C'Yani and Meek 3: A Dangerous Hood Love Tina J

Meek finally popped the question and everything was perfect until his ex found a way to interrupt their happiness. Embarrassed and humiliated, C'Yani runs out and straight into the person she least expects; Kim. However; things get chaotic and C'Yani has to find a way to escape the drama. But how can she when people are coming for her at every angle?

Meek has done everything to keep his woman safe, yet; they still try to get her. One by one, he gets rid of them but his biggest problem seems to have dropped off the planet. Him and his family have searched high and low and nothing. That is until Kim plays the victim in a situation she caused. She tries using it to her advantage but not without consequences she won't be able to escape.

Teri comes to grips with the fact her and Shakim's mother will never be friends. Sadly, Tionne can't deal with her son's choice and feel she's being secretive and cheating on him. It draws a lot of tension between the mother and son, but when Shakim witnesses the hatred his mother has, nothing will stop him from making sure Teri doesn't leave and his mom suffers.

In this EXPLOSIVE finale, find out if C'Yani will stay in this Dangerous Hood Love or will she say enough is enough?

This series was better than I thought it would be. Lately, I have been finishing books that I have started, just to go ahead and be done with them. I haven't read anything that I really enjoyed in a long time until this book. I really wish I had known that this was a spin off because I like to read books in order. Either way, it didn't take anything away from the book and I still enjoyed it. Great job author. I will be reading more of your creations??

A great series

A good ending to a great series. I have enjoyed every page of this well written series. From the first page of book 1 to the last page of book 3 you will not want to put it down. Not will you want it to end. Tina H is definitely a author that has a great writing style and you will want to read everything she writes.

Great read

Loved this series! Thank goodness c'yan and meek made it because it was curve ball after curve ball. I really thought tionne was going to get it together and finally be forgiven but guess not. Kim was about as looney as they come. Really going to miss the whole crew but def enjoyed reading about them

LOVE IT!

I do not know where to start. Let me start by saying I am happy for C'Yani, she finally found love. Kim is straight crazy. Teri is wrong on so many levels. Jasmine is straight trash. Shakim's mother is just plain trifling. This series was great it pulled me right in! A couple of times I had to reread some parts because I thought I missed something. I love the way that Meek and Shakim's family stuck together even against his mother.

A MUST READ SERIES

Love this series from the first page of the first book to the last page of the finale. This series was one rollercoaster ride and I enjoyed the ride. Hated to see it end will miss these characters. Now, Tina you know we're still going to ask for a spin-off.. Lol. C'Yani and Meek have endured so much, mainly at the hands of Kim. Who was a delusional psycho, crazy as they come. Ironic, the one woman she hated beyond measures is the one who ended her life. C'Yani, shows so much growth throughout this series. So glad that all the couples got their happily ever after. Highly recommend this series. Amazing job Tina J.

???Crazy...

This book gave me a ulcerLol This is my first year reading Tina J while vacationing in Mexico.... you amaze me every time... I have to stop listening to you on text to speech in the car while I drive because the other drivers just stare at me while I yell about killing someone...You have done another great job continue to do it your way...I love it...

Great ending

How dare Tina say we can't have a spinoff when that's exactly what we're going to ask for and she know it. Tionne was so delusional and I don't blame Shakim one bit for treating her the way he did. Him and Teri were made for each other and the love they shared was beautiful. C'Yani and Meek had been through a lot to be with each other and it finally paid off because they got the family and the happy ending they both deserved. I was so happy when Kim got dealt with because she got on my lastttttttt nerve. Great read Tina you did your thing like always. Always and forever a fan of your work

C'Yani shocked everyone when she shot Kim crazy behind. This was was first time reading books by Tina J she is simply amazing. Can't wait to read more from her. I love how the guys went hard for their women. Momma Bailey did that Windmill ??

Couldn't put it down

This book was outstanding! Kim was crazier then I thought. Like I knew she was psycho but she took it to a whole new level! Like she had to go there was no other choice smh! And all for someone who has shown over and over that he ain't thinking about you! C'Yani has reall evolved throughout this series! You really saw that in this book.I was really hoping that Tionne would have gotten it together by now! Clearly I was mistaken. A leopard can't change its spots. I don't blame Teri & Shak at all! Mrs. Bailey came through and showed out! I was like gone head! I couldn't get enough of lil Fazza. Jasmine didn't suffer enough to me. She was doing to dang on much! I can't believe you said don't ask for a spinoff like really! Sensational job

Great

It was some touch and go for a minute but the ending! Kim finally died and I haven't been happier lol! Shak and playing them games! Baby number five and meek ain't to far behind baby number four another set of twins! Man I don't know what type of man they are but to have all these crazy chicks after them! I'm glad they got they women and settled down. I wished more for tionne but she deserves it! Atleast she gets to see the kids she better be happy

Outstanding Series!!

Hell of roller coaster ride!! Mannn. the things Cee & Meek went through hell and high water for their HEA!! Shak's Mom attitude toward Teri was ridiculous!! Loved how the Men, didn't play when it came to their loves. Jasmine and Theresa were delusional hoes and Kim was bat-**it -crazy!! the editing was off in Finale, but will definitely be perusing authors catalog

?????????????????

What can I say Tina J has done it again. I truly enjoyed this series. Kim was certified crazy and would stop at nothing until she had Meek. When Cyani mother was fighting Shakim Mom, I laughed so. Fazza and them are to funny along with Meek Grand Daddy - lol

Job well done.
