## **The Billionaire's Kisses** Julie Farrell

Warning: This story will fuel your billionaire obsession! It includes hot and steamy sex scenes, orgasms a-plenty, and a handsome man who always gets what he wants.

Operations director Amy Carter is a successful London businesswoman with a huge problem - the bullying New York firm Quinlan Brothers is ruthlessly taking over her company - and it's likely that corporate heads will roll. Amy's determined to fight for her colleagues, but when she arrives in New York City and meets Adam Quinlan, it becomes clear that he's interested in a more personal level of negotiation.

Billionaire playboy and CEO, Adam Quinlan, always gets what he wants: he's handsome, confident, and loves to see women climaxing in bed. When the beautiful Amy catches his eye, he makes up his mind that he will seduce her. There's a problem though: his dead brother's last request was that he should buy Amy's company in order to complete the project he was working on. Adam knows redundancies are likely, but giving Amy what she wants in the bedroom quickly becomes more important to him than agreeing to her demands in the boardroom.

Amy wants more from a man than just mind-blowing, no-strings sex. And she certainly doesn't want anything from the no-good, double-crossing Adam Quinlan. So why can't she stop thinking about him, in and out of the bedroom and boardroom? And what's happening to confirmed billionaire bachelor Adam? Is he really changing his ways and falling in love?

Whatever the reason, Adam Quinlan is about to discover that there are some things money can't buy...

# From Reader Review The Billionaire's Kisses for online ebook

## Steve Cann says

Having thoroughly enjoyed Julie's previous series of 'London Loves' romantic fiction novels, I was intrigued to see what she would come up with next. Judging by this excellent book (the first in her new Billionaire Tycoon series) she has taken her writing up to a whole new level! The Billionaire's Kisses is a book that stirs the emotions, turns up the heat, & keeps the reader guessing right until the end.

The story surrounds British businesswoman Amy, who has flown out to New York to oversee the seemingly hostile takeover of the small London company she works for by a wealthy (but ruthless) Forbes-style American family.

Determined to remain professional & keep a cool head in her new, rather alien environment, how will she survive in the cut-throat world of corporate New York business? Romance isn't especially on her menu, but will her mask slip, & will she at last let her heart rule her head when she looks set to become swept off her feet by the hottest (& wealthiest) guy she's ever met...

What I loved about this book is that it's definitely no one-dimensional girl-meets-billionaire romance. It's intelligently written, & is filled with Julie's trademark plot-twists, suspense, & genuine surprises - not to mention her beautifully-crafted writing style that makes you really feel you're really involved in the action, & right there with Amy in every scene.

Oh, & did I mention that the love scenes are out of this world?!

There are plenty of them too, almost right from the start. They are generously sprinkled throughout, often incredibly inventive, & are guaranteed to send any reader's temperature & heart-rate soaring! These love scenes themselves certainly make this book a must-read for anyone who loves some full-on, no-holds-barred, graphic steaminess.

Other than Amy, there's a whole cast of red-hot characters here, all of which I'm sure we'll be seeing more of soon in this new book series. An excellent, unique & genuinely exciting read!

## Heather says

Amy works for Grafton Techs in London as the operations director. Grafton Tech is about to be bought out by Quinlan Brothers, Adam and Dylan. Amy and her boss were supposed to go to New York together to meet with the Quinlan brothers but because of a car accident, Amy is sent by herself.

Upon arrival she runs into a man that she thought was a one night fling after she had discovered her now ex-boyfriend and co-worker was cheating on her. But what she finds instead is she's standing in front of Adam Quinlan, the man she despises for what he's doing to a company that has become her home.

Turns out the brothers interest in the company are much more complex than just another conquest in their belts. There's another brother that has told them that Grafton Tech is the answer to an invention he was working on at time of his death.

This story has many twists and turns that will take you on a great adventure. I didn't expect the biggest one and since I don't write spoilers, you all are going to have to read the book to learn the real fate and adventure that this book holds.

I have to admit, I so enjoyed book 1 that I instantly jumped into book 2 and at this point have completed that one too. Enjoy the read, it's solid, enjoyable, and quick. Don't know that I'll quite give it a 5 out of 5 but it's was memorable and that keeps it high on my list.

### **Joan Neal says**

Okay... I don't know if it's me or the book, that's lacking something. I just didn't connect with it emotionally. The storyline is well told, and plotted. But the emotions of the characters felt superficial. I will re read this book in a month or so to see if it is me or the book that is off. I'll update this review at that time.

