P.S. I Really Like You Nancy E. Krulik

Bestselling author Nancy Krulik takes an inside look at what it takes to survive middle school.

Jenny has been getting gifts, cards, and notes from a secret admirer. Who could the mystery boy be? While Jenny is dealing with her admirer, Rachel and Felicia stop speaking following a basketball game in which Rachel refused to pass the ball to Felicia, and then missed the winning basket. Felicia called Rachel a ball hog in front of everyone. Now the girls are both trying to get their friends to choose sides! Will Jenny figure out who her secret admirer is? And more importantly, will her friends ever speak to one another again?

Maddie says

I want to read it but I can't wait to!!!! I love how I survived books because it gets me through life and middle school

\$hanel says

I know this is a younger kidish book but I was just going through many of my old books that I have read and I found this one that I enjoyed last year. P.S. I Really Like You is about your average teenage girl named Jenny who thinks her life is totally miserable, and that she will never be best friends with her old BFF Addie Wilson who is now part of "The Pops" (as in Popular.) One day at school Jenny finds a not at her locker that is from a special boy and has a commpliment about Jenny and at the end of the message it says P.S. I really like you. Jenny has no clue who has written this note to her and is determind to find out. Who has a crush on Jenny...;)

Mary says

A fun quick read. I think I would have definitely enjoyed it more when I was in 4th or 5th grade. It was a great reminder to what life was like back then and all the "drama" of those middle school years.

Sumire says

i havn't read this book yet but i have it haha

Jovana Garcia says

awesome.

Pooja Dimba says

This book was LAME!!!!!!!!!!!!!!

Ksenia says

I think that this book is a good book about what happens to you during middle school life, it tells how to

solve problems, tell or keep secrets and work together and solve problems together. In this book there is a girl who starts getting love letters from a secret admirer and she wants to figure it out in the end it turns out that the secret admirer are the pops who are a super mean group of kids, then the girl has to deal with it and that is the lesson.

Grace H says

Jenny got a letter from the boy and the one of pop saw that letter and they teasing Jenny by the letter. So Jenny try to find the person who wrote this letter and it's really interesting and great story. When I was in EAP Beginner, this book helps me to improve my English so if you are a EAP student, you can try this book.

GenreGroup says

The main character Jenny has a secret admirer who has been sending her gifts, flowers and cards. She is very anxious to find out who it could be! In the meantime, Jenny's best friends, Rachel and Felicia get in a big fight over a basketball game. Rachel didn't pass the ball during the game and missed the winning basket. Felicia retaliated by calling her a ball hog. Jenny is caught in the middle. Both girls want her to take their side. Jenny has to deal with all these issues and more and try to do the right thing. On top of all that, she still has to solve the mystery of who her secret admirer is.

Nina Liu says

When Jenny's friends are having a fight, and Jenny got a love letter. Things are getting crazier and crazier. Once Jenny found out who did it, she will resolve the fight that Jenny's friends were having. The Pops were the one who did the love letter, Jenny was furious. But Jenny got over it. Then she got an idea, since the sixth graders were selling jelly beans, Jenny wrote the two girls' name, and give to each of them. Then they were best friends again.

Elizabeth says

I really enjoyed this book. I finished it in a day!! It is about the Pops and the Non-Pops. After Joyce Kilmer Middle School loses the basketball championship, Felicia blames Rachael, and Rachael blames Felicia and soon all Jenny's friends turn to sides except Liza and her. Then, Jenny gets secret admire and soon figures out it's the Pops and Liza's younger brother Spencer, to help cheer up Jenny. At the end they all become friends again!! A great read and I can't wait to read the other books!!

Lola says

Lessons Learned From P.S. I Really Like You

1. No one likes anonymous love letters. Ever.
 2. Fighting friends are the worse, and you should not take a side.
 3. Mean girls will always try to mess with you. Rise above.
 4. Every problem can actually be solved with some candy.
 5. Middle school is better when you have convenient online quizzes to distract you.

Natia says

OK, I really liked this book. Jenny has definitely changed from the beginning of the series to this point. She brought her friends together after a big fight. The Pops are not the most pleasant things to be around. Addie is so conceited and self-centered. It is either her way or the highway. There was a big fight about who lost the championship and Addie's plan wasn't working the way she planned, so she only wanted Jenny to fix her friends' dispute so that her business would work. I really liked Jenny as a character. It is a good book, but I suggest that read the other books that came before it.

Lauren says

this is a really good book i like it a lot
