A Wolf's Savage Embrace Darlene Kuncytes

Hard-headed and fiercely independent - Katrina Winslow is definitely not used to being told what to do. Yet - just when she thinks her life might be heading in the right direction for the very first time - she's hit with a bomb-shell; and her past pops up to haunt her.

Suddenly, she is sent down a path that she has no desire what so ever to take; and is told to leave behind the one man that she could possibly care for - or he'll be killed. And that makes for one ticked off Witch!

Now, it's Lucas Blackwater's turn to show Kat that he is a force to be reckoned with. He is the Alpha male of his pack - sarcastic, overbearing and drop-dead gorgeous...and definitely not used to being told no.

When Kat tells him that she's leaving - he doesn't take the news well - and forces her to take him with her. Whether she likes it or not.

Together they begin a journey that will change their world in more ways than they could ever have imagined. And, as Kat tries to push Luke away; for what she believes is his own safety - Luke has other idea's. And the sparks fly!

Can Luke convince her that what they have between them is real - or will the dangers that threaten everything they are destroy them? And, everyone that they love - including Abby and Desmond.

A fun, sultry, touching romance with passion and heart! It will grab you and hold on - from start to finish! Join the next journey in the Supernatural Desire Series.

It is 3 am and I just finished the book. I could not stop reading!! I love this series and this author so much. Luke and Katrina are awesome together. I love her little "nicknames" for him, they make me really laugh. And I swear, I thought I was going to have to call the fire department to put me out those two are so Hot!!! From the very beginning, it pulled me in and held on tight!! And Desmond and Abby are here for our enjoyment also, loved them so much in book one, A Vampire's Saving Embrace. I experienced all the emotions with this book, Worry, anger, hope, happiness, desire, sadness, and at the end, uncontrollable, rolling on the floor, laughter!! It had an absolute perfect ending. I cannot wait for the next one!! This one definitely deserves more than 5 stars!!

I loved this book. But then I am a self-described wolf lover.

This is Kat & Luke's book. We met them both in "A Vampire's Saving Embrace." Kat is Abby's best friend & a semi non-practicing witch. Luke is the Alpha of the pack that works for and lives with Desmond. And, mam oh man, do sparks fly with these two. The repartee in this book is absolutely hilarious. I love the little snipes that Kat is constantly taking at Lucas.

You have it all in this book! Suspense, action, anger, happiness, hot steamy sex, & hilarity. I definitely recommend this book to anyone over the age of 18 that love PNR!!! Can't wait for the next one!!!

OK guys I thought she couldn't amaze me anymore than she did with Vampires Saving Embrace BUT boy was I WRONG!! This books completely kicks butt!! Luke and Kat are just WOW!! They have such a chemistry, it makes your toes curl!! I ABSOLUTELY can not wait for the next book!!

Oh I've fallen in love with Luke and Kat. I love how feisty Kat is. One of my fave lines was "Care to take a little stroll through the woods with the Big Bad Wolf.? " lol loved that. I love the introduction of harper as well. Oh and I love the twist also. I couldn't put this book down. A must read.

I received this book from the author in return for a fair and honest review.

This is Kat and Luke's story and it is hot from the outset. We met them briefly at the end of A Vampire's Saving Embrace and I couldn't wait to hear more about them. I love their relationship, it's that simple. Things are definitely 'tense' between them, but the wit is fast-flowing and sharp, 'Glinda' and 'Benji' are just a couple of their nicknames for each other.

Kat's witchy skills are okay, but she cut ties as such with her coven long ago. The relationship with her mother is tricky at best. So when her mother rings her out of the blue to warn her against a relationship with Luke, oh and, by the way, you have a sister too, things pretty much go crazy from there on in for poor Kat.

Luke does his best to keep his attraction to Kat in hand, as well as keep her safe, but the damned witch won't do as she's told and keeps getting into trouble.

The best thing about this series is that the ties are so strong between all of them that you keep seeing old friends pop up in the current story. Desmond and Abby each play their part in this story and it's great to see things working out so well for them.

The ending is quite tense (no spoilers) so be prepared to hold your breath as you turn the pages.

I am loving this series and have high hopes for Marcus, bless him, he needs his HEA.

I thought the first book in this series was great so I had to read this one as soon as I finished the first. I'm so glad I did. It was awesome. A lot of the characters I fell in love with carried over from the first book but there were many new ones also. The book was romantic, extremely suspenseful, sad in places, and very funny in others. Luke and Kat's chemistry is awesome and I loved their sarcastic banter. Throwing Harper into the mix was a great twist. I'm really looking forward to the next book in this series!

Books&Dreams says

If Darlene's first book A Vampire's Saving Embrace got 5 stars from me then this one gets 5 SUPER HOT ones!!!

Luke .. oh LUKE~!! This story takes over where the last one left off, in book one.. This is book Two.

The story is about Luke and Kat. Luke a stubborn, sarcastic, gorgeous Werewolf. Kat red headed, hard headed, and very independent. Luke is an Alpha used to getting his way because he is a leader, and Kat is just Kat and she is used to getting her way, because she makes it happen! She is a Witch and he is a Werewolf !! What else can you ask for! How about super hot tantalizing sexiness, that shoots off of both of them in waves!!