---

### **Linda says**

I bought this ebook when it came out but then I notice there was a prequel so had to wait for it to come out so I could read it first (just my way, hate reading books/series out of order) ;-). Good story that was going good until I got about half way into and almost put it down, but kept on reading and it came altogether in the end (boy, was I glad)!! This series is about the Quinlan brothers, with the prequel "The Billionaire's Heart" about Ivan (the oldest) and this one is about Adam (the 3rd brother) and the next one being about Dylan (2nd oldest)!

## **Chanda Norman says**

Great Series. I enjoyed Adam story but The Billionaires Revenge was my favorite.

---

## **Lisse Cunha says**

Amy Carter é a responsável pelos tramites da venda da empresa em que trabalha. Grafton Techs é comprada pelos Irmãos Quinlan e o objetivo de Amy é fazer com que a situação tensa que está permeando a venda seja a melhor possível e todos saiam satisfeitos, principalmente a Grafton.

Por isso, Amy sai da sua cidade natal, Londres, e vai até Nova Iorque ver se os Irmãos Quinlan não pretendem dispensar ninguém do quadro de funcionários, e que a empresa continue atuando progressivamente. Serão três dias que vai exigir muito trabalho e persuasão da parte dela.

Além disso, precisará lidar com Adam Quinlan que tem um amor instantâneo por ela dentro de um elevador com nossa protagonista estressada, cansada e se sentindo horrorosa. Quem nunca né? E a determinada Amy também sente algo parecido, mas como acabou de encontrar seu ex numa posição comprometedor com a assistente, amor é a última coisa que ela procura nessa viagem.

Quote: "Adam era arrogante e, provavelmente, nada confiável. Então porque seu corpo chegava a doer pelo toque dele? Era tão primitivo. As palavras que saíram de sua boca durante toda a reunião de hoje forma insistentes e pretensiosas, mas de alguma forma ele tinha se enraizado em sua cabeça."

Mas quando Amy descobre que o homem atraente do elevador é a pessoa com quem tem que travar uma batalha por seus direitos, os sentimentos esfriam. No entanto, as coisas não são bem assim para Adam, que é um mulherengo que odeia relacionamentos e é inflexível quando quer algo. Só que por Amy as coisas parecem mudar, pois a atração é forte e a química é tremenda.

Vamos colocar um revirar de olhos aqui? SIMMMM! Porque foi exatamente isso que senti enquanto estava lendo. Senti uma bomba de clichê vindo..... mas eu não precisava ficar preocupada, e nem você leitor, se pretende ler porque percebi que não tem coisa melhor quando um autor trabalha bem o clichê e o transforma numa coisa boa.

Quote: "(...) Eu gostei de sua comparação, ele e eu somos como água e vinho. Eu sou a representação perfeita de água, simples e sem gosto e ele é fino e elegante como um bom vinho."

O romance do casal é muito louco e intenso. Amy foi taxada pelo ex namorado como uma mulher frígida, que não consegue atingir o orgasmo e nesse sentido ela foi tão sincera com Adam. Achei que ela fosse esconder, mas foi muito o contrário, ela é sincera e muito decidida desde o início da livro e não muda em momento nenhum. As cenas mais quentes nos deixam saber que Adam é muito altruísta e não visa apenas seus interesses na relação, permitindo a Amy descobrir seu próprio prazer e também conhecer o dele. O Beijo do Bilionário não é só um romance clichê com muita tensão erótica, é também um livro carregado no suspense e no desenrolar de um crime. O mistério produz uma vontade louca de continuar lendo e

descobrir logo o desenrolar da trama.

Quote: "Ele não gostava de ser dar crédito indevidamente, mas Amy, definitivamente, parecia mais relaxada hoje, como se ele tivesse destravado algo dentro dela. Ela parecia jovem e livre. Genuinamente feliz. E isso o deixou feliz. Ele queria fazê-la feliz, e não apenas na cama..."

Fiquei muito satisfeita em conhecer a escrita da Julie Farrel, que é sem rodeios e bem desenvolvida. A leitura seguiu um fluxo muito bom, tanto de entretenimento como de edição e tradução. Amei ter passado um pouco do meu tempo conhecendo Amy e Adam. E o final me fez querer loucamente o próximo.

Também nesse volume conhecemos Dylan Quinlan, que é o irmão mais velho e aquele que toma a frente no negócio dos irmãos. E é dele o próximo livro, que durante a leitura fiquei louca para conhecer sua história.

---

### **Sarah says**

Shocked with how many reviewers gave this book 5 stars. The writing is poor and the storyline is unbelievable. Couldn't believe we're dealing with both a billionaire and a woman who mysteriously can't orgasm except with him. And having an anniversary party 2 weeks after burying a son? Little absurd. Also really frustrating with the director of finance & the secretary being mixed up in the shopping scene. Would have liked to know the ending but couldn't bring myself to keep reading

---

### **RJ says**

Billionaire, gorgeous, treats women like trash and then SHE enters his life and it's 'magical'. Add some sex with dirty talk and you've read the book.

