The Wrong Bed

Helen Cooper

The Wrong Bed Helen Cooper

Louise is a secretary in a law firm and she always has a hard time saying no. When her kinda boyfriend Ben invites her to 'The Hamptons' for the weekend to meet his family she hesitantly accepts.

And then she meets his brother David and she starts to feel excited about the weekend and what might happen. But then she meets his other brother Richard and Louise has never hated anyone so quickly before.

When Louise decides to have some fun, she realizes that she has climbed into the wrong bed.

'The Wrong Bed' is the first book in 'The Millionaire's Games' series. It is an erotic romance with very sexy scenes. If you like hot spicy romances you will enjoy this hot story.

Readers should be 18 PLUS to read this short story.

Lariza says

This story was just ok. I couldn't get over how easy Louise was duped!!! Yes I'm saying it why would go along with being in a relationship with a man you can't even stand? Let alone agree to meet his family for a weekend?? Ben was such a whiner oh jeez he actually left her at the movies and took off!! I get it the attraction for the other brothers David and Richard when Ben was suck a bore, but come on Louise have some self respect!! Richard was a prick at least show a bit of tact!! I guess being mega rich means you don't even know how to lock a door people just barge in all the time!! I gave the story 3 stars because the way Louise, Ben and Richard behaved made laugh- yes that's how messed up they are!

Angel **Book Junkie says**

I liked it but, all I could think the whole time.. How embarrassing? Could you imagine climbing into bed with one of three brothers when you were supposed to be joining the other one.. Cute book and I really just wanted more of the story..It could have been a little longer in my eyes but if I could I would definitely say 3.5 stars

Maryanne says

I was looking forward to reading this book, but if i'm honest, I didn't get what I expected. There is no depth preventing us to connect with the characters as they are not described in as much detail. This is probably because the book is very short that everything flew by.

I'm not saying that it was very bad, I mean I still finished the book and gave it 2 stars.

waterbaby786 says

Sorry but no thank you! There are a lot of steamy romances that lack depth that are better than this one. So, Spare me!

Karen Hoffman says

This is a good book...looking forward to the reading the next one.

Melissa says

I'm glad this was a free download. I wasn't into this story at all. The editing left a lot to be desired. I wasn't a huge fan of Louise. I felt no connection to any of the characters. At first I felt she was just a nice person who didn't want to hurt anyone's feelings. I really don't like the person Louise is/was. The more I read about Ben and learned about his character the more I wanted to slap him. I wasn't a fan of his 2 brothers either. This was just not a story for me.

PJ says

Dear me, but this needs a thorough edit. Parts made me laugh, the H calling his h a "wrench" instead of "wench" made me snort. Still, it was sweet and sexy and I finished it in just over an hour.

Pamela Foreman says

Warning: This book contains adult language and adult subjects including sexual encounters slightly graphic in nature.

The basic premise of the book revolves around Abbey who has recently lost her job and is in need of extra cash. Her friend, Lucy, is a private investigator and has her help with an undercover job. Abbey's role is to seduce Damien into having sexual intercourse with her so Lucy can take photographs for her client, Damien's wife. It was a simple enough plan until Abbey ends up seducing the wrong gentleman.

Overall, I enjoyed reading the story. It moved quickly and kept me interested. While I did figure out what would happen in the end, there were a few surprises throughout. The storyline, while not something which might happen in real life, was a good and imaginative. The story was based in Australia and the writer kept with sayings and wording used down under.

I tend to think the reason it sells well is there is extreme intimacy and that's what people like to read. The plot could use some work to make it more believable, but in real life, there are people who do randomly have intercourse with strangers even though there are some people who think it is wrong, we can't deny it happens. So there are morals which have to be dealt with if you want to read this story.

I can't say whether I'd read the book again or not, but I did read it once and promised myself to review every book I read this year.

This book receives 3 stars out of 5.

Rudee says

I was only mad that it was 3 Chapters long. but really good

Tracey says

So good but way too short!!!

April says

At first glance this seems like it will be a quick down and dirty read. Happily it is more than that! It is well written with just the right amount of story added to the steamy scenes! I am eager to read more!!!

Dina says

4 in love stars!!

Totally in LOVE! Let's see how this is gonna go ;)

Christine says

I have no idea what I just read...

Instead of "The Wrong Bed", it should have been called "The Crazy Bed."

First it started out weird with Louise going to her boyfriend, Ben's, family's house to meet them. While there, Louise is approached by a brother, David, to crawl into his room in the middle of the night and have sex with him. While Louise was going into David's room, by accident she ended up in brother #3, Richard's, room and ended up sleeping with him. Then, Ben walks in on Richard and Louise, calls her a "ho." She says she is not one. Richard tells Louise he does not do relationships. He only has a girlfriend for appearances. She still loves him even though he is a dick. It gets even weirder and then it just ends. No warning...just "that's all folks." WTF?????

I wanted a short, sexy read and got weird story sex. Glad I got that free. I just want my time back now.

Amanda says

So I am right on the edge of giving this a 5 star rating...at first I didn't like Richard's character, but he grew on me later on.

I was a little put off at first that she was jumping from brother to brother because that was seriously wrong. But upon seeing who Ben treated her he deserved to lose her.

Sarah says

Oh for the love of god. Why have I never been invited to a mansion in The Hamptons filled with good looking, rich, virile men? So turned on by the chemistry when Louise first meets Richard. I know she went there with Ben, but even I was bored with him after 5 minutes. Yes David seems like fun, but oh thank you to the author for the alpha Richard.

Richard sounded like a god & thank god she went to the wrong room, oh my needed a cold shower after the first part of this tale.

Bring on act 2.
