## Lenna Wright-Berry says

Great set scene but it started out as a shy curvy reporter meeting the VP, then having a shootout the the shy reporter turned dirty slut very quickly. Most of it is one big sex scene until the President tells her she will the their property until things clear up and the there will be no more sly reporter anytime soon.

wow.. fast quick and loved it.. which is a first for me as far as short reads this one took me all of 1/2 hour 45 mins.. MC books are usually not my favs.. this is prolly the second or third I've read and liked. It could have been longer and yes a cliffie.. and I soo want the next book... \*looks at the author\* grins.. its quick dont blink.. but enjoy!

## Elsa Carrion says

The story is good, with no errors and flows well. One can't say much about a story with only 25 pages long but the obvious and that I have already covered. I will say that I would definitely give this author another look with a longer story.

## Hollie says

this book was not a book but more like an introduction to the real book.... I didn't know that going into it and I wish I looked at reviews before. the storyline was rushed.

## Char (1RadReader59) says

Claire is sent to the Saints MC to do a story on them, basically a human interest one. It came about because of all the bad press they had been getting lately. Her editor wanted to get their point of view on all the trouble but knew they wouldn't get it so went with the human interest angle and they bought it. So Claire made contact and an appointment for her to meet with snake the president, Axel the vice president, and Barcrawl a new recruit.

When she arrives at the MC head-quarters she is greeted by a mean ass old guy that goes by the name of Dawg. But then she is saved by the much younger, sexier, and far edgier bad boy by with a soft side. That tells Dawg she belongs there for an interview. Right away there is a sexual attraction for Claire. So, when Axel starts flirting with her she is blown away.

She starts to use the mutual flirting in her favor when a brick is thrown through the front window of the MC HQ. Axel right away pulls out a gun and grabs her by the shoulders and moves her to safety behind the bar, telling her not to move.

This has a lot of potential to be something good but too short as is. Just when you start to get into it, it's over. This chick wasted no time jumping into unsafe sex by the way, YUK! Would have given it more stars if there had been more to it because the curvy girl & the MC'er. Was a good angle...but did not do it.

Fast, action packed, sexy and over too quickly. Very well written though. Looking forward to the next one.
