ex and help them find that confidence to get back out there in the dating world.

**“When you’re down and out and your heart has been ripped to shreds by an asshole with a dickish-side a mile wide, you don’t need Prince Charming. You need a man who’s not afraid to get his hands dirty, a man who can teach Mr. Wrong a thing or two about what it feels like to be deceived, betrayed, and laid low by the one person in the world you thought you could trust. What you need is a Magnificent Bastard, your very own one-man vengeance machine. Love isn’t a fairy tale, sweetheart; it’s war, and now you’ve got a soldier with an anti-asshole missile on your side.”**

So what happens when Bash aka Magnificent Bastard finds himself doing a personal favor for his virtual personal assistant, Penny? Well what happens is a riot of humor, banter, and romance of course. Bash never thought he would love again or want to love again that is until he finally meets Penny in person and tries to help her out by being her date for her mother’s wedding. Did I mention that Penny’s mother is marrying

Penny's ex-boyfriend? So yeah...hot mess of a situation!!! And so Bash will do what he does best be a magnificent bastard or will he find himself being the magnificent real life boyfriend?

If you are looking for a fun read that has humor, steam, and oh yeah a magnificent bastard, then go read this book!!!!

#### **4 Para el Increíble Bulk STARS**

**Cuando una persona dice que lo que importa es lo que uno lleva dentro y no la apariencia es verdad, pero cuando una te dice que se fijó en sus sentimientos primero que en la apariencia MIENTE**

Así de superficiales somos y esta aplica a este libro, yo primero vi la portada y me lo salté no le puse atención me valió ni la sinopsis leí, hasta que por ahí vi que tenía buenos comentarios y tenía todo lo que me gusta y le di la oportunidad y es totalmente cierto que la frase que dice **No juzgues un libro por su portada** It's True.

Y es que este libro me encantó no es la gran cosa, porque no lo es, puede ser hasta normalito PERO la personalidad de los protagonistas valió totalmente la pena, eran adorables. A demás póngame un Friends to lovers, una relación fingida, y un espécimen sexy y encantador entonces ahí estoy pegada como una abeja al polen.

Sebastián "Bash" y su compañero de batalla el increíble bulk, me conquistaron todita, Bash no pudo ser más perfecto, con esa actitud de conquistador de magnífico bastardo, sexy, sin ser arrogante en plan quiero ayudar a los mujeres necesitadas, ¿para qué quiero un príncipe azul? Y por si fuera poco era una muy buena persona sin un pasado tormentoso como muchos, sólo un poco de miedo al compromiso.

Lo que más me encantó fueron los mails y mensajes de texto, me encantan cuando interaccionan así y se ponen en modo divertidos y sus emojis me mataban de la risa, y como sólo con esa interacción se convirtieron en best Friends, aun sin verse en persona.

Odié a la mamá de Penny más que al exnovio, con una mamá como esa ¿para qué quieres una enemiga? Lo bueno que tenía a Sebastián para ayudarla y que ayuda ¿Por qué no tengo un amigo así?.

**Conclusión y Moraleja(aunque no es fábula)** No te guíes por la apariencias no seas superficial.
