AMERICA'S HOTTEST TEEN SLEUTHS TEAM UP WHEN MURDER STUNS A POSH WINTER PARADISE

NANCY DREW is called to be part of a dream team of super sleuths at a glamorous winter playground. Major rock star Brad MacDougal is shooting a big-budget video at fabulous Mount Mirage, and owner Ken Harrison is worried. The already deadly prankster who's been plaguing the resort may target the video for sabotage.

Meanwhile...

THE HARDY BOYS have also been asked to join the security force. At first Nancy, Frank, and Joe manage to cover all bases and have fun doing it. Joe even gets close to country singer Roseanne James. Then a music mogul is found murdered. Suddenly the posh playground becomes a combat zone where rock stars and billionaires rub elbows with cold-blooded killers. And where someone has scheduled the teen trio to check out far sooner than planned...

Ikram Hassan says

this is was my first nancy/hardy boys mystery and i really enjoyed it esp the chemistry between nancy and frank

Luisa Knight says

Cleanliness: There is probably more romance in this than parents realize. Message me to request this be bumped to the top of the list so you can clean up your child's copy!

**Like my reviews? I also have hundreds of detailed reports that I offer too. These reports give a complete break-down of everything in the book, so you'll know just how clean it is or isn't. I also have Clean Guides (downloadable PDFs) which enable you to clean up your book before reading it! Visit my website: The Book Radar.

K Nicole says

This book brings back great childhood memories. My mom bought this book for me when I was ten years old and I loved it!

Amy says

You know how there are some books that so completely horrify you that you never forget them?
That would be me with this book. I can't even begin to recall how old I was when I read it, but Nancy made out with Frank and lemme tell you...

THAT WAS NOT OKAY.

I can still remember how horrified I was when I finished it xD The scene where Nancy attempts to tell Ned and he says he doesn't need to know is one forever implanted in my poor brain.
Its so weird what sticks O.o I almost want to re-read it to see if it really is as horrendous as I recall.
I was furious with "Carolyn Keen" for weeks.

Zack says

awesome

Marts (Thinker) says

Nancy, Frank and Joe team up for another mystery

Tracey says

Best Nancy Drew book EVER! Nancy totally makes out with one of the Hardy boys (can't remember which one) and then doesn't tell Ned. I thought this was so scandalous when I was 12..

Queeniejo says

SPOILER! CAUTION!: I was so freaked out when nancy and frank kissed. Not one of my favorites (and I love nancy drew!).

Meghry says

It was a nice book, and I really enjoyed it. It was full of mysteries .Also,I truly loved the heroine-she's smart. I advice others to read it too because it's interesting and has many lessons

Jess says

THIS IS A KISSING BOOK.

(Lean into the ping, Nancy. Lean in!!!!)

Clarisse (The Bookcase Diaries) says

For anyone who ships Nancy and Frank (like I REALLY REALLY REALLY DO!!!) READ THIS BOOK!!!

I read this in grade school. Back in the 90s. But I still remember the scene of the Nancy X Frank kiss. Forget Ned! This is the real thing right here! The chemistry of these two is just... THERE ARE NO WORDS!! XD

Be still my heart.

May says

NANCY AND FRANK

Anagha says

I love it

steph says

#4 on my Nancy Drew and Hardy Boys Super Mystery re-read of 2012 (yes, I know this is book #5 but as I'm having trouble getting a hold of these out of print novels, I'm jumping around and just reading the ones I *did* get a chance to buy. Hence why this is 4)

CHECKLIST:

A compelling and interesting mystery. ✓

Joe flirting with all the females. ✓

Surprising twists. ✓

Nancy trying to ignore her attraction toward Frank due to the fact they are both seeing other people but still lusting after him anyways ✓✓✓

George Bess getting attached and then her heart (almost) broken by a new guy ✓ (but then Joe gets **his** heart broken by a new girl and Bess runs off to comfort him, and it amuses me *greatly*).

Joe or Frank or Nancy or George or Bess getting almost killed/murdered/maimed/kidnapped/locked away etc before being rescued at the last possible minute by one (or two or three) of the others ✓✓✓✓ (since this took place at a ski resort, it has no less than two avalanches, three tampered ski lifts and some poisoned wine ((I counted)))

A happy ending that wouldn't have come around if the teenage detectives hadn't figured it out. ✓

YOU GUYS. YOU GUYS. YOU GUYS. Guess what happens in this book? Frank and Nancy are in a avalanche and they get trapped inside a cabin with no way in or out and they think they are going to die and so they kiss (THEY KISS YOU GUYS. THEY KISS. HOW DID I MISS THIS BOOK WHEN I WAS YOUNGER?) and then of course the scene cuts back to Bess but two pages later, when the author goes back to Frank and Nancy and they are lying on their backs and Nancy is having a hard time thinking because of Franks kisses (plural: *kisses*) and my naughty brain goes, *if only this wasn't a children's book*. THEY KISS. I mean, other stuff happens and there is a mystery and George breaks her arm but none of that matters because FRANK AND NANCY KISS. And of course, they get rescued and they both say that the kiss didn't mean anything because they both love their respective boyfriend and girlfriend (blah, blah, blah) and then Ned shows up and gets jealous but Nancy's all "I love you, Ned. You. What I feel for Frank is just a ping." (yes, she says that, a ping). But it doesn't matter because they kissed and I know they do it again in a later book and now I see why I shipped them so much when I was younger. BECAUSE THEY ARE AWESOME.

Eric Wood says

An average ND/HB Super mystery. The mystery was intriguing, but the pacing was a bit slow and I was a bit bored by some parts in the first half of the book. By the second half, when a murder occurs, things started to pick up a bit and I was overly interested in the book by then. However, some parts in this book made me feel like I was reading a soap opera in a book form, and I was a bit annoyed. I was also a bit disappointed by the sleuthing in this book, it wasn't every exciting. Nancy's sleuthing isn't as productive here either and Frank actually does a bit more productive sleuthing than Nancy. Frank is also referred to as "her" instead of "him" on one page. There were also a lot of coincidences in this book, some which I found hard to believe. Overall, an enjoyable book, not really special though, so don't really expect much from it, expect a scene where Nancy and Frank kiss and a awkward scene between Nancy and Ned, which I found to be very interesting regards to characterization. 3 stars.
