Retro Family Recipes : Old Fashioned Recipes from the 1960's-1990's LeeAnne Jones

Remember back when you were a kid and your Mom had those favorite, dishes she would make? Remember all the new and interesting dishes that you could sample at every party, cookout and family gathering?

You might have thought those old recipes were gone for good, but I've dug up a cache of old retro family recipe cards that span from the 1960's - 1990's which are bound to include some of those childhood favorites that you've been longing for!

I've taken 35 recipes from these old fashioned recipe cards and translated them into this cookbook! Inside you'll find retro recipes for breads, side dishes, main meals and, of course, desserts (those are my favorite!). And, if you really want to relive those days of your youth, then I've also included some interesting information from that era in each recipe that is sure to spark your memory and even make you chuckle.

I've made sure the recipe directions were easy to follow, all ingredients can be purchased in modern times and I've even added in nutritional information for each recipe.

So, why not let your taste buds take a trip down memory lane?

Stella says

Loved the retro recipes...brought back memories

Julie Barrett says

Retro Family Recipes Old Fashioned Recipes from the 1960's - 1990's By: LeeAnne Jones

I baked in the 70's so many of these recipes I do remember making myself. One of my favorites is the cole slaw because it can be frozen to be used later.

Loved reading about what new invention had just come out and other facts and figures.

Fudge sounds so easy to make, I'll have to give this one a try!

Book is broken up into sections: desserts, meals, breads and side dishes.

P. Upshaw says

Wonderful reminder

Wonderful reminder of recipes from growing up years. Some still appeal and I plan to try them. Always fun to look back.