---

### **Tony Parsons says**

Adam Quinlan (CEO) & his brother had threatened Frank Grafton (50, boss) with a hostile takeover of his & Amy's company Grafton Techs.

Frank was in the hospital recovering from a car wreck.

Amy Carter (operations director) hooped aboard a plane from London England to Manhattan NY to try & diffuse the situation.

She presented a PP presentation in the board room to Adam (27, MIT, digital engineering) & Dylan Quinlan. Amy requested a merger to the 2.

Tariq Shard & Ivan Quinlan (brother) had been working on a secret project to sell the highest foreign bidder. Tariq (computer genius) had set fire to a building & had been accused of murder of Ivan Quinlan (data analyst). Currently he is out on bond awaiting trial.

Amy later met Preti Ahmed (finance director) & Lucy Maxwell (contract lawyer).

Would Amy seal the business deal?

Will Tariq be brought to justice?

What about Adam & Amy...&?

Warning: This book is for adults only & contains extreme violence, adult content or language &/or sexually explicit scenarios. It may be offensive to some readers.

I did not receive any type of compensation for reading & reviewing this book. While I receive free books from publishers & authors, I am under no obligation to write a positive review. Only an honest one.

A very awesome book cover, great font & writing style. Wow, a very well written mysterious erotic book. It was very easy for me to read/follow from start/finish & never a dull moment. There were no grammar/typo errors, nor any repetitive or out of line sequence sentences. Lots of exciting scenarios, with several twists/turns & a great set of unique characters to keep track of. This could also make another great steamy hot billionaire sex movie, or paid-per-view mini TV series. No waste of time right to the point. To be continued. A very easy rating of 5 stars.

Thank you for the free Goodreads; Author; PDF book  
Tony Parsons MSW (Washburn)

### **Sylvia H Nadler says**

#### **Fun and very sexy**

I loved the independent characters. It was fun to explore the lives of the very wealthy. Sexy with a touch of intrigue.

---

### **Barbara Tobis says**

I did not like this story. There are a lot is sex scenes and very little story. Don't get me wrong, I like sex scenes and erotica. This book is mostly tired sex scenes and a very short story line that is incidental to the sex scenes.

---

### **Julie says**

Perhaps it was good, but I just couldn't stand any of the characters. (Okay, Joe was all right, but he was practically a kid. He has a lot of time to become totally unlikeable.)

---

### **Wendy says**

#### **Just won't do**

I really hated this book. It was so unrealistic to me. The hero and heroine have sex every couple of pages but there was no plot. I got this book for free but it was still too expensive. Won't recommend

---

## **Christina McRitchie says**

Complete rubbish. Story line is stupid and the writing is terrible. So many typos. And the “invention”, nope sorry totally unbelievable.

---

## **Suzie says**

I had so much hope for this book. I always read these books where there's a rich guy that goes after bedding the plain girl. From the description of this book, I believed it was going to be a rich guy falling for said girl, then that girl getting her revenge when she believed he was just after taking her to bed. However, there was really no such thing.

Amy met Adam a month previously at a bar in London after finding her boyfriend cheating on her with his assistant. Feeling upset, she then meets Adam who flirts with her and makes her feel special by sharing his feelings about the recent death of his brother. They then spend the night together, after which she leaves him. Then skip forward a month, and her company is being taken over by the Quinlan Brothers from New York. Then low and behold, Adam is none other than one of those low down brothers...Surprise!

Amy and Adam then spend the rest of the book having sex and Adam giving these empowering orgasms than build up her confidence.....which apparently isn't too low since she repeatedly states how beautiful and comfortable she is with herself and her body being on display for his liking.

There was a slight twist involving the reason for their take over of her office, which I will not give away, however I can't completely say I didn't see it coming. Although I finished this book from beginning to end, I could just as easily put it down, and not returned. Nothing about this book really held my attention for long. Each character seemed to be a contradiction from previous descriptions of that same character earlier in the book. In the end, I don't really feel that any of the characters grew. Adam was an arrogant playboy in the beginning, and still an arrogant guy in the end even if he was a single woman man. The only character that somewhat grew was Amy....In the beginning she believed that sex was not that special because she believed herself to be unable to have an orgasm, but after having her firsts with Adam, then him showing her how to please herself, she just fell for him. In the end, the majority of this book took place in 1 weeks time, and everything just seemed rushed. There was no real build up, and although the book ends with a look into what the next book will be about, I have no desire to read Dylan's story.
