### **Etienne says**

Excellent! Une fois de plus! Toujours brillamment pensé pour favoriser l'échange et l'interaction avec les enfants pour leur faire aimer la lecture, mais aussi développer leur capacités!

### **Wilde Sky says**

Mr Birthday enjoys arranging birthday parties but worries that he's forgotten someone's birthday.

The story was reasonable, but the ending was a bit too obvious.

### **Alex says**

I enjoyed this book because I like birthdays. I also enjoyed this book because Mr. Birthday celebrated a lot of birthdays.

### **Bookdragon Sean says**

Today is my birthday and a friend of mine bought me this (as a joke.)

My “obsessive” reading hobby and book collecting means that it is rather difficult for non-readers to find books for me that I do not already own. I think they did well here to think outside the box.

This is the third Mr Men book I have read, and although I feel like the author ran out of ideas for characters when he created this one, it was still a good bit of fun. I enjoyed the ten minutes it took me to read and I enjoyed the optimism and good-will Mr Birthday tries to spread when he organises birthday parties for people.

A fun book to read today!

I absolutely loved these Mr Men and Little Miss books. I remember getting them from my granny every week. There was so much from these simple characters, I remember filling my little bookshelf with all these books making sure I had got them all in right order. I wish I still had these books but somehow most of them got lost with many house moves or my mum gave the rest away. If I ever have kids, I will make sure they get the chance to experience these wonderful, colourful books.

### **Sarah Adamson says**

An excellent birthday present. This lovely modern Mr Men book by the son of the original author celebrates Mr Birthday who loves to organize birthday parties but forgets his own.

### **Maxine (Booklover Catlady) says**

If you have children you must get them the Mr Men books. Absolutely nothing like them in the world! I loved and knew well each and every character.

Mr Birthday holds special memories for me as I bought this for my son for his 3rd birthday, we still have it and it has my message to him in the front of the book. I'll keep it forever.

These books are so much fun to read to and with your kids and to be honest as an adult! We all had our favourite Mr Man - who was yours? I loved Mr Bump and Mr Tickle.

This one is an extra special family heirloom now that I hope my son can give to his first child one day. 5 wonderful stars.

The images are super beautiful. And the text was beautiful to.

### **Gavin says**

Mr. Birthday has his own birthday for a change and many of the Mr. Men and Little Misses attend, notably Mr. Forgetful.

How sweet of Mr. Birthday to spread joys and smiles in each birthday party he organized ^\_^ he's caring about his friends & remembering everyone birthdays but he forget the party of ..... I figured that person out, how about you?

I like the book a lot, very enjoyable ^\_^

### **Danielle Palmer says**

I feel the Hargreaves ran out of ideas for more Mr Men characters and were really stretching with this one. (Then again, maybe not, as I believe in the care bears there is a birthday bear as well). I still can't quite count celebrating birthdays as a character trait though... Mr Event Organizer or Mr Thoughtful May have been more accurate?

It was on my bookshelf, so it gets marked as read and gets a review lol. Present from my sister. Not one of the seminal Mr Men books, but very sweet and owning it makes me smile.
