Fashionably Flawed

Robyn Peterman

Fashionably Flawed Robyn Peterman

You think your job is tedious? Try being the Harbinger of Evil for a day.

I dare you...

What's the Devil to do when his fire no longer burns away his sins and Fate is screwing with his... well, fate? Easy—lie, cheat, steal and dictate my questionably accurate autobiography slash romance novel to my unwilling and outstandingly rude Vampyre niece.

Welcome to my Hell.

A mysterious darkness is gunning for me and this time it might prevail, but I have little time to worry about that. Instead of seeking it out, I shall simply go about business as usual. If it's fated, it will find me.

My list is long. Traveling to Earth to promote my bestselling romance novel at an alarming book convention where I must protect my privates from the rabid lady readers is enough to frighten even the Devil. Not to mention, I have to avoid my insane mother like the plague and catch the smart-mouthed, gorgeous soul seller on Earth—who may or may not be someone I'd like to keep.

So today is a day like any other. Punishments must be doled out and chaos must be encouraged. A vacation would be lovely, but there is no rest for the weary... or the evil. Luckily I know how to have an outstanding time doing outrageously bad things. Thank Hades, I'm a handsome bastard.

There is no fated happily ever after for the Prince of Darkness, no matter what ridiculous ending my niece slaps onto my autobiography.

Or is there?

Fate is a bitch, but she usually gets it right.

Fashionably Flawed Details

Julie scott says

Fashionably Flawed: Book Nine, The Hot Damned Series

This was great Awsome wish the next one was coming out sooner then next year but I will try to be patient.....Love The Hot Damned Series.....woooahoo

Wanda says

I have been waiting for Satan to get his own book since Fashionably Dead Down Under. He is hot and oh so smexy!

WTG on making this one of the funnies books yet in the Hot Damn Series.

With Astrid, her half sisters Tiara and lets not forget Fate's help, Satan hopefully will find his HEA.

I could not stop laughing my way through the Romance Conference.

This is a total must read for 2017.....Who am I kidding, this is a must read ALWAYS!!!

Ercilda says

I. Want. More!! I think the next part of this series needs to be out sooner rather than later. I loved it. The ending had me all up in my feels and it may or may not have made my eyes leak.

Cheryl says

Just when you think that the expected ending will happen you get an ending with a twist! An excellent book with action, mystery, romance, and humor. Read and enjoy because I know there will be a to be continued story! Satan is from an unusual family with lots of friends who love him and he doesn't expect a happy ending which is what we expect with romance books. Read and learn about Elle and her story and you will be hooked.

Robyn Peterman writes such excellent books and I throughly enjoyed this book!

Maraya21 (The Reading Dragon) says

4.5 Stars

Warning: The Squee level has reached critical mass. Destruction imminent.

I have been waiting for this book for fucking ever. And I am not disappointed.

This was me throughout the book:

IT WAS FUCKING GREAT! I just adore that sinister immortal! ❤

Pre-Review or whatever it's called

squeee at deafening levels

squeee level: over 9000

Marie Brown (Marie's Tempting Reads) says

Marie's Tempting Reads ARC Review:

A fun, mysterious, outrageous story featuring Satan and is fantastic self! This book had plenty of hysterically LAUGH OUT LOUD moments and pure shake-your-head-I-can't-believe-that-happened moments that was truly entertaining and of course, it has an ending that leaves you knowing there will be MORE from Satan!

These Hot Damned stories are addicting...like dark chocolate and mint cookies addicting! And I have been anticipating Satan's story for several books now and I can't be more happy with how his book turned out! He was outrageous and full of surprises and wonderfully bad yet had a almost...soft side you don't expect. He had me smiling and laughing and I just kind of crushed on him! And his story is SO epic! Robyn Peterman you are AWESOME!

Fashionably Flawed gets a ELECTRIFYING FIVE SHOOTING STARS! Its so crazy and wild and fun, you won't want to miss it!

Candace says

5 Candi Kisses & OMGoodness and Evil, in the same room.

As always Robyn brings us into her wacky and wonderful world and the adventure is a hoot. The Devil is one handsome SOB and his Siren is a perfect match for him.

Evil and deceitful to the core, Elle has not had the best millennia ever, but if "Blade Inferno" has any say in the matter she will definitely have a better millennia this time around.

Add that to seeing all of the old gang, although I missed Samuel, a lot.

I am hoping to see Blade at the Coastal Magic Convention and get a signed book **swoon**....Thank you for another awesome, beautifully written adventure since the last book in this series.

Dawn says

Once again I am not disappointed. I have never read a book by Robyn Peterman that I have not loved, and this was no exception. I lean towards books that will shed a little light in my life and bring a smile to my face. Ok so these bring more than a smile, most of the time I just laugh.

I love the interaction between Astrid and her uncle Satan. They know when to push a little and when to let it go. Their sense of family may be a little stranger than some but they are usually a pretty fun group. I don't want to give away anything, and Robyn does a much better job with her blurb to tell you what the story is about. My honest opinion is to get a copy of this book and you will have a great time reading it. You can't go wrong with any of Robyn's books. Pick them up and enjoy.

Lisa Norvell says

This

Series is so much fun. I am so sorry to have to wait til March 2018 before I get my next fix.

Skye "HEA addict" Burch says

This book is nuts in the most brilliant way possible. The Hot Damned series is the one I anxiously wait months to devour the next book and each one is perfection. I didn't know how much I was going to like Satan's POV, but I shouldn't have worried. Robyn is a darn genius who can make any character loveable, even if he is a liar and a cheat. Is it March yet??

Susan says

The wait is over! Satan has his own book! Yay!!! And it did not disappoint. He's sexy, sarcastic, and steals office supplies! What more can you ask for? Non stop laughs from start to finish with Satan, Astrid, and Tiara (my new fave who totally needs her own book)!

Michelle Mays says

Satan..

Just when you thought you couldn't love this series and characters more, Robyn drops a cliffhanger in your lap. Only she can make you feel pitty for a fallen angel. March can't come soon enough.

Angie Bartley says

Too funny for words. Finally getting a whole book about Satan was worth the wait. Elle is the perfect match for him and I can't wait to see what happens next between them. With appearances by Mother Nature, Astrid, Tara, and Dixie to name a few, this book will have you howling with laughter. Do not read this anywhere or anytime you need to be quiet.

Terri ♥ (aka Mrs. Christian Grey) says

This book didn't work for me. The narrator was good. Considering this book didn't end with a HEA but a somewhat cliffy, what was the point of the insta love? The couple had met once spent less than an hour together before they professed their love. It was ridiculous as there was no world building to explain it. The twist was predictable and not finishing the story meant the author could have taken the time to develop the relationship. Let's not talk about all of the world building plot holes. This is a 2.5 for me. I'll round up because I finished. The laughs on me because I bought and spent precious time listening to this hot mess. Now onto an author who know how to write paranormal though it's UF. Oh P.S. the recycled plot. The whole drunk Delores on the job felt like Dixie's story and her mom. Just saying.

Jessica Miller says

Love this series

I was wondering when he would get his own story. This book was so great. I laughed, cried a little, but laughed way more. Can't wait for the next book.
