## **Return to Sleepy Hollow** Dax Varley

Katrina has escaped her fate and is hiding in Philadelphia. But she can't escape the legendary Headless Horseman. As before he comes to her window, beckoning her to him.

Why here?

Why her?

The truth unfolds when hope is lost and Katrina is forced to RETURN TO SLEEPY HOLLOW.

# From Reader Review Return to Sleepy Hollow for online ebook

## Casey Catherine says

Overall: 3 out of 5 stars

I read this book in an hour this afternoon since it is snowing in New England (on the first day of Spring...)

The book was decent. I wasn't aware it was a sequel, but it could be read as a stand alone book.

It continues the classic tale of the Headless Horseman, except the main character is a girl name Katrina and her boyfriend is Ichabod Crane (made me think of Sleepy Hollow the tv show).

The book progressed very fast and the last chapter went by so fast, I'm not sure it made sense. It seemed to jump in time without really giving an indication other than a date. I seemed rushed to me.

The book is definitely worth a read if you're looking to read something quick and interesting that is familiar.

## D.G. Driver says

This is the (for me) much anticipated sequel to Sleepy Hollow, which I read last year. The first book is a retelling of the famous Headless Horseman legend from the point of view of Katrina VanTassell. It is beautiful, romantic, scary and action-packed. The second book is not a let down after all of that, but it is pretty different from the first book as it ventures far from the famous tale. It begins a couple months after the first one ends, finding Katrina and Ichabod living in a new town under false identities. She is still being haunted by the ghost, and it seems to be calling her to come with him - but for what reason? The first half the story isn't terribly chilling, but the new characters that Katrina meets are engaging and the plot moves along quickly. Mid-way through the book the terror begins for real, and it is pretty spine-tingling through to the end. In this story, Katrina is 18, and Ichabod even older, and there are a couple love scenes. So I would actually rank this as a book geared more toward older teens and adults. Definitely a fun, spooky read.

## Angel Hatfield says

\*\*I received an ARC of this story in exchange for an honest review\*\*

Jane worked with Mrs. Alsopp at her pie selling business. Jane was really a woman named Katrina who had escaped Sleepy Hollow. She was wanted for murder and witchcraft. She had escaped with Ichabod. She loved Ichabod but he was in no position to marry her. Jane knew of some hidden jewels that were back at Sleepy Hollow.

The story was ok, the characters were decent, but the plot was just ok. It really wasn't that interesting.

3.25 Stars

The sequel to Severed. You need to read the first book to better appreciate this novella. I like the new characters and I love the back story on the Headless Horseman. Ichabod was more of a side story in this book. I would have liked to see the last quarter of the book extended a little more. If you enjoyed the first one, you will want to read it.

<http://fallenoverbookreviews.blogspot...>

I received this book to give an honest review.

This book picks up right where book one ended. Katrina and Ichabod are leaving Sleepy Hollow after Katrina has been arrested. We get to see how Katrina's new life is coming together even though she is living under another name. Ichabod has also changed his name and though they are together they sneak around with the help of a new friend.

Now Katrina and Ichabod both know that they could always be found out so they try their best to stay hidden but what happens when Katrina's nightmares are causing her to sleepwalk? Does it mean he has found her?

It seems that even when she sleeps there is no peace from the Headless Horseman.

One decision makes Katrina return to Sleepy Hollow and this is where we get the answers to who the Headless Horseman actually is. I have to say I love the story that we are given that includes Katrina into it. It was a nice twist to the story. At times the story did feel a bit rushed especially towards the end but maybe that is how the author felt she could wrap it up.

## Jo says

4.5 stars

This sequel does not disappoint! The perfect read for a windy and rainy day in October. This furthers the story of Katrina and Ichabod in a wonderfully unique way. I realize that Ichabod's story ends in the original tale, but I was glad to see him back in this one. And we see a lot more of the Headless Horseman. He is

spooky and creepy, but things are not always what they seem. I really was kept on the edge of my seat and could not figure out where the books was headed. The ending felt a tad rushed, and everything wrapped up nicely except for that last sentence again. I am hoping that means there will be another one. I look forward to reading more from this author and hope that there will be more Katrina!

