### **Gwynne says**

The Star Quarterback's name is Claire Middleton. I read this book six times.

### **Alex says**

Still sick, still re-reading the heck out of some Sweet Valley High.

### **Jamie says**

I really like how independent Claire is. It broke my heart how everyone constantly tries to shake her confidence. Except Ken. Ken, whom I've always liked in the series is ready to take his spot back but this girl stands in his way. Does he hate on her for it? No. But his annoying girlfriend does. Terri seems sweet at first but she is too conniving in the end. And it isn't even for Ken's sake but her own which makes it worse! I was surprised the school didn't fight Claire playing football more. It is rarely allowed even today for sports to mix. Even more so when this was written. I liked that fact a lot.

### **Jodie says**

No matter what the drama, I was completely captivated.
