### **Nanette Littlestone says**

#### **Love in Redemption**

True love finds a home in Redemption among 6 couples who resist, desist, and persist until their hearts know what's good for them. Light and fast-reading, these stories will touch your heart.

---

### **Marcia says**

Ok stories, but to abbreviated for the characters to have much depth.

---

### **Amanda (Hootie) Clark says**

DNF 3%

I got through chapter one before I put it down. I just can't get into a book where the hero makes a comment that the 3 year old daughter will have curves like her mother some day. That internal monologue was icky. No thanks

---

### **Jeanie Jackson says**

A collection of cozy romantic novels (more novellas but short for novels) I really enjoyed the people of Redemption, Wisconsin. I like that the stories overlapped a bit. It was interesting that every other book was written by Stacey Joy Neztel. I look forward to reading more books in the Redemption series and to other books by both authors.

---

### **Lisa says**

I'd describe these more as novellas; they are bite-size, small town contemporary insta-love vignettes. Serviceable, and nothing to get too excited about except for the story about Lindy/Drew which has a sexual assault scene and DROPS THE PLOT THREAD OF THE THEFTS! For all the hero got het up about that, there's no further mention of it. Maybe it will come back up in Hannah's story? No idea, but that makes me crazy.

---

## **Sharon says**

### **Wonderful reading**

I loved the stories in this series. I am looking forward to reading more of them. They are well written and I laughed through parts of them. They were written so you could read them on their own. I highly recommend this series.

---

## **Deona Vorhies says**

### **Very sweet, quick reads. Couldn't wait to see how it ends.**

This was an interesting series where each book intertwined with the next. I couldn't wait to read the next one to see what happened with each character.

---

## **Carol says**

This is what I liked about this series. First of all since I am on a limited income, I get all my books free on Readcheaply.com. If anyone uses that site you know that the authors load it with books that are not complete to get you to buy the rest of the book. I usually just make up the ending and call it a day. Saves me a bundle. This series gave you 6 complete stories. I enjoyed knowing what and how the other couples got together without having to buy more. It gives you a chance to enjoy the authors' writing and if you choose to buy more of their work....I did like their individual stories and would budget to actually buy their future series books. I read quite a lot and just like mostly feel good happy ending romance novels to cure boredom. So bravo ladies....

---

## **Anne Turnley says**

### **Short sweet romances.**

Although written by different authors, these books are very similar, maybe too much so. The characters are likable but, the plots too simple. Also needs editing for typos.

---

## **Andrea Akers says**

### **Great series**

Two authors join to create a series of books set in Redemption, Wisconsin. The two authors each write 3 of the books but together create a world where you want to live and be one of the inner circle of friends.

---

**Barbara "Cookie" Serfaty Williams says****Welcome to Redemption (Boxed Set Book 1 - 6)**

This book has six story of six couple who fall in love. Each book focus on one couple the now they fall in love and now they over come the problems in their lives. All six story are great. You can read all or just one on the beach.

---

**Frau Ott says**

This is a series of six books set in the small town of Redemption. And redemption is something many people feel they need. These nouvelas are all about finding yourself, falling in love and forgiving as well.

---

**Questian says**

These books made me cry up to the last chapter! they are good, the laughter and the tears are so perfectly blended.

---

**Lora Phillips says****Small towns, love and happy endings....nothing better!**

I absolutely loved all six books, once one was finished I couldn't wait to get to the next one. Even with a few struggles the stories were heart warming, made me want to find a small town like Redemption and have a happy ever after. I would strongly recommend these books to anyone that wants to get completely lost in the story, to feel like you are there and share the struggles, friendships and happy ever afters.

---

**Jackie Blatt says****Welcome to Redemption(Boxed Set Books 1-6)**

A Delightful set of books that I have enjoyed reading. The Authors write sweet love stories that continue to keep you seeing the characters in each other's stories. Totally a good time reading.
