A Time to Heal

Terri Grace

A Time to Heal Terri Grace

The only sister left when her three younger siblings escape from their grandparents' tyranny, Amber Freiser is forced into an engagement with a man she fears greatly. But what can she do?

Charles Worth has to marry before his twenty second birthday or else forfeit the vast inheritance his grandfather left him. When he learns about the remaining Freiser sister, he decides that he will travel to New York, rescue her and marry her.

A Time For Love is a beautiful series of stories that follow the journeys of five noble women and the honest man they finally find on the frontiers. Each book is also a delightful standalone with satisfying happy-ever-after.

Debbie says

Very good reading.

I loved how this picked up in the series and you get a chance to find out a little more about why the girls mother fell in love with their dad before he changed for worse. Hard to put down.

D'anah says

Good

A good rescue from 'hell' story. Encouraging us to hope when all hope seems lost, and to remind us we still have a responsibility to work at our relationships. Short but helpful.

Laura Trigg says

Good book

The story was good but I believe too short. Needed more body to it. Maybe show how they were in a little more time.

Phycilla Gable says

Excellent

This continues to be an ongoing sweet sweet story that you will not want to miss. Reading it out of sequence will destroy part of the joy of the .mystery of watching God's hand at work, though he sure you start with book 1 and follow through.

Norma says

Sweet and clean

This was a sweet and clean story but it was too short. I do enjoy this author's stories but wish this one had more story.

gary c lehn says**Great story.....**

I found the series of stories about a mother and her four daughters to be a fun and interesting series of stories. The author has done a wonderful job of telling the tale of their fate. Romance and suspense is only a small part of the journey to happiness lived by the five women.
