**A Deliverer Comes** Jill Williamson

**Part 8 of Jill Williamson's Epic Fantasy Series The Kinsman Chronicles**

Grayson has become the king's spy, traveling the new land to determine the strengths and weaknesses of Armania's enemies. On one such mission, he uncovers a seedbed of destruction that is responsible for the infighting between the giant tribes and the oppression of the Puru people. He does what he can to help, but his actions are considered an act of war.

Meanwhile, Chieftess Charlon has found a way to make magic in this new land, and as evenroot sources diminish, Barthel Rogedoth and Empress Jazlyn will do anything to learn her secret.

In her captivity, Onika the prophetess stumbles onto a new ability of the voicing magic. She returns to Armanguard to train warriors to enter the Veil and fight an unseen evil that has been subjugating the souls of humanity for generations.

*A Deliverer Comes* is collected together with parts 7 and 9 in *King's War*.

## **From Reader Review A Deliverer Comes for online ebook**

### **Fire says**

This is a great continuation to an epic fantasy world that comes to life with each page. The writing of this whole story is so vivid and smooth and it feels like watching a movie as you read as each word comes alive in your mind. I can't wait to read the final installment of this series when it comes out!

---

### **TJ says**

This was my favorite book in this series. When most series wane, this series is just getting better and better. The characters either seem like friends as you laugh at their banter or like enemies that you can't wait for their demise. Can't wait for the last book in this series.

---

### **Adam & says**

#### **Incredible series**

So sad that there's only one part left in this amazing series of books. Williamson is an absolutely outstanding author.

---

### **Gary Deveau says**

A Deliverer Comes (The Kinsman Chronicles) Part 8 measures up to the same top-shelf quality as Jill Williamson's other works. As with her other stories, this book leads the reader on a winding journey filled with complex characters through even more complex worlds.

The author explores the hard topics of faith, deliverance, and the healing of memories, to name a few, via the ancient art of storytelling.

My wife and I have both been reading this series and we both highly recommend this book, as well as the entire Kinsman Chronicles series, as an enjoyable read which is suitable for the whole family.