### **Julie Hall says**

I really enjoyed reading this novella. I had not read the original Sleepy Hollow before reading this. I still haven't but I did do some research and I've seen movies on it. With that said, I must say this book was most excellent. It picked up right where the original left you hanging and gives you complete closure, though it does open up for the possibility of new stories for Violet and Jonas. I was completely enthralled from page one and could not put this down. The characters are full of life and easy to love. There is humor, danger, mystery and love. I wouldn't change a thing, not to take away or add. This was a perfect read. Thank you so much Dax Varley. I will be checking out more of your works, as I love the way you write.

### **Albert says**

Return to Sleepy Hollow by Dax Varley continues the adventures or better said misadventures of Katrina Van Tassel and Ichabod Crane as they flee Sleepy Hollow and set up in Philadelphia under false identities.

"...He was there again...just below. I awoke as always to the power of his presence. My bare feet hit the cold floor. One peek--just one--out the window. It'd been three years since I'd seen this horseman. The Horseman. And, as then, his hand reached out, summoning me to him. A chill deeper than the winter cold embraced me and I wore it like a second skin. Three times he's appeared since Ichabod and I fled to Philadelphia. Why here? Why now? Why me? But whatever the reason, he wanted me--a want so strong, I was weak to resist..."

Katrina spends her time in servitude, in a bake shop while Ichabod apprentices to a firm, hopeful that they have left the horrors of Sleepy Hollow behind them. But the killings and haunting of Sleepy Hollow has followed them as the Horseman calls out to Katrina to return. There are flyers passed out with her likeness, a reward for her capture as she stand accused of witchcraft. Katrina knows that they cannot wait any longer and plans to return to Sleepy Hollow to find the treasure she left hidden. But the Horseman also waits in Sleepy Hollow for her. With secrets of his own.

Return to Sleepy Hollow is a sequel but stands well on its own. Not so much a tale of romance as it is an young adult adventure tale. Told through the eyes and thoughts of Katrina, it gives the tale a much different feel than through the eyes of Ichabod who plays a minor part in this story. It is about Katrina and the Horseman the the past they share.

Well written and paced, it is a good tale, but I would have enjoyed it much more had more time been spent in Sleepy Hollow then in Philadelphia with characters who in the end, had little to do with the bigger picture of the novel.

A good fun read.

### **THE REVIEW**

#### **Why this book?**

After reading and enjoying Sleepy Hollow I had to read the sequel

#### **What I thought**

I was so excited there was a sequel to Sleepy Hollow. I wanted more from the ending of the last one and I feel like I got it. I do wish there was more Katrina and Ichabod moments though. With that said I did like finding out more about the headless horseman and his past. I enjoyed this sequel alot and loved the end.

Overall it was a good read, that I recommend

## **Kim says**

This is an alternative story to the Legend of Sleepy Hollow. For me, I enjoyed it. The Legend of Sleepy Hollow was so intriguing to me, but it just leaves you with so many questions. I like to read alternative stories about the Horseman. This book moves along at a faster pace than the first.

---

## **Melinda says**

I liked this one better than the 1st.

The only thing that I can say is "poor Horseman". I'm glad Kristina's life comes together, mostly, but what about the Horseman? I did like hearing about his story as sad as it was, but I wanted more of a HEA.

I think the story came together ok, just felt it wasn't quite complete. No worries, though, I'm still glad I read the stories.

---

## **Kristine Hall says**

Just when it seems Katrina may have escaped the dangers of Sleepy Hollow, her security is compromised -- and not from just one source. Worse than threats from the living, it is the call of the Horseman that could be too much for Katrina to overcome. Full review on my blog <http://kristinehallways.blogspot.com/....>

## **R.L. says**

A year or so has passed between reading the first book Sleepy Hollow by Dax Varley and reading this sequel. Return to Sleepy Hollow could stand alone. At first I struggled to understand why Katrina was called

working in a pie shop and the pie shop owner was calling her Jane. It's explained well with snippets of info expertly worked in about Katrina and her relationship to Ichobod. The ending was full of action and surprises.
