# Abandoned and Forgotten: An Orphan Girl's Tale of Survival During World War II

Evelyne Tannehill

**Abandoned and Forgotten: An Orphan Girl's Tale of Survival During World War II** Evelyne Tannehill  
Much has been written about World War II, but not often do we hear about the immeasurable suffering of the Germans who wanted no part of Hitler's regime. *Abandoned and Forgotten* is the memoir of a young girl growing up in the then-German province of East Prussia by the Baltic Sea. Orphaned at the age of nine and left to fend for herself in a hostile world, Evelyne Tannehill witnessed firsthand what happens when law and order break down and self-preservation becomes the only thing that matters. Her journey is a poignant example of how resilient the human spirit can be, even in the face of war's greatest horrors.

## **From Reader Review Abandoned and Forgotten: An Orphan Girl's Tale of Survival During World War II for online ebook**

### **Rita says**

A fascinating story of a young girl who comes of age during WWII in Prussia. It also tells of how everyone forgot about Prussia. When the Russians invaded Prussia during the end of WWII, they killed almost all of the Prussians and kicked them out of their own country.

---

### **Leigh says**

This is a very good book about Prussia during World War II. I liked the way she wrote and I was glad to learn so much about an area I didn't know about.

---

### **Sherry says**

Harsh and graphic story...that said...I couldn't put it down. Story of a family in Prussia in the early 1940s and all the upheaval and tragedy caused by war and Hitler's influence. It described how most people wanted to idolize and follow him...right up until it got ugly....told from the girl's point of view over many years...very interesting read!

---

### **Kathyg says**

Amazing story beginning with middle class German parents of five children sucked into the horrors of the Hitler war machine, leaving behind (because of their death) a nine year old daughter to face the brutal world alone who survives.

---

### **Chris says**

A great view of WWII from the German point of view. Horrifying.

---

### **Kathleen says**

Still another view point of the horrors of Hitler's atrocities. I had no idea of the unique suffering those of eastern Prussia endured. A story of relentless suffering and man's depravity. Not a happy read, but a "good to know" read...

---

**Lenita says**

This is a great story. I had not believed that the children in wartime were treated so terribly. IT is a wonder that any of them survived. I wished all today's children could read it to know how really good they have it! Thank you for this stirring account of your life. It answers a lot of questions I had.

---

**Jennifer Galbraith says**

This took me a while to get through but it's an absolutely amazing account that you normally don't get!

---

**Tom Johnson says**

my second reading - reaffirms my 5-stars.

---

**George says**

If you want an eye opening account of what it was like to live in German East Prussia during WW II and the Russian overrunning of the area and then the Poles moving in, this is the account to read.

This is an autobiography of a girl who is 9 at the end of the war and what she experienced first with her immediate family, then as an orphan moving among Polish families until being reunited with aunts in Germany three years later. It is a very moving account.

---

**Kate says**

Such a wonderful story teller, Evelyn tells of her experience during WWII in Germany from a perspective not often heard. Well worth the read if you enjoy history.

---

**cindy kreger says****Amazing**

well written and heartfelt. profound. An entirely different view of how the war affected Germans. I will never forget this story.

---

**Lesley says**

This was a very moving book. It opened my eyes to some aspects of WWII in Germany that I've never thought of before.

---

**Lee says**

The monologue at her mother's grave is a summary of life and a farewell bid to the past, very touching.

---

**Ilene says**

Riveting. Couldn't put it down. Another tale of horror and woe courtesy of the III Reich!!

---
