## **Widow's Rule** Alaina Stanford

A young widow, Whitney concentrates on work and her children. A new client, Veronica Nelson, an elderly woman with a sour face hires Whitney as her corporate attorney. Whitney discovers Veronica has an intellectual property rights claim against a lucrative corporation that owes millions of dollars. Veronica client refuses to go to the police. Instead, she asks Whitney to rewrite her Will.

Shortly thereafter Veronica dies in her sleep. That's when the calls begin and the shadows grow eyes. So begins a chain of events that spiral quickly out of control. Whitney discovers there are some things she cannot face alone.

### **Samantha says**

I received this book for my honest review.

Whitney is trying to get over the death of her husband while taking care of 3 kids. Plus being almost 8 months pregnant is wearing her thin. But then she meets Veronica Nelson, a rich elderly woman who takes a liking to Whitney and asks her to be her corporate attorney. What happens from that point takes Whitney to a whole new level of exhaustion, fear, and anger. Whitney is soon in way over her head, and needs the help of her friends and her kid's handsome karate instructor, Heath Dixon. Can they all band together and help Whitney?

This was a wonderful book. Whitney is a character that you love from the beginning. She is strong emotionally and tries to take everything on herself. She is more worried about everyone else and takes care of everyone before she takes care of herself. I liked the circle of friends and how they have each other's back, and how they take care of one another. I also enjoyed Heath's character, he didn't hesitate for one second to jump in and help. I was happy how this book ended.

---

### **Trish Jackson says**

This is a story about a young widow with small children who triumphs over unexpected adversity.

Whitney knows it will be hard to raise two boys, and give birth to the child she is pregnant with as a single parent. She is ready for those hardships and capable of handling them.

She is not prepared for the intrigue and threats from an unknown assailant after her wealthy client and friend dies mysteriously.

Then there's the hunky karate instructor, Heath Dixon...

This was my first book by this author and I enjoyed it very much.

I received a free copy in exchange for an honest review.

### **Marichus Real says**

I was given a gifted copy by Story Cartel in exchange for an honest review.

As it is the first book in the series I read, at the beginning it was a bit of a chaos with the names of all the characters and children. Once I got them sorted out, I enjoyed the book.

Whitney has lost her husband and now she is alone with three children and seven months pregnant. She works as an attorney and she got a very wealthy new client that is going to change her life forever.

I would have liked the story more developed. It has some parts that are really brilliant but others are very poor and it has some editing issues. Despite of this, I enjoyed reading it.
