**Be Worshipful: Glorifying God for Who He Is (The BE Series Commentary Psalms 1-89** Warren W. Wiersbe

Writing as they would to a dear friend, the psalmists?King David and others?compose a songwriter's masterpiece through their unfathomable awe of the Creator of the universe. Out of the bottomless well of human emotion and purity of expression come both cries of pain and shouts of joy?genuine expressions which not only elevate our respect for the psalmists themselves, but also draw us into a deeper relationship with our Lord.

# **From Reader Review Be Worshipful: Glorifying God for Who He Is (The BE Series Commentary Psalms 1-89 for online ebook**

## **L. Ropiequet says**

Wiersbe's Bible commentaries are insightful, provide a historical reference and just seem...fresh! Used this book and Be Exultant In a Psalm (mostly) a day devo quest. Be Worshipful served me well, even sparking more in-depth study as the psalms corresponded with other OT books.

---

## **Richard Kuhn says**

Warren Wiersbe's work on the first three books of Psalms is insightful, relevant, resourceful and a fantastic key in unlocking some of the mysteries of the first 89 Psalms.

BE WORSHIPFUL is one of a series of commentaries, commonly known as the BE books. The series takes a book of the Bible, or in some cases the book is divided into two BE books as in this case, and comments on the chapters and verse of the biblical book. A very standard structure for biblical commentaries. What stands out is his style and the ease of the terminology.

The transcendent style the author employs takes the historical aspect of the scripture and relates it to the reader's life in today's post modern era. Wiersbe accomplishes this with a vernacular that is easy to read, easy to understand and thus becomes easy to remember. The author is noted as one of the most widely known bible teachers of this day and is quoted throughout most credible studies of the present day biblical genre. After reading BE WORSHIPFUL, it is easy to understand why.

I won't comment on the content as this book certainly deserves to be read. If understanding Psalms and their relevance, getting to know David a little better; and/or just using BE WORSHIPFUL as a reference source, you won't be sorry you invested the time and money.

## **Frans Karlsson says**

A psalm by psalm look at the first 89 psalms linking them to other books in the Bible. Read the book as a daily devotional.

---

## **Renee Martin says**

I love the psalms. I like Wiersbe's books. Unfortunately, this was the hardest book to get through. It was pretty boring and repetitious but did contain a few golden nuggets of enjoyment that could be underlined/highlighted.

---

## **Mike Eccles says**

It has taken me two and a half months to get through this volume, reading one or more of the psalms and Wiersbe's insights nearly every morning as part of my early morning routine. This is only the second of Wiersbe's volumes that I have found to be difficult to read easily. For me there is too much biblical history and cross referencing, and if you don't follow all the references much of the commentary is difficult to follow or remember, and leads, for me, to the temptation to skim read, which I did on many occasions. I have his book on the remaining psalms... I'm not sure if or when I'll give it a go.

---

## **Laurel Hicks says**

Warren Wiersbe's enriching and enlightening meditations upon and explanations of each of the first 89 psalms make me want to begin immediately on the companion book of this set. Wiersbe has studied the entire Bible in depth and taught it verse by verse and thus is able tie it together in each of his volumes. A delight!
