He knows immediately he'll do anything to keep her. Even if that means convincing her to marry a complete stranger.

Not that it takes too much to convince her.

Love heals all wounds.

People rating this book really high must be reading a different book!
Bad doesn't even begin to cover it.
The grammatical errors and the bad editing is something to begin with.
Then there is plethora of misinformation and wishful thinking.
The author has ZERO knowledge of real life events and didn't try to find out anything by research either.
Unbelievable information just thrown in, without anything to back them up.
Giving up at 24%

Hmm..

It was a nice story but for some reason I didn't fully enjoy it. It did feel rushed, didn't like the secondary characters, & how she would not let him do anything in the kitchen. Other than that, nice story but won't read again.

Wife To Love

If you're looking for a fast, steamy read, this is the perfect novella. It pays to be in the right place at the right time, as Robby finds out. He hears Salenah scream and is there to catch her before she passes out. She's a bloody mess, but that doesn't stop him from knowing she belongs with him. Will they stay together after they return to the States or will they go their separate ways? Grab your copy and see what happens.

New to me author. Will read more.

I am a big fan of the InstaLove trope. Jenika Snow, Aria Cole, and Alexa Riley are my faves, and this runs along the same vein. This novella could have used a bit more editing. A few wrong and missing words, but nothing too distracting. Very good read.

Another awesome read by MK Moore :) I loved Salenah & Robbie's chemistry and instant connection to one another <3

Each knew it was crazy, feeling the way they felt but they couldn't help it and just followed their instincts and that led to their happy ending <3

Of course, their first meet was ideal, the circumstances were surreal and haunting but everyone has scars and Robbie rescues Salenah after she's attacked and she's heavily bleeding and afterwards left scarred for life, he still doesn't care because he still sees her as beautiful and as HIS <3

Salenah is insecure after seeing what has been done to her face and thinks, after revealing to Robbie that she knows the person who did this to her and who sent that person and the reason behind the attack, that he's taking pity on her when he offers her help, meaning they get married; it's actually the complete opposite and he shows her too ;)

This story has a bit of everything and I liked it the best of all of the whole series so far and I can't wait to see who's story is next and I'm anxious to see what MK Moore has in store for us in her next story :)

ABSOLUTELY LOVED THE HAPPY ENDING! I was happy crying at what a beautiful family Robbie and Salenah made and I'm glad I read this because it was an awesome story <3

I loved this one!! Robbie was an adorable but alpha hero that made you fall in love with him almost instantly. When he tells you about his childhood it made me want to hug him. Salenah was a brave and sassy heroine but that's to be expected with who her father is. It's a quick fun little suspense read with a little bit of

insta love! I am curious about the other characters in this book and want to read their stories as well. Good epilogue!

I enjoyed the romance of Salenah D'Agostino and Dr. Robbie Spencer in Wife to Love. Theirs was an instalove romance. It was fast paced, steamy, intriguing, with suspense and drama. There were definite twists and turns that kept me on the edge of my seat. I loved Salenah's sassy and innocent manner along with Robbie's alpha and possessive ways. This made the story even hotter and steamier. I cant wait to read Ronnie's story next. This is a fantastic series with characters that draw you in and keep you hooked because of the action and passion on the pages. Ms. Moore has written a great story and series with characters with heart and heat. This is a must read!

My Rating: 4.7 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

The chemistry between Robbie and Salenah was off the charts!

This book is full of all that yummy Insta-goodness that I love.

Fast-paced, a lot of sexy times and just the right amount of drama to keep me intrigued. Definitely one that I couldn't put down until I was so finished.

4 big stars!

#### **Great story just a bit stilted**

Great story line, loved the characters and how Robby was such a hero. Liked that both he and Salenah were each other's firsts, that's always sweet. The story's flow was a bit stilted for me though. It didn't flow as much as I'd have liked. The emotions of the characters just didn't come through.

I prefer instalove in my stories. The more over the top, the better! This story was short and sweet. I squeezed it in on my lunch break. I will say that there were characters that I feel either had a story already or maybe they are getting stories.

This story is short, fast paced and a nice read. I read this book within half an hour and was left wanting more. I really liked Salenah, despite being a mafia princess; she was down to earth and sassy. I liked how Salenah and Robby met. I didn't like that Salenah got hurt but I liked that Robby came to a rescue. The chemistry between Robby and Salenah was instant. I like that they were both virgins and both knew that they had found their "one".

I liked that Salenah finally got to meet her sister and that she was worried about Natalia's safety. The epilogues/so many years later part of this book were super sweet. I liked how this book ended. The storyline for this book is easy to follow and a nice read. I cannot wait to read more books from this series.

### **Amanda Lee says**

Robbie and Salenah were absolutely perfect together, I loved their first meeting and how Salenah didn't let anyone tell her what to do. This was fast paced and there was suspense that kept it intriguing. If you like insta love and sweet happily ever afters then this is definitely the book for you

#### **Love to Love this story!**

This was the third book in the Love Series.

This book is the story of Robby the younger brother to Derrick who is in book 1, but can be enjoyed as a standalone.

Review:

I loved this story from the beginning. It was intriguing and full of twists and turns. Robby rescues Salenah from being attacked and the rest was a whirlwind quick love story that had me running to finish the book.

As in true MK Moore fashion this story is insta-love if that isn't your thing then this book isn't for you. I am a huge insta-love fan and this book delivered on all the things I love in the genre.

Now I am itching to get my hands on all the other story plot lines that were hinted at in this Novella.
