## Magia de Sangre Kim Richardson

ELENA SOBREVIVIÓ LAS GARRAS DE LOS REYES BRUJOS y sus mortales pruebas para volver a Cielos Grises. Aun así, todavía está muy lejos de donde desea estar, salvando al amor de su vida. A medida que ella y sus valientes acompañantes se embarcan en una nueva búsqueda en territorio enemigo para salvar a Jon, Elena se encontrará con peligros nunca antes imaginados.

Mientras tanto y en medio de una nube de rumores acerca de fuerzas monstruosas en el horizonte, una incommensurable tragedia sacude el mundo de Elena. La obscuridad crece en su alma, causada por el despertar de la magia negra, y de pronto se encuentra dirigiéndose por un camino mortal, a riesgo de convertirse en uno de los mismos monstruos que trata de matar.

Pero si Elena no puede encontrar la fuerza para luchar, no solo contra la obscuridad que lleva dentro, sino además la maldad que va a liberarse pronto podría significar el fin de todo.

Intensity drips from every page in Blood Magic. The third book in the Divided Realms Series. It made me anxious, with life and death decisions at every corner. I felt the characters as they spoke. The demons were ruthless. The magic has yet faded in this series.

Elena is back, on her mission to find Jon and finally get the (Heart of Arcania). The writing is amazing! Richardson truly has a gift. I really love Elena. She's stubborn and strong. Even at great time of weakness, she would never give up.

"I won't die a coward," I spat and wiped tears from my eyes. "I will fight."

There was never a dull moment. There was never a time I looked down to see what page I was on. I truly love and enjoy this series. I also got a friend into it and she finished the book before me. Richardson's stories are addictive and will keep you reading into the night.

Overall, obviously it's a huge Five Star Rating for me. Fantasy isn't my normal go to genre but when it's done amazing. It's worth every word that's poured into it. I waited almost forever for this and it was totally worth it....Lissa

I really enjoyed this trilogy. It's not perfect and Elena can be obnoxiously stubborn, but the twists and characters made it worth it.

#### **Great ending!**

Great conclusion of the series. A little too much "trembling" on Elena's part and too much fear. I would expect her to be more in control of her fear after sooo many terrifying situations. It was too bad new couple

was married before Elena and Jon but I can live with the conclusion.

I'm sorry. I just can't. I can't stand Elena. She's like a petulant child. The first two books were iffy, but I can't leave a series unfinished. The way that everything was brought to a close just seemed to be rushed through. It seemed like sentences would repeat themselves. I will say the one thing that surprised me was the whole Rose thing. I really wanted to like this series but it's a No for me.

#### **A stunning dollar coaster ride**

This series (divided Realms-steel maiden, witch queen and blood maiden) was a page Turner! What a ride! I was up each night til 2 am to finish each of them!

The plot has many twists and turns you can't help but sit on the edge of your seat each book builds up on each other thinking and molding the adventure.

The characters are well designed and stay easy to remember in action scenes. A strong female heroine, princes, revenge, magic and of course romance. (I was all for Jon but deep down I secretly hoped for the witch prince).

I give this 5 stars because not only could I feel the magic theme books are just that magic.... a unicorn among a herd of horses (which there are plenty of horses in this series) I look forward to checking out Kim's other series, total recommendation to my fellow readers!

#### **Last book in the Trilogy. Who will win?**

Hard to put down. Elena has so much resting on her shoulders; so many decisions to make. So many times she feels she's failed someone, but she never gives up the fight. Will it be worth it in the end? Can so much darkness and evil be defeated? Does it all rests with her? Find out. You'll be rooting for her all along.

Good finishing book for a great series. If you enjoyed the first 2 in this series then this one will be right along those same feelings.
