Let's Go To Grammy's Aunt Eebs , Sprout

A special weekend is in store for the adorable Dino-Buddies as they visit Grammy and Pap s house. The Dino-Stars have fun the entire weekend while picking berries, eating Grammy s homemade jam, helping Pap make ice cream, and listening to great stories. The sweet dinosaurs know that Grammy and Pap s house has the bathtub with the funny feet and the most comfortable porch swing in Onid Valley!

Onid Valley (that's "DINO" spelled backward) is the magical land where the adorable Dino-Buddies live and play. "Friends of Distinction . . . Not Extinction," the Dino-Buddies are indeed Dino-Stars!

The Dino-Buddies are of a non-violent nature and enjoy wholesome activities, but sometimes they have to watch out for their not-so-very-nice neighbors, the Dino-BuLLies! Children learn how to cope the buLLying we all experience, even as adults.

With 24 pages of colorful airbrushed artwork, the book offers examples of good manners, safe habits, and above all, kindness. Creatively written by Aunt Eebs . . . and Sprout!, each book is highlighted with a unique melodic, rhyming verse that children delight in hearing again and again.

Also offered in Spanish. Each title is not only available in paperback, hardback, ePUB, CD, but ALSO eBook App on iTunes and Google Play w/ full narration, Touch'n'Listen HotSpots, 10 fun, educational games and music.

A delightful story of spending a day with grandparents. Bright and vivid illustrations. IO won this book through Goodreads.

Received this book along with a read-along cd from a good reads giveaway. This is just the type of book I love to read to my grandkids, beautifully written and illustrated. Wholesome and refreshing.

Malia says

I received a free copy from a Goodreads giveaway.

The dino-buddies are off to Grammy and Pap's for the day. The illustrations are bright and vivid and the font easily readable. The dino-buddies are quite busy all day doing very outdoorsy adventures but I felt like the story was missing a conflict/climax so it felt a little flat in that department. It was still a delightfully fun read. I think it's great that a cd is available to accompany the book as well!
