#### **Werewolves of New York: Dontae**

Finally the last book in this series and it was awesome. I never thought it would be Catherine that he ended up with but their story was freaking awesome.

Book 4) Dontae: Feleena Hopkins never lets us down. These "Werewolves of New York" books are terrific. Deeply feeling characters, interesting stories of our "hero" wolves, who do good deeds all the time. This is a wonderful surprise romance !! No cliffhanger and it can stand alone, but I think the other stories will be more fun and richer if you know these terrific characters. An interesting, different fantasy tale, with super hot sex, and great people will make this worthwhile for you. This was fun, fresh and fantastic !! Business men instead of rough guys, and civilized tailored suits, but the wolf is still under the skin. Loved all the characters, Dontae, Darik, Eli, and Nathaniel, plus Michelle, Rose, Talia and the elusive Catherine. Here we have Catherine, who broke Dontae's heart and left him. She breaks it off with her fiancé and leaves town to think. Dontae has left town too, and they find themselves together. Hot sex heats up fast, and they have their say in the past, too. If promises are kept, they may be back together for good !! Twists and turns, a Chicago wolf shows up, and Catherine is pregnant, a trip back to Maine, and true love, with a surprise on the beach ! Whew, lots happened. Amazing stories in this series !! Can't wait for "Werewolves of Chicago". This story will make you smile all day !!! ENJOY !!!

#### **Werewolves of New York:Dontae: A Werewolf Shifter Romance(Book 4)**

When Catherine walked out on Dontae years ago he was devastated. Catherine didn't know what Dontae's secret was, it's why he could never truly be himself around her. It is fate that brought them back together but love and marriage will keep them together. A very good story, I hope the new wolf that came into the story gets his own book.

#### **Great ending to the series.**

I loved this story, the way they kept running into each other and every encounter left them with mix feelings for each other. Catherine's character starts off as the villain but you get to know her and understand why she

made the mistakes she made. I'm also glad that even though She was the person who wronged their relationship she didn't allow him to have the upper hand. Great book I loved Dontae and Catherine.

#### **DESTINY ALWAYS FINDS A WAY!!**

Werewolves of New York-DONTAE-Book 4 -An exhilarating romantic story leaving you awe-struck.....

This story features Dontae, a drop dead gorgeous, sexy, has the voice of reason, powerful alpha were wolf; who absolutely loathes his ex-girlfriend Catherine; Catherine an audacious, sultry beauty who adores Dontae.

#### **DESTINY COMES ABOUT WHEN THE TIMING IS RIGHT!!!**

The story has a cast of astonishing, impressive and engaging characters, magnificent story-line, pent-up rage, emotions sky-rocket, camaraderie, phenomenal banter, gut-wrenching moments, unbelievable potent and picturesque scene descriptions, a heroic incident, secrets revealed, jaw-dropping spine-tingling pulsating romance, a marvelous surprise, and a spectacular heart-melting conclusion that leaves you wanting more.

Incredible exhilarating well written read by a genuinely gifted author. The intermix of authenticity and fantasy make the story potent and impressive. I adored this story; a slumber stealer for me. The characters are convincing; Dontae is valiant and vanquishes his rage with logic and unfading devotion; Catherine is fearless and gives Dontae the solace he desires. If you dote shifter stories with heroic werewolves and sizzling romance this is an excellent book for your library. In the world of shifter romance the possibilities are illimitable but always fascinating...{I received an arc for a thoroughly truthful review}. Without reservations I highly recommend this book and the series.

#### **Dontae: Werewolves of New York.**

This is the fourth book of the series where Dontae, is the last of his New York pack mates/ architects and vigilantes, to fall in love. It immediately begins with him having meaningless sex with a pick up when his ex of two years, phones him...Enter Catherine. She'd previously cheated on him because of his secrets, left him, hooked up with someone else to be married but wants his forgiveness!?!? He hates her, doesn't trust her or want to see her but the next minute he's showing her his wolf!?!? Nothing likable about either character or weak storyline. I've read Nathaniel, book one, which was ok, missed the next two, but picked this up free...kinda wished I hadn't bothered. Poor.

