## **Believe** Emily Fuller

Seventeen-year-old Addisyn Parker is used to being different. From an early age, she's had the ability to see otherworldly creatures with shimmering skin and glowing irises that are completely imaginary to everyone else. Her sporadic hallucinations continually haunt her to no end.

Addisyn's life takes an unexpected turn when an absurdly handsome stranger, Drake Carpathia, reveals a sudden interest in her. Despite her best efforts in evading him, Drake's unwavering advances are not something that can be ignored. There's something different about him—an entrancing secret that Addisyn finds hard to resist. Unexplainable events start to unfold as Drake submerges her into a world full of possibilities that Addisyn thought only existed in myths and legends. Strange, paranormal events start happening around her, including frequent visits from one of the ethereal beings who seems hell-bent on stalking her. With all of the supernatural chaos, Addisyn literally has no option but to believe the impossible or risk living a life shrouded by insanity.
