A Guide to Love Christy Newton

The love ship sailed long ago for Daphne Pepper. Feisty native of Sand Crest Island, Daphne has everything she needs... or so she thought. Until she meets handsome Remy Rosetto who is on a mission to complete his grandfather's request, so he can earn his inheritance.

Remy hires Daphne to be his tour guide for an unheard of amount of money. She is more than happy to take his cash then send him away, which is fine with Remy, who wants to get back to his penthouse in New York.

Daphne loves her island and will not even think of leaving her family and friends, but as Remy falls for this island beauty he has other plans.

Can they both find more than they ever wanted or are they too stubborn to compromise?

Susanne Matthews says

Christy Newton has done it again. A Guide to Love is a sweet romantic tale that follows Remy, a millionaire forced to the island by the stipulations of her grandfather's will, and Daphne, a happy-go-lucky island girl, content with her lot in life and her island home. When hotter than hell Remy walks into the store where she works, she feels the sparks. When he offers her money--a lot of money--to show him around the island, she's intrigued. Gun-shy from a previous relationship, she isn't looking for love, but sometimes it can find us even when we don't want it to. I thoroughly enjoyed this novel. I think you will too.

Crystal Holloway says

Wonderful sweet romance that leaves you cheering for the characters. You will love Daphne and Remy. Christy Newton has done it again!

Tiffany Flowers says

I have read all the books from Christy and they just get better and better. I loved this story. Remy is hot and Daphne is bright and witty. Daphne just wants to be someone's first choice. what girl doesn't. When she meets Remy in the store she works at and he offers her money to be a guide around the island she can't refuse. the money is good and something about remy has her hot and bothered. remy is a city boy who is only on the island to find a letter from his grandfather so he can get his inheritance and go back to the city. When he meets Daphne something pulls him toward her. Read and find out where their journey leads and if Remy will choose her or the city or will daphne give up island life to follow him? or does it just end for them

Tanya Vought says

This is another amazing book by Christy Newton. You will fall in love with her characters and her small Island near the Bahamas.

Christy creates characters who truly have a heart. Daphne is a wonderful woman who deals with her mom's setups and also her crazy friends. She loves her Island and her job and is amazed with the new man in town, Remy. However, she doesn't like being flattered or amazed by any man.

Remy comes to the Island in search of something. Little did he know while on the God forsaken Island he would find a certain freckled face, Daphne so appealing.... things are looking up for him, or so he thinks.

Daphne is a spunky, sweet, caring and funny person. She's the right fit for Remy. I loved everything about her and even her cute, traitor cat too. :) I loved Whiskers. :)

Now Remy.. oh Remy! Mr. Sex on a stick, man in a suit.... He's charming, SEXY, loving, sweet and cares a lot about Daphne. You will fall for his charm, gestures and little things he does for Daphne. And the realizations that come to him on this overall journey for him.

And you will love him with his fabulous lines.. but my favorite is:

"You completed my heart." SWOON!

This is a short, sexy, sweet Island story. It has humor, sass and family dynamics that is sure to warm your heart.

5 Whisker stars from me. ;) tehehe

Andrea Huseman says

I have read every book by this author. I love each and every one. This one proved to be no different. I had been so excited for it's release. So not disappointed. It is a wonderful book with outstanding elements. A beautiful finding love and trusting in it love story. The writing style and storytelling does an excellent job of grabbing your attention and not letting go. A very quick read because you can't put it down. Superb usage of descriptive terminology and statements. I actually felt myself inside the storyline- smelling, touching , seeing, tasting. My senses and emotions were all in overdrive. That connection to the environment and characters is just overwhelming. There's no way you won't fall in love with both main characters. Daphne is so full of home and family while Remy is so yummy and desirable. The secondary and supporting roles are so enjoyable and likable as well. Nothing but positive with this one. I highly recommend this book and author. AndreaAH(gc)

Laura says

Daphne Pepper has given up on men. After being jilted by a former lover and suffering through her mom's attempts to set her up with nearly even man on Sun Crest island, she's decided she can live perfectly well with her cat. Sure, she might be living off peanut butter, and her grocery store job is less than ideal, but she's happy. Definitely. Perfectly, utterly happy.

Until Remy Rosseto walks into her life, that is. Remy's on the island in search of a tour guide, although he's not looking for a typical tour. Despite herself, Daphne feels the chemistry between them and finds herself more and more drawn to him. However, he's from New York City and enjoys the luxuries of his penthouse, and Daphne is obstinate about remaining on Sun Crest Island. Will their own stubborn natures push them apart, or will they find a middle ground of happiness?

Newton writes a lighthearted, amusing romance peppered with intrigue and spiced with romantic tension. You can picture Sun Crest island and experience it as Daphne does—through all the senses. This is my favourite by Newton yet. Recommended for fans of sweet, fast-paced romances.

Sassy Southern says

I fell in love with Sea Crest, Daphne and her world as soon as I stepped into her rain soaked knock off pumps!

What a delightful story of love, hope, and friendship. Daphne loves her simple life, her cat Whiskers, family, and her best friends. So what if she is holding out for Mr. Right? Shouldn't she be able to have it all? She doesn't want to settle for less than heart stopping, blood boiling love! Of course, hot sex wouldn't be too bad either!

When the stranger with the eyes as dark as her favorite M & M's comes into her store for a good cup of coffee, she just may have a shot at having all her dreams come true.

Daphne will help him solve the mystery of his inheritance, at the staggering sum of \$500 a day! No more knock off pumps for her! And Whiskers can have all the can tuna he wants!