### **Amanda says**

Just hated Catherine and her 'it's your fault I cheated because I knew you were hiding something attitude.' Cheating = Selfish. Yes I know people make mistakes, but it doesn't mean I want to read about them.

Werewolves of New York: Dontae Book 4

Dontae lost his heart to Catherine years ago but when she shattered him with cheating they broke up. They spent years apart but both still loved each other. And one phone call changed it all. I am sorry to see the series end. I have fully enjoyed this series from the 1st book.

### **Cory Mcallister says**

Oh Dontae you stubborn wolf. Who knew he had such a sensitive side? Watching his inner struggle and finally processing the truth about what caused his relationship with Catherine to fail the first time was heartbreak. But...watching his Alpha come to the surface and claim what he truly wanted was HOT!!

### **Jani says**

From the first book in the series I was hooked as each member in the pack found their mate. This book left me smiling and feeling all happy inside. I was looking forward for each books release and after book two followed the directions of the author to be on her e-mail list. I was sent book three by the author for review prior to release. My first ARC, yeah me! I wasn't able to receive this book until it published and I have so been looking forward to reading grumpy Dontae's story. It was so worth the wait. If you love this genre, don't miss this authors work. JIR

I apologize if this is a bit vague but I do not want to ruin the pleasure of reading all the twists and turns of

Dontae's story.

All the coincidences drew me in to see where they were leading. Fate cannot be denied, Catherine and Dontae end up exactly where they belong. If they are too stubborn coincidental events help them along. I love Dontae's story because he is man enough to change. He believed with all his heart in one thing but was able to finally see the truth and open up to it. Sometimes life throws twists of faith our way and we end up right where we should be. That is if you are strong enough, or maybe just blind to the obvious, to take the first step. I enjoyed seeing the tough guy come out of his shell with the help of his one and only to reveal the - dare I say - happy guy he truly is now. A good book leaves you wanting to know more about the characters, caring about their lives, Dontae's story does just that. I hope that we hear more from this pack and the Chicago pack and maybe we will be blessed to learn about some new members of the growing family/pack. This is a book I will read again. Had me crying at the end.

### **Connie Beadle-Bush says**

I loved this entire series. But Dontae's story is my favorite. It's a true love story. He's only loved one woman and she shattered him. He spent years hating her. Then out of the blue she calls and sends him into a tailspin.

### **Cindy Sharber says**

Oh how the mighty will fall!! I never would have thought Dontae would finally get this point, but as they say, the wolf always knows and there's just no fighting it. Dontae watched his three friends fall and knew it would never happen to him, but of karma can find you and bite down hard. For years after he lost lost Catherine, he was very hard and didn't trust women at all. Catherine had hurt him deeply but he didn't see what happened as being any of his fault, til now. Catherine is due to be married in two months and she can't stop thinking about Dontae, the one she let get away, but she always felt like he was holding back and not telling her something important and she did the worst thing she could, cheated, told him and then left and never called or looked back. So she try's to call Dontae to talk to him and he just pretends she has the wrong number and get's lost in the memories of what that once had. He calls Darik to meet him for a drink, while he is standing there in front of the bar waiting, he catches her scent and can't believe that she is there and he get's really angry. They have words, Darik shows up the go into the bar and Catherine catches a cab and gets lost in her own memories. The next day Dontae decides he needs to go back to his real home and let his wolf out to work out the frustration & hurt feelings he has over Catherine. In the same manner Catherine is headed to Maine to get away and try to figure things out for her self and as always the roads seems to collide and their paths cross over & over again, that they actually have time to talk out what really happened and Of course Dontae's wolf having a mind of his own, show's Catherine what he has been hiding. Then their story truly begins again and they start anew.

Their is more but I will not ruin the highlight of this story, you are just gonna have to pick up a copy, it's free with KU.

### **Lori says**

So this storyline of insta-love veered off from the last three which should have been a good thing. Dontae has been an asshole through all three of the last books because he was cheated on by his ex, Catherine. He pretty much hated on women this whole time because of her but when they meet back up within a couple of days he

forgives her and they are professing their love for each other again. Ugh, I just couldn't take it! She was with the guy she cheated on him with for years and they were planning on getting married but she broke it off and within the next day, she is with Dontae. I hated both of them!