Kat fights it.. Why because she is trying to protect Luke, yes she is falling in love, but to her his safety is the most important thing to her, and Luke is doing everything in his power to show this incredible woman why they belong together!!

What more could you want!! ?? Idk maybe Luke to be real!!

Again Darlene has out done herself and gave me a ride that I never wanted to get off of! There were surprises, and beautiful tender moments and then there was moments of hot passion!!!

This is a book that you don't want to miss especially if you loved her first book! The only thing I ask is that you include Desmond and Luke in everything that you write from now on!!! I don't know what we will do without them!!

Jen Cothran says

This picks up right after A Vampire's Savage Embrace with Luke and Kat's story. And what a story it is!! You can't help but enjoy this book throughout with all the humor and lust between the two main characters. And just when you think you're along for a good read, it gets even better! Witches and Demons and Family Dysfunction makes this a suspenseful adventure as Kat tries to find a sister she never knew she had after a call from a mother she doesn't want to talk to. Luke is powerful and liquid sex on legs and the passion doesn't stop.

Eagerly waiting for this tale to continue in Marcus' story!

Recommend this series highly as it was all around enjoyable.

Favorite quote: "Damn it, wolf. You are an ass-monkey! Dear God! When they were passing out brains they must have run out by the time they got to you."

Marie says

Omg. I just finished A Wolf's Savage Embrace and holy cow, it was amazing! I loved it! I adored Abby and Des and was glad they played a part in book 2, but Kat and Luke...I was held by their passion and poor Kats

struggle to save him by trying to keep her distance. It definitely didn't work but who in their right mind could? Luke is yummy. I was shocked by the conclusion and can not wait for Marcus!

Debbie says

enjoyed this much more than the first one!

4.25 stars

Katrina and Lucas appear in the first book. Kat is a witch and Luke an Alpha Were. Kat is sent to retrieve a sister she never knew she had, by her absent for 3 years mother. ONLY she is supposed to go alone, and "leave the wolf behind" Luke has other ideas, he can feel something big is happening, not just between him and Kat, but in the supernatural world in general. and he is right, he just didn't realise how bad it was, or how it would effect him and Kat, as well as Abby and Desmond from the first book.

Kat is a no holes barred kind of witch, not a particularly powerful one, though and she takes no prisoners with a sassy mouth. Lucas is convinced Kat is his mate. her body tells him so, she just needs to admit it to herself! I love the witty name calling Kat has for Luke, but equally the passion between them is awesome. faced with a terrible decision, it takes a life or death deal for Kat to realise that she loves Luke. the underlaying story runs along from the first to this book, but im sure its not finished yet, especially with the two little surprises at the end!

Desmond's brother is up next, Marcus and I look forward to reading that. these books are getting better as the writer finds her flow, and skill.

I was giving a copy of this book in exchange for my honest review.

Just when I thought this series couldn't get much hotter, BAM!!!! We get A Wolf's Savage Embrace. It is most defiantly a book for a reader 18 yrs and older. A Wolf's Savage Embrace is the second book in a paranormal series, called Supernatural Desire. Each book in the series follows a different couple, I love that about this series, it's not often you get a look into all the characters life's. A Wolf's Savage Embrace is about Katrina a stubborn witch and Luke a very very hot werewolf. I love these two characters they are funny and so full of passion, I really enjoyed watching their story unfold. Darlene Kuncytes does such a great job making Kat and Luke's story come to life and I love how book 1 and book 2 tie together. A Wolf's Savage Embrace is a story full of surprises, laughs and tears, it's quite the roller costar ride of emotions. I really have falling in love with this series and can't wait for book 3. I know there are more surprises just waiting to be discovered. I would recommend you read book one, A Vampire's Saving Embrace, first because it makes the big reveal in A Wolf's Savage Embrace that much better. If your looking for a hot steamy read, I would pick up your copies of book 1 and 2 today and fall in love. Happy Reading.

Oh my god I thought Desmond was hot but Luke takes the cake. He is down right sexy as sin...I loved his character he's a bad ass alpha and tough as nails but also vulnerable and sweet and loving all in one I needed him to have his HEA. Kat she's also a bad ass who calls Luke names like Benji and mutt but she also feels protected with him. The author wrote book one amazingly but this one was better, I loved the action, the banter between Luke and Kat I loved Des and Abby back in this book and all sorts of things revealed. Wow what a awesome story. I can't say too much without giving things away but oh my what a sexy and sweet, mysterious and crazy story. 5 stars

Sharon Dunn says

If this one is anything like the first book, then I can already tell you that I love it!!

Hoping for a third book about Marcus!

Jennifer Prouse says

Darlene does it again in this book. Great story with a good carryover from book one without any gaps in the story. This book will bring the reader into it and keep you interested in the characters and story. Keeps you on your toes and interested in what's going on next and how things will turn out. The end of the book draws this part of the story nicely to a close while leaving the reader interested in the next part of the story. Loved the book and highly recommend it to all who enjoy romance and/or paranormal works.