But will Remy stay in Sea Crest and build a life with her if they do solve the puzzle? Or will he return to his life of high rises in the big city?

No one can deny the electricity between them. Or the hot, steamy sex they share. But will it be enough to build a life on?

I guarantee you will not want to leave Sea Crest or the beautiful Atlantic Ocean once you stop by to visit!

Stephanie Allen says

I received this book in exchange for a fair and honest review. This is the first book I have read by Christy Newton. She did not fail to please! You are introduced to one of the main characters, Daphne Pepper. She has everything that she could possibly need in her hometown on the island of Sand Crest. Little does she know, running into a hot rich guy named Remy one day in her grocery store, that her life was about to change. Each day both Remy and Daphne spend time with each other and their love grows. She battles with trust constantly and the fear of being left again. This is a very sweet and romantic book. You can't help but fall in love with the characters and their story. If you are looking for a story that will sweep you off your feet, then this one will do it. I was hooked from the moment I read the first sentence.

Debbie says

Another 5 star read by Author Christy Newton. I loved reading about Daphne and Remy. Watching as their relationship blossomed, wondering will they or won't they? The location was great, a small island in the Bahamas. I could see the blue skies and feel the ocean breezes as I read. Wonderful characters, a great story line. I would highly recommend this to all of Christy's fans. A great place to start if you are a first time reader of Ms. Newton's.

Toni says

Christy Newton you have done it again.* A Guide to Love is a romantic story that follows Remy, a millionaire forced to the island by the outcome of his grandfather's will, and Daphne, a happy pretty island girl, content with her life and her island home even though she don't have a love life. When sexy Remy

walks into the grocery store where she works, Remy feels a spark. When he offers her money to show him around the island, she's surprised but also very curious about it all. Shot down from a previous relationship, Remy isn't looking for love, but who knows what can happen with a city boy like Remy and island gal like Daphne. Will either one give in to each other and if so will either one want to leave their homes and cities? All the characters were wonderful done you can really warm up to them. I also love how Christy has just the right amount of sexy to the story and she has an amazing detail to describing her sceneries like you too are there. Recommend to anyone. Loved it Christy. Another hit for sure *****'s.

Beth says

I love all of Christy's stories but this is by far my favorite. At least until her next book! Daphne and Remy are perfect and I loved the scenery. You could clearly picture being there on the island with the characters. Once I started reading I didn't stop until I was finished!

This is fun-filled sweet romance set on an island, in the Bahamas. Daphne loves her family and her home and even gave up her chance for love to stay there. She lives an ordinary life filled with work, friends and family and a lovely cat. The humour in this story is there from the first page and you can't help but like Daphne's outlook on life. Island life is a lot like village life in the UK, everyone knows everyone's business and they look out for each other.

When Remy arrives on the island to fulfil his Grandfather's wishes and claim his inheritance, Remy and Daphne's attraction is instant and grows, when she becomes his island guide. The mystery of the letter keeps the two in close proximity and inevitably passion overtakes them. They say opposites attract and these two are opposite in many ways. A Guide to Love offers the chance of a happy ending and a mystery to solve, perfect escapism; an easy to read, light-hearted story perfect for couple of hours on the beach.

I received a copy of this book from the author in return for an honest review.

Christy Newton

Michelle says

Newton has done it again with this fast-paced novella about Daphne, a small town island girl who has been hurt in love in the past and doesn't want to be hurt again. Remy, a mega-rich city guy could have any girl he wants, but falls for Daphne and wants to make her fall in love with him so she'll leave her small island and join him in NY. It's too bad that Daphne loves her island, her family, and her life there... it's even worse that

she was already jilted once before by a guy who left her because she wouldn't leave the island. Is Remy the one guy who can get her to leave the island? Or will he discover that he loves the island, the exotic scents, and the girl who refuses to leave it, more than his penthouse in the sky?

Newton has created another fast-paced novella romance that is sure to please romance readers. This novella is a little steamier than her previous stories, which really brings out the passion and chemistry between Daphne and Remy. I could definitely see more novellas centered around this island and the people on it. Newton's style is unique and sweet, so if you are looking for a little intrigue with an emphasis on the romance and relationship in the story, definitely try one of her books!

BooksandBeyondFiftyShades says

Daphne has everything .Until she meets handsome Remy Rosetto who is on a mission to complete his grandfather's request, so he can earn his inheritance.

Remy hires Daphne to be his tour guide for an unheard of amount of money. She is more than happy to take his cash then send him away, which is fine with Remy, who wants to get back to his penthouse in New York.

Daphne loves her island and will not even think of leaving her family and friends, but as Remy falls for this island beauty he has other plans. Can they both find more than they ever wanted or are they too stubborn to compromise?

I just fell in love with the book. The book was well written with lots of fun banter and romance. Remy and Daphne's romance is sizzling. Christy does such a good job you can feel the heat between Remy and Daphne. A great balance within the characters relationship and their love Story. This kept me turning each page looking forward to the journey...

I would highly definitely recommend this book.

Rob says

Ms Newton has surpassed herself with this book. I would say this is the best book she has written to date and I think her books are just going to continue to get better and better as she gains more confidence in her writing. Slightly more sexy than previous books and the balance between telling the story and describing the surroundings has also improved. A bit over wordy on incidentals but certainly more controlled than in past books.

Daphne and Remy are two well written characters. That's one thing you can guarantee with this author, good characters. It's not graphic or smutty.

If you want a good old fashioned romance that makes you go ahhh at the end then I would recommend you read this book.
