Money to Burn

Katy Munger

Money to Burn Katy Munger

Casey Jones is a take-no-prisoners female PI who wouldn't be caught dead whining over a lousy boyfriend or asking for help. She's too busy lifting weights, running off at the mouth and making doughnut runs for her overstuffed business partner, the larger-than-life Bobby D.--a 360 lb. lothario whose little black book is almost as big as his appetite. With a stretch in the Florida pen behind her and no official PI license, Casey comes from nothing and has nothing to lose. She lives full speed ahead, with a healthy respect for the screw-ups of others.

Only this time, it's Casey who's stepped in it. When a favorite client gets killed on her watch, Casey vows to find the killer no matter what the cost, either personally or professionally. When the trail leads her into the rarified ranks of North Carolina's social elite, Casey's dirt-poor childhood comes rushing back in a wave of self-doubt that adds fire to her considerable fury. She fights to regain her self-confidence and expose an incendiary killer out to destroy more than her name. Casey moves from farmland to the mountains, from debutante balls to drag bars, from boardrooms to bedrooms--and even down the prickly path of lust-at-first-sight as she battles unknown enemies anxious to see her, quite literally, go up in flames.

Will Decker says

This was a good, light-hearted mystery, but I found it a tad long-winded. At 30% into the story I was wondering how the author was going to keep it going another 70%. She did. And she keeps it interesting till the end. It's well edited, uses lots of southern cliche's, and has you believing that there are definitely 2 classes of people in this world, or at least down south; those with money, and those without.

Debbie says

Mo Money

Good story about rich people who have too much money. They think they can buy everything and they try to. But everything is not for sale. Trying to find out who killed Thomas Nash, Casey Jones encounters the Talbot family. Stinking rich and on so dysfunctional. Enjoyed the story. Has enough action to be a page-turner.

Tony Hisgett says

The book starts with a bit of a 'mystery' cliché, Casey is protecting her new client until midnight, then she goes home. It is so clear what is going to happen as soon as she leaves, I just wish the author had thought of something less obvious.

I thought the middle of the book was a bit slow, but Casey is amusing enough to keep the story going and by the time the mystery was resolved I thought it was a decent story.

C.A. Knutsen says

How Much Can Money Buy?

Casey had to do the work for the police again. Interesting relationships develop around her; even one for herself. I liked the way the author tied up loose ends at the end of the story.

Shannie says

I love this series! ?

Becky Kincaid says

Casey Jones is a larger than life character.

I liked this book a lot. It makes you laugh, and keeps you guessing till the end. I will enjoy reading another Casey Jones mystery.

Barb VanderWel says

I love this & I can't wait for more.

I will be also leaving a review on Goodreads @ Amazon.
And letting everyone know about it.
So i gave it a 5 Stars.

Kathy says

Casey Jones is entertaining, as always.

Mary says

At times really funny, mystery was good but at times the story dragged a bit for me.

Ken McDouall says

Munger does this sort of thing better than many other authors of "light mysteries" who have a wider readership. She is consistently funny, topical, and steeped in southern culture, and Casey Jones is one of the more memorable fictional detectives you'll meet!

Lois Buck says

Money to Burn

This P. I. goes above and beyond, continuing to investigate even after her client can no longer pay her fee.

Henry D.Pezzetti says

So-so

Not a bad read but it lingers too long. Probably will not read another but capable to be a good character.

Betty G. Brown says

Hilarious and Frightening

I found this series by accident one day and just finished the third book. Casey is hilariously funny and so human at the same time. She has a personality that comes alive in this series. I feel as if I know her! Great book!

Vfields Don't touch my happy! says

I loved this series. Casey is a kick-ass hoot and fun to follow. I have waited years for more.

Bonnie says

Like the characters

Enjoyed the good people, and the karma for the bad.
Modern life as it often is. Messy, painful, and way too real.
